

What is coverage that cares?

At Commonwealth Care Alliance® (CCA), our health plan is designed around you. We place you with a **personal care coordinator**, who connects you to a wide range of support in your community, including local doctors to help you navigate the healthcare system.

And this personalized, connected care is provided at **no cost to you**.

Long-Term Services and Supports (LTSS)

If approved, LTSS includes services like personal care, home health assistance, and community-based support to help individuals with daily activities and maintain their quality of life.
