Notice Date: February 8, 2024
To: Indiana Marketplace Providers
From: CareSource
Subject: HPV Vaccine On-Demand Training Offerings

Summary

Check out the Human Papillomavirus (HPV) Provider On-Demand Series, created by [American Cancer Society](#), [American Cancer Society National HPV Vaccination Roundtable](#), and [Indiana Immunization Coalition](#)!

Importance

The HPV Provider On-Demand Video Series ranges in topics and equips providers with the latest information, HPV vaccination guidelines, science, and implementation strategies to increase vaccination rates. Continuing medical education (CME), continuing nursing education (CNE) and Pharmacy continuing education are offered for each session. As healthcare professionals and advocates, we understand the critical importance of staying informed about preventive measures and the latest information.

What to Expect

The series features comprehensive information with renowned experts in the field of HPV, and their valuable contributions in the field. [Register now](#) for access to all of the videos in the series.

Join the Movement and SHARE with Your Network

We believe in the power of collaboration and invite you to join us on this mission. Together, we can create a stronger, more informed healthcare community.

For questions, contact Health Partner Services at **1-833-230-2101**, Monday through Friday from 8 a.m. to 6 p.m. Eastern Time (ET).
