Subject: Notification of Claim Adjustments for Certain Edit Codes
Effective Date: November 1, 2017

Effective Nov. 1, 2017, CareSource updated our clinical editing software. However, the upgrade contained an error for the edit codes listed below. From the dates of Oct. 1, 2017, to Nov. 1, 2017, the system was not accurately processing and reimbursing for the below codes.

Impacted codes

- W60
- W61
- W64
- W65
- W66
- W70
- Z32

Next steps

CareSource is adjusting and reimbursing for impacted claims that were processed from Oct. 1, 2017, to Nov. 1, 2017. **Please do not resubmit any claims at this time.** For claims processed inaccurately, health partners will see the following on their remittance advice:

- M64 – Missing/incomplete/invalid other diagnosis.
- M51 – Missing/incomplete/invalid procedure code(s).
- M15 – Separately billed services/tests have been bundled as they are considered components of the same procedure. Separate payment is not allowed.

Please contact Health Partner Services with any questions.
