

WINTER 2018

MEMBERSource

A Newsletter for CareSource® MyCare Ohio Members

IN THIS ISSUE:

- 2 Don't Forget Fitness
- 4 Cancer Screenings
- 5 Manage Your Blood Sugar
- 6 Reduce Your Risk for Falls
- 10 Easy Ways to Access Care

CARE MANAGERS OFFER HELP

Our Care Managers are here to help you coordinate all of your health care needs. There is no cost to you. Care Managers serve members with respect and compassion. We:

- Work with your health care team to coordinate your care
- Answer questions and help you learn more about your health and benefits
- Help you understand your symptoms and medicines
- Help you find local resources for things that affect your health like food and housing
- Give you strategies you can use to live a better quality of life

Care Managers are always ready to lend a hand and offer one-on-one support. Learn more at **CareSource.com**.

GET YOUR FLU SHOT

Anyone can get the flu virus, and it can be serious. Protect yourself and your loved ones. Get a flu shot every year.

Experts recommend that everyone older than 6 months should be vaccinated. There are very few exceptions. If left untreated, the flu can cause serious infections like pneumonia. Some infections can be life-threatening.

You can get a flu shot at your health care provider's office. You can also get a flu shot at some pharmacies and supermarkets.

DON'T FORGET FITNESS

Have you used your fitness benefit this year? If you have CareSource MyCare Ohio for both Medicare and Medicaid, you can take advantage of the SilverSneakers® fitness program. It's never too late to start thinking about ways you can be more active. Talk to your health care provider about the best fitness plan for you.

For more information about Silver Sneakers, talk with your Care Manager or call 1-888-423-4632.

Holiday Gifts on a Budget

The holidays are a time for giving, but you don't have to break the bank. Here are three easy ways to cross everyone off your list and stick to your budget at the same time.

- 1. Get crafty.** Homemade gifts cost less and are always cherished.
- 2. Give memories.** Frame a photo. A memory captured in time is personal and heartfelt.
- 3. Draw names.** For large groups, draw names so you only have to buy a gift for one person.

WOMEN'S HEALTH NEEDS

Women have special health needs. Taking care of yourself is important. Be sure to talk with your health care provider about these screenings and services recommended for women:

- Breast cancer screening
- Colorectal cancer screening
- Cervical cancer screening
- Heart disease monitoring
- Chlamydia screening
- Adult vaccines (shots)

You should also discuss your health history and your family health history with your health care provider.

HEALTHY HABITS FOR CHRONIC CONDITIONS

Do you have a chronic disease? Unfortunately, most of them don't just go away. Generally, they are not cured by the medicine you take. Drugs just help you manage them. That's why it is so important to also lead a healthy lifestyle.

Here are some basic guidelines for healthy habits.

- Don't smoke.
- Stay active, aim for 30 minutes of physical activity a day!
- Maintain a healthy weight. Calculate your BMI. Go to <https://healthysd.gov/what-is-a-healthy-weight-for-me/>
- Check your cholesterol level at your next doctor's visit.
- Keep your blood pressure at good levels. 120/80 is normal.
- If you have diabetes, have your provider check your blood sugar.

Talk to your doctor about the best way for you to achieve these goals. Your doctor will also monitor your medications and help you make any changes you might need over time.

Healthy Holiday Eating

The holidays can wreak havoc on a well-balanced diet. Before you eat, think about what goes on your plate.

Use this simple graphic. It can help you estimate how much of each food group you should eat at each meal. Find tips and tools to help you make wise choices at www.choosemyplate.gov.

YOUR PRIVACY IS OUR PRIORITY

At CareSource, we respect your right to privacy. We protect data used to identify you or document your health, your medical care or payment for health care services. We also follow all state and federal laws that apply to your consent to share specific information.

The Member Consent/HIPAA

Authorization form tells us if you do or do not want us to share your health information. If you have not completed this form or want to change your preferences, you can fill it out online. Or you can print it and mail it back to us. The form is available at CareSource.com/oh/members/tools-resources/forms/mycare for your plan. You can also access the form through the My CareSource member portal.

CANCER SCREENINGS CAN SAVE LIVES

Finding cancer early means it's more treatable. It is important that you get the cancer screenings you need. It could save your life. Some key screenings are:

- **Colon cancer screening.** There are several tests available. Ask your doctor which one to get.
- **Breast cancer screening.** Ask your doctor about how often to get screened.
- **Prostate cancer screening.** Ask your doctor if and when you should be screened.
- **Lung cancer screening.** If you smoked or do now, talk to your doctor about this screening.
- **Cervical cancer screening.** If you are a woman 21 and older, talk to your doctor about how often you should be screened.

Your doctor can help you choose which screening tests make sense for you and when you should get them.

VISIT VERIFICATION IMPROVEMENTS IN 2019

EVV or Electronic Visit Verification is a new tool that will be used for certain home and community-based services or waiver services. EVV will verify when your services begin and end. This will help make sure your caregivers are paid for the services that you receive. EVV will apply to nursing and personal aide service provided throughout the state of Ohio.

