## Section 1 – Introduction

This directory provides a list of CareSource Dual Advantage's network providers.

You will have to choose one of our network providers listed in this directory to be your **P**rimary **C**are **P**rovider (PCP). Generally, you must get your health care services from your PCP. Your PCP will also coordinate the rest of the covered services you get as a member of our plan.

The network providers listed in this directory have agreed to provide you with your health care, vision and dental services. You may go to any of our network providers listed in this directory. While referrals are not required, we encourage you to coordinate any services with your provider. You can always choose a different network provider. You don't have to keep going to the same one. There are some cases where you may get covered services from non-network providers. Please refer to your Evidence of Coverage (EOC) or Summary of Benefits for additional details. If a non-network provider asks you to pay for covered services, please call Member Services at **1-833-230-2020**. TTY users should call **1-833-711-4711 or 711**.

You may also send the bill(s) or claim with supporting information that explains the situation to:

CareSource Attn: Claims Department
P.O. Box 8730
Dayton, OH 45401-8730

You can use our online search tool, ***Find a Doctor/Provider*** to find out if your doctor is in our network. Under the Members tab, click the Find a Doctor/Provider tool. Then click on Get Started and fill out your location. On the Choose Plans page, scroll down to select ***Georgia***. Under ***Medicare***, select ***Dual Special Needs***. You can filter provider results further on the ***Choose Filters*** page or continue to see the full list. If you use providers that are not in our network, the plan may not pay for these services.

In an emergency, you can get care immediately. You do not have to contact your PCP or get prior authorization in an emergency. You can dial 9-1-1 for immediate help by phone, or go directly to the nearest emergency room, hospital or urgent care center.

You must use network providers except in emergency or urgent care situations or for out-of-area renal dialysis or other services. If you obtain routine care from out-of-network providers, neither Medicare nor CareSource Dual Advantage will be responsible for the costs.

## Telehealth Provider Visits and Teladoc

Your PCP may offer telehealth services via telephone or computer. Providers that offer telehealth services are noted in this directory when known. Please check with your provider for available options and details.

Telehealth is a convenient option for care, and it may lower your chance of being exposed to other illnesses. Using telehealth services may provide you with prompt medical support that can prevent your condition from worsening.

You can use telehealth for many common illnesses and follow-up appointments, such as medication follow-ups, sinus infections, allergies, rashes and more. Your provider can tell you if an in-person visit is needed or if you can have a telehealth visit.

If your provider doesn't offer telehealth, or has limited hours, you may use Teladoc® to speak to a board-certified provider anywhere, anytime. Use Teladoc for many general health problems and behavioral health needs, like:

### General Health

Talk to a provider 24/7. Use for non-emergency health care needs like:

- Cold and flu
- Sore throat
- Sinuses
- Allergies
- Pink eye
- Ear infections
- Urinary tract infections
- Rash
- Skin conditions
- And more

### Behavioral Health*

Talk to a therapist or prescriber seven days a week, 7 a.m. to 9 p.m.

- Anxiety
- Depression
- Stress
- Substance use
- Trauma
- Relationship issues
- And more

**Age restrictions apply.*

**Connecting with Teladoc is easy.**

- Visit www.Teladoc.com/CareSource.
- Call 1-800-TELADOC (835-2362).
- Access from the CareSource mobile app.
- Referral and direct connection from CareSource24®.
- Download the Teladoc app from your smartphone.

Have your CareSource member ID number ready when you call. You will need to answer a few questions about the reason for your call. A doctor will contact you, usually within 10 minutes or less.

**Note:** Teladoc should not be used for trauma, chest pain, shortness of breath or the prescribing of DEA (Drug Enforcement Agency) controlled substances.
