

NETWORK *Notification*

Notice Date: May 26, 2021
To: Georgia Medicaid Providers
From: CareSource
Subject: Prior Authorization Updates
Effective Date: April 26, 2021

CareSource values our partnership with our providers. As result of your feedback, and to support you in these unprecedented times, we have adjusted prior authorization requirements. The addendum to this announcement includes codes that are being removed from requiring prior authorization. We are pleased to present this change and reduce the administrative burden to our providers.

Providers should use the [Procedure Code Lookup Tool](#) to instantly view whether a service code requires prior authorization from CareSource. Effective April 26, 2021, the tool reflects that the codes in the addendum do not require prior authorization from CareSource.

Questions?

For questions related to prior authorization requirements, providers may contact CareSource Utilization Management at **1-855-202-1058**. Our hours of operation are Monday to Friday, 7 a.m. to 7 p.m., Eastern Standard Time.

GA-MED-P-566425

DCH Approved: 5/14/2021

**Addendum – Codes Removed from Prior Authorization
Effective April 26, 2021**

Code	Description	Category	Product Filing Category
10030	Image-guided fluid collection drainage by catheter (eg, abscess, hematoma, seroma, lymphocele, cyst)	Ambulatory Surgery	Elective Surgery-Diagnostic
