- bupropion, mirtazapine, trazodone

Antipsychotics

- risperidone, paliperidone (QL), quetiapine (QL), aripiprazole (QL), olanzapine (QL), ziprasidone (QL), lithium

ADHD Agents

- amphetamine/dextroamphetamine (QL), dexamethylphenidate (QL), methylphenidate (QL),
- amphetamine/dextroamphetamine XR (QL), methylphenidate ER (QL),
- clonidine ER (QL), guanfacine ER (QL), atomoxetine (QL)

Acute Care

Antibiotics

- amoxicillin/clavulanate, azithromycin, cephalexin, sulfamethoxazole/trimethoprim

Antifungals

- fluconazole, ketoconazole, voriconazole (PA), terbinafine (QL), clotrimazole, ciclopirox, nystatin

Antivirals

- acyclovir, valacyclovir

Steroids

- prednisone, methylprednisolone, prednisolone, dexamethasone

Gastrointestinal

Antiemetics

- ondansetron, promethazine, metoclopramide

PPIs

- omeprazole (OTC; QL), pantoprazole (QL), lansoprazole (OTC; QL), esomeprazole (OTC)

H2RAs

- famotidine tablets (OTC), famotidine suspension (PA required for age 12 years and older), cimetidine (OTC), ranitidine (OTC)

Genitourinary

Prostate

- doxazosin, alfuzosin, terazosin, finasteride, tamsulosin

Antispasmodics

- oxybutynin, tolterodine

Miscellaneous

- bethanechol, phenazopyridine, Elmiron®, potassium citrate

Anti-Allergy

Antihistamines

- levocetirizine (OTC), cetirizine (OTC), diphenhydramine (OTC), hydroxyzine

Intranasal Agents

- fluticasone (OTC), budesonide (OTC), azelastine-fluticasone

Based on the formulary as of **10/1/2021**. Unless otherwise noted, drugs listed on this sheet are preferred agents on CareSource's Georgia Families or P4HB formulary. As noted above, some drugs (or groups of drugs) may be subject to additional quantity limits, may be available over-the-counter (OTC), or may require trial of another agent(s). For the complete, up-to-date preferred drug list, visit www.caresource.com. Click on Providers > Georgia Medicaid > Tools & Resources > Drug Formulary > Preferred Drug List
