Subject: Change in Behavioral Health Clinical Guidelines

CareSource adopts evidence-based clinical practice guidelines from federal and medical professional organizations. We endorse the use of these treatment protocols by providers for the management of a variety of conditions. The behavioral guidelines were updated recently.

All guidelines are reviewed and updated, as needed, at least every two years. To access our entire set of clinical and preventive care guidelines, as well as recently updated and newly added guidelines, visit our website under “Health Care Links.”
