Re: Multiple Outpatient Claims Effective Date: August 5, 2025

Summary

Starting August 5, 2025, per the HAP CareSource Marketplace Provider Manual and the Centers for Medicare and Medicaid Services (CMS) Claims Processing Manual, Bill Type 0131 should represent all services rendered during the outpatient stay for a given patient.

Impact

HAP CareSource Marketplace will deny outpatient claims with Bill Type 0131 that occur after another outpatient claim with 0131 has already been billed for the same patient, by the same facility, and for the same date(s) of service. Outpatient corrected claims should be billed with Bill Type 0137 or Bill Type 0138.
