

Network Notification

Notice Date: April 3, 2020
To: Georgia Medicaid Providers
From: CareSource
Subject: Pregnancy-Related Services Aid Category

Summary

On behalf of the Department of Community Health, CareSource would like to remind Obstetrics (OB) providers that Medicaid eligible pregnant women should receive pregnancy-related services, regardless of their Medicaid aid category, Low Income Medicaid (104), Transitional Medicaid (170), SSI Medicaid (300s), PeachCare for Kids (700s), and so on.

In addition, all Medicaid-eligible pregnant women are eligible for dental benefits and are exempt from copayments.

Medicaid eligible pregnant women should not be sent to the Division of Family Children Services (DFCS) to change their current Medicaid aid category to Pregnant Women Medicaid. Providers should not call DFCS with claims issues.

All providers should verify their claim was coded and submitted correctly.

Questions?

Any questions and/or assistance needed with pregnancy-related claims should be directed to the DXC Provider Contact Center at **1-800-766-4456** and/or CareSource Provider Services at **1-855-202-1058**.
