**Subject:** Tobacco Cessation Resources Reminder

---

## **Summary**

CareSource would like to remind providers of resources available for tobacco cessation. Ensuring providers have the most up-to-date information on the services offered by CareSource is critical to helping our members, your patients, maintain a healthy lifestyle.

## **Importance**

The Indiana Tobacco Quitline aims to increase members' knowledge of the risks associated with tobacco use and the benefits of cessation. Your patients can receive CareSource incentive rewards up to \$200 for engaging and participating in at least five cessation coaching sessions with the Quitline. The program provides regular health coaching, as well as information on how to obtain pharmacotherapy, from a provider, to assist with quitting.
