

CareSource Quick Reference Guide for Ordering Physicians

Effective July 1, 2009

CareSource has partnered with National Imaging Associates, Inc. (NIA) to provide radiology benefit management services. NIA will provide utilization management services for non-emergent, outpatient MR, CT, and PET imaging procedures. NIA will manage the provider network and the prior authorization process for non-emergent, advanced imaging services rendered to CareSource members.

The ordering physician is responsible for obtaining a prior authorization for advanced radiology services. It is the responsibility of the rendering facility to ensure that prior authorization was obtained. As the ordering physician of advanced diagnostic services, it is essential that you develop a process to ensure that the appropriate authorization number(s) has been obtained. Payment will be denied for procedures performed without a necessary authorization, and the member cannot be balance-billed for such procedures.

Advanced Radiology Services Requiring Prior Authorization

- CT/CTA Scan
- MRI/MRA
- PET Scan

*A separate authorization number is required for each procedure ordered.

The following services do not require authorization:

- Inpatient advanced radiology services
- Observation setting advanced radiology services
- Emergency Room radiology services

If an emergent clinical situation exists outside of a hospital emergency room, you should proceed with the examination and call the next business day to proceed with the normal review process. The number to call to obtain a prior authorization is 1-800-488-0134, and then select the option for advanced radiology prior authorization.

Prior Authorization Process

There are two ways to obtain authorizations -- either through NIA's Web site at www.RadMD.com or by calling 1-800-488-0134, and then select the option for advanced radiology prior authorization.

Information Needed to Obtain Prior Authorization

To expedite the prior authorization process, please have the following information ready before logging into NIA's Web site or calling the NIA Utilization Management staff. (*Information is required.)

- Name and office phone number of ordering physician*
- Member name and ID number*
- Requested examination*
- Name of provider office or facility where the service will be performed*
- Anticipated date of service (if known)

Information Needed to Obtain Prior Authorization (con't.)

- Details justifying examination:*
 - Symptoms and their duration
 - Physical exam findings
 - Conservative treatment patient has already completed (e.g., physical therapy, chiropractic or osteopathic manipulation, hot pads, massage, ice packs, medications)
 - Preliminary procedures already completed (e.g., x-rays, CTs, lab work, ultrasound, scoped procedures, referrals to specialist, specialist evaluation)
 - Reason the study is being requested (e.g., further evaluation, rule out a disorder)
- Please be prepared to fax the following information, if requested:
 - Clinical notes
 - X-ray reports
 - Previous CT/MRI reports
 - Specialist reports/evaluation
 - Ultrasound reports

Web Site Access

- It is the responsibility of the **physician ordering the imaging examination** to access NIA's Web site or call for prior authorization. Patient symptoms, past clinical history and prior treatment information will be required and should be available at the time of the contact.
- Web site hours of operation are Sunday through Friday, 5:00 a.m. to 12:00 a.m. EST and Saturday 8:00 a.m. to 1:00 p.m. EST. You can obtain prior authorizations through NIA's Web site at www.RadMD.com. To begin, you will need to obtain your own unique user name and password for each individual user in your office. Simply go to www.RadMD.com, click on the New User button and complete the application form.
- If requesting authorizations through NIA's Web site and your request is pended, you will receive a tracking number and NIA will contact you to complete the process.
- The NIA Web site cannot be used for retrospective or expedited authorization requests. Those requests must be processed by calling 1-800-488-0134.

**Access Provider Self-service at:
www.RadMD.com**

Telephone Access

- Call center hours of operation are Monday through Friday, 8:00 a.m. to 8:00 p.m. EST. You may obtain a prior authorization by calling 1-800-488-0134, and then select the option for advanced radiology prior authorization.
- NIA can accept multiple requests during one phone call.

Important Notes

- Authorizations are valid for 60 days from the date of final determination.
- The NIA authorization number consists of eight or nine characters. In some cases, you may instead receive an NIA tracking number (not the same as an authorization number) if your authorization request is not approved at the time of initial contact. You can use either number to track the status of their request on the RadMD Web site or via our Interactive Voice Response telephone system.
- For prior authorization complaints/appeals, please follow the instructions on your denial letter.
- NIA's Clinical Guidelines can be found on NIA's Web site, www.RadMD.com under Online Tools/Clinical Guidelines. NIA's guidelines for the use of imaging examinations have been developed from practice experience, literature reviews, specialty criteria sets and empirical data.
- An authorization number is not a guarantee of payment.