How does it work? Your caregiver will request the EVV device for you and it will arrive in the mail as early as May 2019. If you receive services from more than one caregiver they can all use the same device. The mobile device looks similar to a smart phone but its only capability is to verify that you received your services. The device does not include a camera or GPS. If you receive services outside of your home, you can take your EVV device with you. EVV is free to you and your caregiver(s). The device will stay with you until you no longer need nursing, personal aide or other qualifying services that require the EVV process. If the device needs repair or you no longer need it, the supplier will send you an envelope to return it at no cost. The process was designed to be simple and easy. For more information visit <http://medicaid.ohio.gov/INITIATIVES/Electronic-Visit-Verification>.

Manage Your Blood Sugar Through the Holidays

Do you have diabetes? As we enter the holiday season, set a few small goals to manage your blood sugar.

- Maintain your schedule as much as you can
- Check your blood sugar frequently
- Budget your sweets and treats
- Be “party smart” and take healthy dishes with you
- Stay active

Make it your new year’s resolution to minimize complications from diabetes. Make an appointment with your health care provider to discuss important tests and screenings such as:

- Checking blood pressure at every visit
- Getting a blood sugar test at least twice a year
- Discussing tests for kidney function and blood lipids (fats)
- Getting a dilated eye exam once a year with an eye care professional
- Checking your feet at every visit and getting a thorough foot exam at least once a year

HOLIDAY SCHEDULE

In observance of major holidays, CareSource is closed on the following days:

- Thanksgiving Day:
Thursday, November 22, 2018
- Christmas Day:
Tuesday, December 25, 2018
- New Year’s Day:
Tuesday, January 1, 2019
- Memorial Day:
Monday, May 27, 2019
- Independence Day:
Thursday, July 4, 2019
- Labor Day:
Monday, September 2, 2019

EARN REWARDS FOR GETTING YOUR DIABETES SCREENINGS!

You can earn a reward for completing a few diabetes care screenings at your provider’s office.

A \$25 reward will be given after you have completed these three tests: A1C level, retinal eye exam, a nephropathy test (urine test for diabetes).

Go to your My CareSource account and click on MyHealth and then the Rewards tab. After your provider has notified CareSource that the tests are completed, your reward will be added to your account. You can redeem rewards for gift cards at popular retail stores.

High Blood Pressure: Are You at Risk?

There are usually no signs or symptoms for high blood pressure. In fact, it is often called the silent killer. That's why it is important to know if you are at risk.

Some risk factors include:

- **Age.** Blood pressure tends to rise as you get older. More than half of adults over 60 have high blood pressure.
- **Physical condition.** Being overweight as well as certain lifestyle habits can increase your risk.
- **Family history.** Your risk for high blood pressure may increase if others in your family have it.

The good news is that you can reduce your risk. Eat a healthy diet, maintain a healthy weight, don't smoke, and be physically active. All of these can help reduce your risk. Be sure to have your blood pressure checked regularly by a health care provider.

IMPROVING BEHAVIORAL HEALTH CARE

At CareSource, we want to make sure our members get the behavioral health care they need. That's why we have worked with other groups across the state to redesign Ohio's public behavioral health care service system.

We have made many positive changes. They include covering more medicines, lab tests and behavioral health services. Billing and payment guidelines have also been restructured. These changes are designed to better coordinate all of the care you get through different parts of the behavioral health care system. We hope it will make it easier for you to get the behavioral health care you need and stay healthy.

REDUCE YOUR RISK FOR FALLS

The risk of falling tends to go up as you age. You can lower your chances by starting with:

- **Your physical condition.** Keep your body in good shape. Try some strength and balance activities such as lifting light weights and tai chi.
- **Your home environment.** Remove any hazards in your home like throw rugs and clutter. Install good lighting in each area of your home. Use railings and grab bars for safety.
- **Your medications.** Ask your doctor which ones may cause dizziness.

Complaint forms are available at <http://www.hhs.gov/ocr/office/file/index.html>.

See Better, Hear Better, Feel Better

As we grow older, it becomes even more important to pay attention to our body. According to the National Council on Aging, approximately 98% of older adults have at least one chronic health condition. Did you know that many of these conditions – such as heart disease and diabetes – are also connected with serious eye conditions or hearing loss? What's more, mature adults and diabetics are likely to have both hearing and vision loss.

When our vision and hearing health starts to fade, it can have a huge impact on our outlook on life. It can lead to feeling alone or make it hard to enjoy activities like reading. They say, "You're only as old as you feel." So consider including routine vision exams and hearing screenings to stay sharp and healthy.

MYSTRENGTH ADDS LGBTQ+ RESOURCES

MyStrength is an online wellness tool. It can help you strengthen your mind, body and spirit with self-help tools and wellness resources. MyStrength now contains content specific to the needs of the LGBTQ+ community, offering a safe, stigma-free support system.

