Subject: CMS “Road to 10” offers tips to prepare for ICD-10

Major changes are just weeks away for the health care industry as physicians prepare to implement the International Classification of Diseases, 10th Revision, code set, also known as ICD-10. Humana – CareSource wants you to have the information you need to get your practice ready to use the new codes.

The Centers for Medicare & Medicaid Services (CMS) developed a special Web page, [Road to 10](#). We hope you find the resources offered to be helpful as you and your team get ready for the start of ICD-10 on Oct. 1, 2015.

In addition, you will find information and resources on the [Kentucky Department for Medicaid Services \(KDMS\) resource page](#). Look for information on topics such as:

- Compliance date (**Oct. 1, 2015**)
- Testing information
- Articles about ICD-10
- Educational offerings

Humana – CareSource also produced a Web-based seminar on ICD-10 preparation and transition. You can find it in [our online ICD-10 Resource Center](#).

For questions regarding ICD-10, please contact your health partner representative or our health partner services staff at 1-855-852-7005. Hours of operation are Monday through Friday, 8 a.m. to 5 p.m. Eastern time.
