Notice Date: February 22, 2023
To: Ohio Medicaid Providers
From: CareSource
Subject: CareSource and AbsoluteCare Partner to Improve Health Outcomes

Summary

CareSource is pleased to announce our partnership with AbsoluteCare. This partnership will facilitate better outcomes for targeted members in Franklin and Cuyahoga counties that have behavioral health, substance use, and chronic health conditions. AbsoluteCare will **complement and support** your practice through a comprehensive provider engagement program.

Impact

AbsoluteCare provides whole-person, integrated, wrap-around services to patients with complex medical conditions through their comprehensive model. We believe some of your patients, our members, will benefit from AbsoluteCare's services, which are aimed at improving outcomes.

AbsoluteCare's services may include:

- Primary care
- Chronic disease management
- Care management
- Same-day visits, with the capabilities to treat mild to moderate acute exacerbations (e.g., IV fluids, antibiotics (PO/IV), insulin (SQ/IV), diuretics (PO/IV), steroids (PO/IV), nebulizers)
- Laboratory, X-ray, and infusion services
- Transitional care management and discharge planning (working in hospitals)
- Post-acute follow-up visits
- Substance use treatment
- Psychiatry and behavioral health counseling
- Home-visit programs—clinical and care management
- Community Health Worker outreach services
- Interventions for social determinants of health (SDoH)
- An on-site pharmacy, medication therapy management (MTM), and home delivery
- Transportation

If you have any questions, please contact CareSource's Provider Services at **1-800-488-0134**. We are available Monday through Friday, 8 a.m. to 6 p.m. Eastern Time (ET).
