2027 CareSource Prior Authorization List
CareSource® MyCare Ohio (HMO D-SNP)

Some health care services require your provider to get approval from CareSource before you can get the service. This is called prior authorization. We do this to make sure the care you get is appropriate and necessary. Your provider must get prior authorization for you to receive the services listed below. Emergency care does not need prior authorization.

CareSource works with certain doctors and providers to get you care. We call these in-network providers. To have your health care services covered by CareSource, you must go to an in-network provider. If your provider is not part of the CareSource network, you or the provider must get prior authorization or approval before you get any service, not just the ones listed below. If you don't do this, you may not get reimbursed. Exceptions include emergency services.

Services must meet the terms and conditions of your plan including, but not limited to, eligibility, medical necessity, coverage restrictions and benefit limitations.

The list is subject to change due to coverage, new codes and state requirements. For the most up-to-date information, please use the CareSource Procedure Lookup Tool.

Procedures and services	CODES
All Medical Inpatient Care – including Acute, Skilled Nursing Facility, Inpatient Rehabilitation/Therapy, Long term Respite Care, Inpatient Hospice.	All Inpatient services require PA; applicable inpatient/hospice codes: G0317, S5102, S5121, T1005, G0317

Healthcare-Administered Drugs

Some healthcare-administered drugs covered under the medical benefit require prior authorization. Providers should use the CareSource Procedure Lookup Tool to determine whether prior authorization is required for a specific drug or HCPCS code. Coverage requirements and applicable medical policies or prior authorization criteria can be found on **CareSource.com** under Provider Policies under Pharmacy.

2027 CareSource® MyCare Ohio (HMO D-SNP)
Prior Authorization List

Medicare Part D Prescription Drugs

The plan has a formulary or Drug List. It tells you which Part D prescription drugs are covered under the Part D benefit of the plan. The drugs on this list are selected by the plan with the help of a team of doctors and pharmacists. The list meets Medicare's requirements and has been approved by Medicare. For drugs that are not on the formulary, you, your authorized representative or provider can ask us for a formulary exception.

Some prescription drugs on our formulary have special rules or restrictions like prior authorization (PA), step therapy (ST) or quantity limits (QL). Special rules restrict how and when CareSource covers them. The same team of doctors and pharmacists developed these rules to encourage you and your provider to use drugs in the most effective way and are approved by Medicare.

You can look up drugs on our formulary or by using "Find My Prescriptions" online search tool. We tell you which drugs have restrictions, including:

- **Prior Authorization** (PA): For certain drugs, you or your provider need to get approval from the plan before we will agree to cover the drug for you.
- **Step therapy** (ST): This requirement encourages you to try less costly but usually just as effective drugs before the plan covers another drug. For example, if Drug A and Drug B treat the same medical condition and Drug A is less costly, the plan may require you to try Drug A first. If Drug A does not work for you, the plan will then cover Drug B.
- **Quantity Limits** (QL): For certain drugs, we limit how much of a drug you can get each time you fill your prescription. For example, if it is normally considered safe to take only one pill per day for a certain drug, we may limit coverage for your prescription to no more than one pill per day.

You can find the Medicare Part D formulary at this link: Drug Formulary - CareSource MyCare Ohio

Out-of-network/non-contracted providers are under no obligation to treat Plan members, except in emergency situations. Please call our customer service number or see your Evidence of Coverage for more information, including the cost-sharing that applies to out-of-network services.

2027 CareSource® MyCare Ohio (HMO D-SNP)
Prior Authorization List

CareSource is an HMO D-SNP with a Medicare and state Medicaid contract. Enrollment in CareSource depends on contract renewal.

This is not a complete list. The benefit information is a brief summary, not a complete description of benefits. For more information contact the plan or read the CareSource® MyCare Ohio (HMO D-SNP) Member Handbook.
