**Notice Date:** July 6, 2023  
**To:** Georgia Medicaid Providers  
**From:** CareSource  
**Subject:** Incentive Limit for Social Determinants of Health Screening in Quality Enhancer Program

## Summary

The Social Determinants of Health (SDOH) Screening is an incentive in the Quality Enhancer Program and is available to all providers. This incentive will reimburse \$10.00/occurrence, **with a maximum of four times per year per member**, as CareSource recognizes the changes that may occur in a member's environment.

## Impact

Healthcare Common Procedure Coding System (HCPCS) codes G9919 and G9920 are non-covered codes. However, CareSource wants to recognize providers for rendering this service with a maximum of four times per year, per member. CareSource will not pay the incentive after the member has reached this incentive limit.

Measure	Qualifying Service CPT	Trigger Code	Modifier	Reimbursement
Social Determinants of Health Screening	G9920, G9919	99429	YF	\$10.00/occurrence

- **G9919-Screening performed and positive and provision of recommendations**
- **G9920-Screening performed and negative**

## Importance

The SDOH Screening is an important tool for providers in identifying a member's social needs.
