Subject: CMS Offers Video and Quick Start Guide for ICD-10 Transition

The Centers for Medicare & Medicaid Services (CMS) developed a video and quick start guide in response to common misperceptions about the International Classification of Diseases, 10th Revision (ICD-10) code set. Both are helpful to Humana – CareSource physicians as they transition their practices to ICD-10 codes on Oct. 1, 2015.

The video is an animated short that features information on how to manage the transition and a countdown with 10 facts about the new code set. Physicians and practice office staff can watch the video at <https://www.youtube.com/watch?v=PXZ3XOYYyn4&feature=youtu.be>.

The quick start guide offers a checklist approach preparing your office for the transition to ICD-10. The guide includes links to valuable resources, including:

- ICD-10 codes
- Instructions to incorporate clearinghouses in the transition
- Staff training
- How to test and verify systems in advance of ICD-10

View the quick start guide at <http://www.cms.gov/Medicare/Coding/ICD10/Downloads/ICD10QuickStartGuide20150622.pdf>.

For additional resources, please visit the ICD-10 resource center on our provider portal at <https://www.caresource.com/providers/kentucky/medicaid/claims-information/icd-10/>.
