---

CareSource is pleased to be offering CareSource Just4Me™, a qualified health plan in the Health Insurance Marketplace. We will be participating in 30 counties in six metropolitan areas: Akron, Cincinnati, Cleveland, Columbus, Dayton and Toledo.

CareSource Just4Me members become active members on January 1, 2014. The CareSource Just4Me plan is a little different than our existing Medicaid and Medicare products. Accordingly, providers will work with CareSource a bit differently. We have created the following resources on CareSource.com to help prepare providers for CareSource Just4Me questions and to begin caring for these members on January 1, 2014:

- Providers can either listen to a recorded presentation by a CareSource representative, or can access a PDF of the presentation. The presentations are available [here](#).
- Providers can also review the [2014 CareSource Just4Me Provider Manual](#) for more details on working with CareSource for Just4Me and caring for these members.

As part of the launch of CareSource Just4Me, we have made some changes to our Ohio Provider website.

- You can access information about our Medicaid, CareSource Advantage® (HMO SNP), and Montgomery County Care plans by going to CareSource.com, clicking on “Provider”, then “Ohio”, then [“Ohio Providers”](#).
- CareSource Just4Me information can be found by following the same path and clicking [“CareSource Just4Me™”](#).

If you have any questions, please call your Provider Relations Representative. You can access a list of designated representatives by going [here](#).
