HAP CareSource™

Pharmacy Directory

Introduction

This booklet provides a list of HAP CareSource's network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the Member Handbook and HAP CareSource's preferred drug list, also known as a formulary.

We call the pharmacies on this list our "network pharmacies" because we have made arrangements with them to provide prescription drugs to Plan members. In most cases, your prescriptions are covered by HAP CareSource only if they are filled at a network pharmacy. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription but can switch to any network pharmacy. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your Member Handbook.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed.

HAP CareSource Network Pharmacies

To find a network pharmacy, follow these steps:

1. Identify "Pharmacy Type" (Retail, Home Infusion, Long Term Care, I/T/U);
2. Search and find "Pharmacy Type" section;
3. Search and find a pharmacy by "Pharmacy Name" (in alphabetical order).

Sample Formatting:

Pharmacy Name •
123 Address
City, MI Zip

Mail Order Pharmacies

You can get prescription drugs shipped to your home through a network mail order pharmacy. You should work with the pharmacy to fill your medication scripts and schedule delivery.

If you are out of medication and waiting on a delivery, we may be able to help you get a temporary supply of medication filled at a local pharmacy so you don't go without your treatment. Contact the Member Services for help.

Residents of a long-term care facility may access their prescription drugs covered under their plan through the facility's long-term care pharmacy or another network long-term care pharmacy.

Long-term care pharmacies are pharmacies that we have contracted with to provide dispensing of prescription drugs to long-term care residents in a long-term care facility. On the following pages, you will find listed our long-term care pharmacies. If you do not find your long-term care pharmacy listed, you may contact Member Services to learn more.

Listing Terms

Acceptance of New Patients*: The doctor is able to receive new patients into their practice.

Board Certification*: The doctor has received recognition for their expertise in a particular specialty or subspecialty of medical practice. This is achieved through a voluntary and rigorous process of testing and peer evaluation. Recertification is required to maintain recognition. This information can also currently be viewed at www.boardcertifiedocs.com.†

Hospital Affiliations*: Hospital locations a doctor has privileges (approval to use the facility for patient care). A doctor being a part of a hospital doesn't mean the hospital is part of the HAP CareSource network. Please confirm the hospital is in-network by calling the Member Services. You can also visit **findadoctor.CareSource.com** to find one near you.

Gender: What the doctor identifies as.

Language*: The language(s) the doctor and/or their staff can speak and communicate to those needing medical care.

Medical Groups*: Groups related to the doctor. They often have similar specialties.

Name: The doctor's name

Office Locations: Where you can go for your visit.

Practice Location Name: The name of the doctor's group, if there is one.

Specialty: The area of medicine that the doctor has special training in. The information is collected through the provider attestation during the credentialing/re-credentialing process and at the time of any change in the physician's professional standing.

*This information is voluntarily provided to the health plan by the physician at the time of credentialing/re-credentialing process and at any time the physician notifies the health plan of any changes.

† BoardCertifiedDocs has been designated by the ABMS as an Official Display Agent and provides this primary source data on the organization's behalf. The ABMS has been designated a primary source of board certification information by the Joint Commission for Accreditation of Healthcare Organizations (JCAHO), the National Committee for Quality Assurance (NCQA) and URAC. (The ABMS website information is updated monthly.)
