Getting Started

Here are a few ways to start learning more about your plan.

Review your member handbook at [CareSource.com/in/plans/medicaid/plan-documents/](https://www.caresource.com/in/plans/medicaid/plan-documents/). It has information on:

- Our benefits (including limitations)
- Plan descriptions (and how to keep your benefits)
- Important phone numbers and webpages
- Pharmacy tools like *Find My Prescriptions*
- How to get care
- Full list of rewards and incentives
- Care (and disease) management information
- And much more!

Earn rewards*† by filling out your Health Needs Screening (HNS). The HNS is a questionnaire. It asks about your health history and helps us identify health issues or concerns. Using a few questions about your health and lifestyle, we can help your health care providers coordinate your care. **You can earn a \$30 Walmart® gift card when you take the HNS.** It only takes a few minutes.

You can take the HNS in one of these ways:

- **Online:** Just log into your secure **MyCareSource.com** account and click on the Health tab.
You can also scan this QR code: 
- **Phone:** 1-833-230-2011 (TTY: 711) Monday through Friday from 7 a.m. to 6 p.m. Eastern Time
- **At a health kiosk:** In your local Walmart pharmacy
- **By mail:** Copies of the HNS will be sent to you in the mail soon. There will be one for each CareSource member in your household. Fill them out and send them back in the postage paid envelope provided.

* You must complete the HNS within your first 90 days with CareSource to get the reward.

Keeping Up with Your Health Care

Preventive care is key for the whole family. You should see your primary medical provider (PMP) on a routine basis, even if you are healthy. Health exams, tests and screenings from your PMP can help find and treat problems early before they get worse. Your Primary Dental Provider (PDP), also called your Dental Home, can provide routine exams and cleaning. Preventive care is always covered at no cost to you. Preventive care includes:

- Yearly well-adult exams
- Breast cancer screenings (mammograms) and cervical cancer screenings (Pap tests) for women
- Prostate cancer screenings for men
- Routine dental and vision exams*
- And much more!

Your family can earn rewards by getting preventive care! Learn more about these rewards on page 12.

Most dental and vision may not be covered under HIP basic. Please call **1-844-607-2829** (TTY: 711) to learn more about your plan.

» CHOOSING OR CHANGING YOUR PRIMARY MEDICAL PROVIDER (PMP)/PRIMARY DENTAL PROVIDER (PDP)

You should have a PMP/PDP that you see for health care services. It helps you and your family get care from a PMP/PDP who knows you and sees you and your family on a regular basis. **Choose your PMP/PDP** as soon as possible.

Change or choose a new PMP/PDP by logging into your **MyCareSource.com** account and choose one from our network.

If you do not choose a PMP or PDP, we will choose one for you. We will choose a PMP or PDP for you based on where you live and if they are taking new patients.

What if I can't find a health care provider?

Go to **findadoctor.CareSource.com** to look for a provider. You can also call us at **1-844-607-2829** (TTY: 1-800-743-3333 or 711). We are here to help you find a health care provider to meet your needs.

» NETWORK PROVIDERS

There are many ways to find a network provider. Go to **findadoctor.CareSource.com** to view the most up-to-date list of health care providers in our network. You can also use the *Find a Doctor* tool on our mobile app. Or you can call Member Services for help. Health care providers in our network are those who accept your CareSource insurance plan. In most cases, we do not usually cover costs from out-of-network providers.

If you had appointments scheduled before joining CareSource, tell us right away. We may be able to help you keep your out-of-network services until you get an in-network health care provider.

Make sure your prescriptions are on the CareSource drug list.

You can use the *Find My Prescriptions* search tool to see what drugs and medical supplies are covered. We will let you know if you need prior approval for your prescriptions. Just go to **CareSource.com/Indiana**, click *Tools and Resources*, and then click *Find My Prescriptions*.

» EARLY AND PERIODIC SCREENING, DIAGNOSTIC AND TREATMENT

Early and Periodic Screening, Diagnostic and Treatment (EPSDT), covers care for those under the age of 21 at no cost to you. EPSDT services can help keep you or your child healthy. They include:

- Medical exams
- Dental exams
- Vision and hearing tests
- Immunizations (shots)
- Health education
- Blood lead tests
- Lab tests and much more!

