

NETWORK *Notification*

Notice Date: September 22, 2026
To: Michigan Medicare-Medicaid Providers
From: HAP CareSource™ MI Coordinated Health (HMO D-SNP)
Subject: Updated Clinical Practice Guideline Released

Summary

The Michigan Quality Improvement Consortium (MQIC) has updated the Clinical Practice Guideline (CPG) for Bronchitis and Opioid Prescribing.

Impact

HAP CareSource MI Coordinated Health has approved the following CPG update for Bronchitis and Opioid Prescribing:

- [Management of Uncomplicated Acute Bronchitis in Adults](#)
- [Opioid Prescribing in Adults Excluding Palliative and End-of-Life Care](#)

Importance

HAP CareSource MI Coordinated Health utilizes evidence-based nationally accepted standards and guidelines to help inform and guide providers about their clinical care of members. MQIC is a collaborative effort to develop and implement standard clinical guidelines and performance measures and is overseen by the Michigan Association of Health Plans (MAHP). MAHP recognizes the expertise and evidence-based knowledge that the guidelines represent. The MAHP advocates the adoption and implementation of the MQIC Clinical Practice Guidelines as the accepted standards of care to promote quality care and better health outcomes for Michiganders. The consortium works to establish and update clinical practice guidelines for use by healthcare professionals and health plans. Guidelines are reviewed on a two-year cycle.

For additional information, visit [MQIC | Michigan Association of Health Plans | Michigan Association of Health Plans \(mahp.org\)](#).