Access myStrength online or on your mobile device at no cost to you. Visit mystrength.com/r/caresource to get started. Tap in to your strength today!

NEW YEAR, NEW START

Make 2019 your best year yet. The new year is a great time to pledge to add at least one healthy habit to your lifestyle. Eat right, get enough sleep, stay fit — even small steps can make a big difference. It all adds up! Don't forget — you can complete a new Health Risk Assessment (HRA) each year to identify what you want to work on for the new year!

CARESOURCE AND MATRIX MEDICAL NETWORK PARTNERSHIP

Your health is important to you. It's important to CareSource too. CareSource is partnering with Matrix Medical Network (Matrix) to offer in-home health visits to help make sure you get the preventive care you need.*

Matrix has been helping people with their health for more than 15 years. They have completed more than 2 million home visits. More than 96% of individuals that have completed an in-home health visit report being satisfied with their visits. Here are some of the health screenings you may receive during your visit:

Test	Description
Eye Exam	Checks for early signs of glaucoma, cataracts and diabetic retinopathy.
A1C Blood Sugar Test	Checks your blood sugar levels for signs of diabetes.
Microalbumin Urine (MAU) Test	Measures the amount of protein in your urine to let you know if your kidneys are working correctly.
Fecal Immunochemical Test (FIT)	Screens for colon cancer.

This in-home health visit is available at no cost to you. We will share the results of your visit with you and your health care provider.

Matrix may be contacting you to discuss and schedule your in-home visit. In the meantime, if you have questions please call your CareSource Care Manager or Member Services.

**Other providers are available in our network.*

EASY WAYS TO ACCESS CARE

Your Primary Care Provider should be your first choice for routine care. Sometimes, you can't get in to see your provider quickly enough, or you need care in the evening or on the weekend when your PCP's office is closed.

Convenience Care Clinics offer you the same level of care as your PCP, at the same cost as a PCP visit. They are located inside your local grocery and drug stores, such as Kroger, Walgreens and CVS. They are normally staffed by Nurse Practitioners and are open in the evenings and on the weekends. You can find Convenience Care Clinics with our Find A Doctor online tool under "Clinics," or call Member Services to find a clinic near you.

The **CareSource24®** nurse advice line is available 24 hours a day, 7 days a week, 365 days a year.

A caring registered nurse will answer your questions. He or she can also help you decide what care you need. The number is on your member ID card.

ACCESS YOUR PLAN ONLINE OR ON THE GO

Your My CareSource® account and CareSource mobile app make it easy to manage your plan.

MY CARESOURCE MEMBER PORTAL

My CareSource is your personal online account. Use your My CareSource account to:

- Change your doctor
- Request a new ID card
- Review your benefits
- See claims
- And more!

Visit **MyCareSource.com** to sign up and set up your account.

CARESOURCE MOBILE APP

Manage your CareSource plan from wherever you are with the CareSource mobile app. The app lets you access your secure My CareSource account from your mobile device to:

- View your ID card
- Find a network provider
- Review your plan benefits
- Check your claims
- Call CareSource24 and speak with a nurse 24/7
- Call and speak with Member Services
- And more!

The CareSource mobile app is available for both iPhone® and Android® systems. Get it free through the App Store® or Google Play® by searching for CareSource.

iPhone is a registered trademark and the App Store is a service mark of Apple, Inc. Android and Google Play are registered trademarks of Google, Inc.

IF YOU DON'T HAVE INTERNET ACCESS, DON'T WORRY.

WE CAN STILL HELP YOU.
CALL MEMBER SERVICES WITH
YOUR QUESTIONS.

**JUST DIAL 1-855-475-3163
(TTY: 1-800-750-0750 OR 711).**

WE ARE OPEN
MONDAY – FRIDAY, 8 A.M. – 8 P.M.

MyCareOhio
Connecting Medicare + Medicaid

CareSource® MyCare Ohio (Medicare-Medicaid Plan) is a health plan that contracts with both Medicare and Ohio Medicaid to provide benefits of both programs to enrollees.

This information is not a complete description of benefits. Contact the plan for more information. Limitations and restrictions may apply. For more information, call CareSource MyCare Ohio Member Services or read the CareSource MyCare Ohio Member Handbook. Benefits may change on January 1 of each year.

Important Plan Information

NEW AND IMPROVED CARESOURCE.COM

Redesigned with you in mind

Everything we do starts with you, our valued member! We've been working hard to enhance our website to make it easier for you to find what you need fast.

The redesign of **CareSource.com** offers quick and easy access to important information and resources for CareSource's plans and services. The website includes:

- **Easier navigation** – hover over our *Plans* or *Members* headings in the toolbar to get a drop down menu that quickly gets you to the information you need.
- **Simplified content** – information is written in a web friendly format that is clear, direct and easy to understand.
- **New look and feel** – simple and clean site design that lets you quickly and easily find information and resources tailored for your needs.

Check out **CareSource.com** today.