EPSDT also covers medically necessary care for issues found by an exam. This includes glasses and hearing aids. If you need help scheduling your visits or transportation to any EPSDT service, call Member Services at **1-844-607-2829** (TTY: 1-800-743-3333 or 711).

What is Prior Authorization?

Prior authorization is permission you need for your health care provider to provide a service and be paid back. Some services will not be paid for by CareSource if your health care provider does not ask for a prior authorization first. **Your PMP/PDP or specialist should ask us for a prior authorization.** We will decide prior authorization requests based on medical necessity, medical appropriateness and your benefit limit.

Prior authorization requirements for our covered services can be found online in the member handbook at **CareSource.com/in/plans/medicaid/plan-documents/**. You may also ask for a paper copy by calling Member Services at **1-844-607-2829** (TTY: 1-800-743-3333 or 711).

Do emergency services need a prior authorization?

No. An emergency is a medical condition that may cause serious harm to a person's health.

Healthy Indiana Plan (HIP) POWER Account

» PERSONAL WELLNESS AND RESPONSIBILITY (POWER) ACCOUNT

The POWER Account is a special savings account for your health care. Every HIP member starts with \$2,500 in their POWER Account. The account pays for the first \$2,500 of health care services that you get in a benefit year.

» MEMBER COST-SHARING

Most HIP members pay part of their coverage cost.

HIP Basic members will have copays for each service (such as going to see the doctor, except for preventive care, maternity services or family planning, or filling a prescription).

HIP Plus members will make a monthly payment. This payment is called a POWER Account Contribution (PAC). HIP Plus members will get an invoice for their PAC payment each month. The monthly amount is based on income and family size. Be sure to pay the invoice by the due date.

Pregnant women and American Indian/Alaska Native members do not pay any copays or PAC.

» NON-PAYMENT PENALTIES

Not paying may result in changing your coverage to HIP Basic or losing coverage. HIP Plus members will have no other costs if they pay their PAC on time. The only exception is an \$8 copay for a non-emergency visit to the ER.

All HIP members will get a POWER Account statement each month.

The statement is also on your My CareSource account. Sign up at **MyCareSource.com**. You can keep track of the funds used for health services you get. It will also show you the funds you have left. If you are a HIP Plus member, you will also have a record of PAC payments made.

» POWER ACCOUNT ROLLOVER

Managing your account well and getting preventive care can lower your future costs. If you spend less than \$2,500 per year, you may rollover your extra money. This will lower your monthly payment for the next year.

» MAKING PAYMENTS

There are many ways you can pay your PAC. You can:

- Send a check or cash in an envelope with your invoice.
- Sign onto your member account at **MyCareSource.com** to pay online.
- Call Member Services to pay by phone.
- Pay in person at a check-free pay location. This includes stores like CVS®, Dollar General®, Family Dollar®, Speedway® and Walmart®.
- Pay by payroll deduction. Learn more below.

» PAYROLL DEDUCTION POWER ACCOUNT CONTRIBUTIONS

Ask your employer if they offer payroll deduction for health insurance contributions. Visit **CareSource.com/documents/in-med-3107-member-employer-payroll-deduction-form-508/** to get the Employer Payroll Deduction Form or call Member Services.

We can work with your employer to set up the payroll deduction if they offer it. This form lets us work with your employer. It does not automatically enroll you in Employer Payroll Deduction.

Medically Frail and Healthy Indiana Plan (HIP) Benefits

Members who are medically frail will get HIP State Plan benefits. Go to www.in.gov/fssa/hip/am-i-eligible/conditions-that-may-qualify-you-as-medically-frail/ to learn more or call Member Services. Someone may be medically frail if they have one or more of these conditions:

- Disabling mental disorder
- Chronic substance use disorder
- Serious and complex medical condition
- Physical, intellectual or developmental disability which greatly impair your ability to do one or more daily living activities (such as bathing, dressing or eating)
- Disability determination from the Social Security Administration

You must contact us to confirm your health condition. We need to determine if you qualify for enhanced benefits.

If you think you may qualify for medically frail benefits, you can call Member Services for an assessment. We have 30 days to do the assessment. We will:

- Talk with you about your health and non-health care needs
- Look at your claims
- Talk to your health care provider

You will continue with the same benefits if CareSource does not conclude that you are medically frail.

Completing the Health Needs Screening

It is important to complete your Health Needs Screening if we conclude that you are medically frail.
