Notice Date: August 14, 2020
To: Indiana Medicaid Providers
From: CareSource
Subject: Medication-Assisted Treatment (MAT) Waiver Training

Summary

CareSource would like to share an upcoming training opportunity to allow prescribers to become certified for medication-assisted treatment (MAT). The Indiana Rural Health Association (IRHA) has partnered with The Indiana Rural Opioid Consortium to offer a free training for this certification. Please see the IRHA memo below for more details on the training.

Details

Medication-Assisted Treatment (MAT) Waiver Training

Date: August 18, 2020

The Indiana Rural Opioid Consortium (InROC) is offering a Medication-Assisted Treatment (MAT) Waiver Training virtually on August 18, 2020. Dr. Emily Zarse, MD, will present a 4-hour required training virtually; and then attendees will complete the additional 4 hours at their own pace. Upon completion, attendees will receive a certificate to then apply for a MAT Waiver.

This activity will assist physicians, nurses, physician assistants, and psychiatrists who wish to apply for a waiver to prescribe buprenorphine for the treatment of opioid use disorders.

The event is free to attend; however, registration must be submitted to receive the link for the training. Please help us spread the word and share this email with your contacts.

Providers can register for the event on the [IHRA website](#).

Please note: American Association on Addiction Psychiatry (AAAP) is the DATA 2000 sponsor for this training. Funding for this initiative was made possible (in part) by grant no. 1H79TI081968 from SAMHSA. The views expressed in written conference materials or publications and by speakers and moderators do not necessarily reflect the official policies of the Department of Health and Human Services; nor does mention of trade names, commercial practices, or organizations imply endorsement by the U.S. Government.

Questions?

For questions, please contact IRHA representative, Heidi Malone, at hmalone@indianarha.org.
