Explanation of Terms

Demographic Information

Office Locations

Self-explanatory.

Name

Self-explanatory.

Practice Name, if applicable

These are medical groups of which this physician has a working relationship or association with. These groups are generally of the same or similar practice specialties. This information is updated by the health plan at the time of the credentialing/re-credentialing process and when the physician notifies the health plan of any changes.

Specialty

This is any specific area of medicine in which a physician may focus their practice. This is an area of medicine the physician has had focused training. The information is collected through the provider attestation during the credentialing/re-credentialing process and at the time of any change in the physician's professional standing.

Key Information

Gender

Self-explanatory.

Provider Secondary Language

This refers to the languages other than English this physician or his/her clinical staff can speak and communicate to those needing medical care. This information is voluntarily provided to the health plan by the physician at the time of credentialing/re-credentialing process and at any time the physician notifies the health plan of any changes.

Board Certification

This medical specialty certification indicates that this physician has received recognition for his/her expertise in a particular specialty or subspecialty of medical practice, achieved through a voluntary and rigorous process of testing and peer evaluation. Board certifications, when first offered, did not have an expiration date; however, recognizing the changing pace of medical knowledge recertification is now required to maintain recognition. This information is updated by the health plan at the time of the credentialing/re-credentialing process and through monthly reviews to define current changes. This information can also currently be viewed at www.boardcertifiedocs.com.*

Acceptance of New Patients

This means that this physician is able to receive new patients into his/her practice. This status is reported to the health plan directly from the physician and is validated by the health plan at the time of the credentialing/re-credentialing process.

Hospital Affiliations

These are hospitals where this physician has privileges (where he/she has the hospital's permission to utilize the facility to care for his/her patients). This information is updated by the health plan at the time of the credentialing/re-credentialing process and when the physician notifies the health plan of any changes.

A physician's affiliation with a hospital does not guarantee the hospital is participating provider in your plan's provider network. Please confirm your desired hospital is in-network by calling the Member Services number on the back of your member ID card or searching our website for participating hospitals in your plan.

*BoardCertifiedDocs has been designated by the ABMS as an Official Display Agent and provides this primary source data on the organization's behalf. The ABMS has been designated a primary source of board certification information by the Joint Commission for Accreditation of Healthcare Organizations (JCAHO), the National Committee for Quality Assurance (NCQA) and URAC. (The ABMS website information is updated monthly)

English: We have free interpreter services to answer any questions you may have about our health or drug plan. To get an interpreter, just call us at **1-833-230-2053**. Someone who speaks English/Language can help you. This is a free service.

Spanish: Tenemos servicios de intérprete sin costo alguno para responder cualquier pregunta que pueda tener sobre nuestro plan de salud o medicamentos. Para hablar con un intérprete, por favor llame al 1-833-230-2053. Alguien que hable español le podrá ayudar. Este es un servicio gratuito.
