**Notice Date:** November 10, 2023  
**To:** CareSource PASSE CCSP, Behavioral Health Community-Based Outpatient Providers  
**From:** CareSource PASSE Service Determinations  
**Subject:** Notice of Benefit Change for H2017 Adult Rehabilitative Day Services

---

## **Summary**

Effective Jan. 1, 2024, the configured benefit limit for Adult Rehabilitative Day Services will change from 240 units per quarter to 960 units annually before requiring a prior authorization.

This change applies only to Adult Rehabilitative Day Service codes to include: H2017 when billed with modifiers UB+U4, UA+U4 for members ages 18+.

The CareSource PASSE [Procedure Code Lookup Tool](#) and [prior authorization](#) forms have been updated to be reflect the new benefit package.

## **Impact & Importance**

CareSource PASSE believes the change in the benefit package to annual will be easier for providers to manage. Providers can request an authorization, if exceeding 960 units during the calendar year.
