Re: Summary of PDL Changes Effective June 1, 2023

Dear CareSource Member:

Your health care is our priority. That is why we are writing to tell you that on June 1, 2023, CareSource will change its Preferred Drug List (PDL). A PDL is a list of preferred drugs.

THE FOLLOWING MEDICINE WILL BE PREFERRED ON THE PDL EFFECTIVE JUNE 1. 2023.

Brand Name	Generic Name	Dose(s)	Notes (If Applicable)
Amjevita auto-injector	Adalummab	40mg/0.8mL	 Certain Amjevita40mg/0.8mL products will move to preferred with prior authorization (PA) required. Humira 40mg/0.8mL will require use of Amjevita40mg/0.8mL in most cases. If you have a current PA for Humira, you can continue Humira until your PA expires.

THE FOLLOWING MEDICINE WILL BE NON-PREFERRED ON THE PDL EFFECTIVE JUNE 1, 2023.

Brand Name	Generic Name	Dose(s)	Notes (If Applicable)
Cimzia	Certdizumab pegol	All	If you are currently
syringe kit, vial			receiving Cimzia, you will
			not be required to switch to
			a different product at this
			time

What should you do?

First, talk to your health care provider. If needed, your prescriber can submit a prior authorization for a drug that is being removed from the PDL if you need to remain on the drug for medical necessity. There may be many other medicines on the CareSource PDL that you can take instead. There are a few ways you and your prescriber can find medicines:

- You can look on our website at CareSource.com. On the Members page, go to Tools & Resources and click on "Find My Prescriptions."
- Or, call our Member Services Department at 1-855-202-0729 (TTY: 1-800-255-0056 or 711).

We are here to help you. The CareSource Member Services Department is open Monday through Friday, 7 a.m. to 7 p.m.

Sincerely,

CareSource RX Innovations
