## Who is CareSource®?

CareSource is a nonprofit organization that has been meeting the needs of health care consumers for over 27 years. We are a community-based Medicaid Managed Care Organization (MCO) serving more than 1.2 million Ohio Medicaid members.

## What is the Community Transition Program?

The Community Transition Program (CTP) is offered by CareSource in partnership with the Ohio Department of Mental Health and Addiction Services (OhioMHAS). The CTP program offers you a transitional benefit meant to provide you resources in your community to assist with housing, work, transportation, and recovery supports as you transition home. Also the program helps make sure you have a plan for the future and will support you in achieving your goals.

## Recovery Services for You

Every person has different needs. Our mission is to help personalize your transition back into the community so you can begin a new chapter at home.

### Employment Services, Job Training, and Education

These activities are directed toward improving and maintaining employment and education. Services include skills assessment and development, job coaching, career exploration, job shadowing, resume writing, interviewing skills, and tips for retaining a job. Education services include academic counseling, assistance with academic and financial applications, and aptitude and achievement testing to assist in planning services and support.

### Peer Recovery Supporter

Mutual assistance in promoting recovery may be offered by other individuals who have experienced similar substance abuse challenges. Mentoring and coaching may include assistance from a professional who provides counseling and/or spiritual support, friendship, reinforcement, and constructive example. Mentoring also includes peer mentoring which refers to services that support recovery and are designed and delivered by peers—people who have shared the experiences of addiction recovery.

### Transportation

Commuting services are provided to clients who are engaged in treatment- and/or recovery support-related appointments and activities and who have no other means of obtaining transportation. Forms of transportation services may include public transportation or a licensed and insured driver who is affiliated with an eligible program provider.

### Life Skills

Life skills services address activities of daily living, such as budgeting, time management, interpersonal relations, household management, anger management, family engagement, parenting, marriage counseling, and other issues.

### Relapse Prevention/ Recovery Checkups

These services include a client's current stage of recovery and establishing a recovery plan to identify and manage the relapse warning signs.

### Spiritual Support

These services assist an individual or group to develop spiritually. Activities might include, but are not limited to, establishing or reestablishing a relationship with a higher power, acquiring skills needed to cope with life-changing incidents, adopting positive values or principles, identifying a sense of purpose and mission for one's life, and achieving serenity and peace of mind. Faith-based services include those provided to clients and using spiritual resources designed to help persons in recovery to integrate better their faith and recovery.

### Identification Fund

Assistance with obtaining necessary identification that includes, but is not limited to: birth certificate, state ID, Social Security card.

### Other Non-Clinical Supports

Supports, as determined necessary, to assist individuals obtain appropriate attire for job interviews, and necessary personal items to ensure proper hygiene for job seeking and employment.
