

Montgomery County Care

A Health Care Services Program for Uninsured Adults

January 2012

Montgomery County Care

Montgomery County Care is a health care services program that provides a cost-effective primary care medical home for eligible adults who live in Montgomery County. This is not an insurance program. The program is funded through the Montgomery County Human Services Levy.

The program assists eligible adults with their health care needs by providing basic primary care, selected outpatient services, and a limited, generic-based pharmacy benefit. It also provides certain insulin and diabetic supplies and selected asthma medications.

Who is eligible?

- Montgomery County residents who are uninsured, at least 19 but not yet 65, and who are U.S. citizens
- Individuals with household income below 200 percent FPL (Federal Poverty Level). Please see chart below.
- Individuals not eligible for Ohio Medicaid or SCHIP, or any other type of public assistance

Income Eligibility Guidelines				
Gross Monthly Income				
Family Size				
	1	2	3	4
200% FPL	\$1,815	\$2,452	\$3,089	\$3,725

Once an individual is found eligible for Montgomery County Care, health care benefits will be administered by CareSource, a managed care plan, through the Community Health Centers of Greater Dayton, Five Rivers Health Centers, other designated primary care providers and a network of specialty providers in Montgomery County.

If you have questions about Montgomery County Care, call CareSource at **1-877-892-7482**.

What do I have to pay for Montgomery County Care?

There are no annual premiums for individuals enrolled in the Montgomery County Care program. However, the program does require co-pays for some services and prescription drugs. The program has a total annual individual benefit limit of \$30,000.

Montgomery County Care Co-Pay Amounts

Office Visit.....	\$5
Specialty Care	\$10
X-Ray.....	\$5
Prescription Drugs	\$5
(\$2,000 annual pharmacy benefit limit)	

Serving our members is our top priority.

Health care coverage you can count on

Montgomery County is committed to the good health of its residents. As a Montgomery County Care member, you will be able to get basic primary care and preventive health care services.

Montgomery County Care covered services include:

- primary care office visits at Community Health Centers of Greater Dayton, Five Rivers Health Centers, or other designated primary care providers
- specialty care office visits with a referral from your primary care provider
- basic outpatient lab services through your primary care provider
- prescription drugs based on a generic, limited formulary, plus certain insulin and diabetic supplies and selected asthma medications

- X-ray services through the Victor J. Cassano Health Center
- case management
- 24-hour nurse advice line
- disease management for chronic conditions like diabetes and asthma
- Colonoscopies with a referral from your primary care provider
- A friendly customer service staff available to help you and answer your questions
- A 24-hour nurse advice line to call whenever you have a medical question
- Case Management Services — Nurses and outreach specialists who can work with you one-on-one to help coordinate your health care needs

Some services that are not covered under the Montgomery County Care program include:

- inpatient hospital stays
- emergency department and urgent care visits
- dental
- vision
- podiatry (except for diabetes care)
- chiropractic
- behavioral health (except as provided through the Community Health Centers of Greater Dayton)
- transportation
- ambulance service
- obstetrics

Please refer to the member handbook for a complete list of covered and non-covered services.

Prescription drug coverage

Covered services include some prescription drugs. Prescriptions for Montgomery County Care members are primarily filled with generic drugs and require a \$5 co-pay. The program also provides certain insulin and diabetic supplies and selected asthma medications. The program has an annual individual pharmacy benefit limit of \$2,000. A list of drugs that are covered in the Montgomery County Care program can be found on our website at www.montgomerycountycare.com.

We're here to help you

We know that your health care options can be confusing. That's why we are here to answer your questions. We are always ready to help you get the care you need to stay healthy. We offer:

Where you can go for care

When you enroll in Montgomery County Care, you will be assigned a physician, certified nurse practitioner, or facility where you will receive care. This will be your primary care medical home — a group of people who understand your health care needs, provide care, and refer you to a specialist if necessary. When you need health care, call the facility where you have been assigned to make an appointment:

Community Health Centers of Greater Dayton

Charles Drew Health Center
1323 West Third Street
Dayton, OH 45402
(937) 461-4336

Corwin Nixon Health Center
2351 Stanley Avenue
Dayton, OH 45404
(937) 228-0990

East Dayton Health Center
2132 East Third Street
Dayton, OH 45403
(937) 528-6850

Victor J. Cassano Health Center
165 Edwin Moses Blvd.
Dayton, OH 45402
(937) 558-0200

Five Rivers Health Centers

Family Health Center
2345 Philadelphia Drive
Dayton, OH 45406-1816
(937) 734-4141

Medical Surgical Health Center
725 S Ludlow St
Dayton, OH 45402-2610
(937) 208-8814

When you join Montgomery County Care, you will receive a member ID card. Please show your ID card when you arrive at the health care provider's office. Remember — you must receive all covered health care services from the facilities listed above, or from an in-network specialty provider. Members must receive care through the facility to which they are assigned.
