Section 1 – Introduction

This is a list of HAP CareSource network providers. For full details about your coverage, see your member handbook and/or certificate of coverage.

- You have to choose one of our network providers in the list to be your **Primary Care Provider (PCP)**.
 - A **Primary Care Provider** is a doctor who gives you routine health care. Your PCP will get to know you, your medical history and your health needs.
 - To choose a PCP, go to the list of providers and choose one:
 - you use now, or
 - recommended by someone you trust, or
 - whose offices are close to you.
 - If you want help, call us at **1-833-230-2053** or TTY: 711 or go to **HAPCareSource.com**. We can be reached 24 hours a day, 7 days a week.
 - If you want to know if we will pay for any service or care, call us before you seek service or care. You can also review your Member Handbook at **HAPCareSource.com**.

Network Providers

- “**Network providers**” have agreed to provide you with your health care services. You may go to any network providers listed. Some services **may** need a referral or prior authorization (PA) before they are covered.
- If you have been going to one network provider, you do not have to keep going to only that provider. You **may** get covered services from any network provider.
- You must use network providers for routine services. Except in emergency or urgent care situations or out of area renal dialysis, HAP CareSource will not cover the costs of routine services from non-network providers.
 - If you want to know if we will pay for a service or treatment from a provider, ask us before you receive the care.
 - Exceptions are available for urgent or emergency care or dialysis when you can't get to a network provider.

This information is current as of January 02, 2024. If you have questions, call HAP CareSource at **1-833-230-2053** (TTY: 711). The call is free. We're available 24 hours a day, seven days a week. For more information, go to **HAPCareSource.com**.

- If you **MUST** receive routine services or treatment from a non-network provider, you or the provider must submit a prior authorization to ask HAP CareSource to grant an exception. HAP CareSource will not cover the costs, and you may be charged by the provider.

Emergency Services

- If you have a life-threatening emergency, go to the closest hospital or call 911. You are covered for emergency services in Michigan. You do not need a referral or prior authorization for emergency care.
- If you are away from home or out-of-state and have an emergency, go to the closest hospital. HAP CareSource will cover emergency care. All other out-of-area care needs authorization from HAP CareSource.
- HAP CareSource does not cover medical services outside the U.S.
- If you get sick away from home or out-of-state but it is not severe enough to go to the hospital, call your PCP. You need a referral for non-emergency services when you are away from home or out-of-state. If you do not get a referral or prior authorization, you may have to pay.

How do you find HAP CareSource providers in your area?

HAP CareSource providers can be found on the following pages. Contracted providers and facilities are listed alphabetically based upon:

- the provider type
- the provider's specialty
- the county where the provider or facility is located

To find a network provider, follow these steps:

1. Identify "Provider Type" (PCPs, Specialists, Hospital/Urgent Care, Skilled Nursing Facilities, Behavioral Health, Other Facilities/Services, Pharmacy);
2. Search and find "Provider Type" (Advanced Practice Registered Nurse, Family Practice, Internal Medicine, etc);
3. Search and find a provider by "Provider Name" (in alphabetical order).

This information is current as of January 02, 2024. If you have questions, call HAP CareSource at **1-833-230-2053** (TTY: 711). The call is free. We're available 24 hours a day, seven days a week. For more information, go to **HAPCareSource.com**.
