

Network Notification

Date: July 13, 2015

To: Kentucky Health Partners

From: Humana – CareSource®

Subject: ICD-10 Readiness Assessment

With a few months left until the transition to the International Classification of Diseases, 10th Revision (ICD-10), code set on Oct 1, 2015, Humana – CareSource® wants to gauge our health partners' readiness.

Please take a moment to complete this brief [ICD-10 Readiness Assessment](#). The four-question survey should take about five minutes to complete. The survey provides us with valuable information so that we can ensure your office is prepared to use the new codes. If you share a preparation need or question in one of the survey responses, we will share your question with your health partner representative so that he or she may get in touch with you.

In addition, there are various resources available online to help you prepare for the ICD-10 transition. Visit the ICD-10 Resource Center at <https://www.caresource.com/providers/kentucky/medicaid/claims-information/icd-10/> for links to helpful tips.
