Notice Date: February 1, 2021
To: Georgia Medicaid Providers
From: CareSource
Subject: HIPAA Exchange of Information

Summary

Please see below the guidance regarding the Health Insurance Portability and Accountability Act (HIPAA) permitted uses and disclosures. Please note the message is from the U.S. Office of Civil Rights description of HIPAA for which they are the enforcement agency but please consult your in-house HIPAA compliance officer.

Permitted Uses and Disclosures. A covered entity is permitted, but not required, to use and disclose protected health information, without an individual's authorization, for the following purposes or situations: (1) To the Individual (unless required for access or accounting of disclosures); (2) Treatment, Payment, and Health Care Operations; (3) Opportunity to Agree or Object; (4) Incident to an otherwise permitted use and disclosure; (5) Public Interest and Benefit Activities; and (6) Limited Data Set for the purposes of research, public health or health care operations.¹⁸ Covered entities may rely on professional ethics and best judgments in deciding which of these permissive uses and disclosures to make.

Treatment, Payment, Health Care Operations. A covered entity may use and disclose protected health information for its own treatment, payment, and health care operations activities.¹⁹ A covered entity also may disclose protected health information for the treatment activities of any health care provider, the payment activities of another covered entity and of any health care provider, or the health care operations of another covered entity involving either quality or competency assurance activities or fraud and abuse detection and compliance activities, if both covered entities have or had a relationship with the individual and the protected health information pertains to the relationship. See additional guidance on [Treatment, Payment, & Health Care Operations](#).

Treatment is the provision, coordination, or management of health care and related services for an individual by one or more health care providers, including consultation between providers regarding a patient and referral of a patient by one provider to another.²⁰
