Notice Date: February 5, 2026
To: Indiana Medicaid Providers
From: CareSource
Subject: Updated Consent for Sterilization forms
Effective Date: October 10, 2025

Summary

The Centers for Medicare and Medicaid Services (CMS) have released the updated versions of the Consent for Sterilization forms.

Impact

Beginning immediately, Health Partners should use the updated version of HHS-687 when obtaining initial consent for sterilization procedures. Patients that have already signed the HHS-687 version with a July 31, 2025 expiration date do not need to re-consent. The expired HHS-687 form, if signed on or before October 9, 2025, will be accepted. The updated Consent for Sterilization Forms can be found by visiting [Consent for Sterilization: Form HHS-687](#).

Importance

The expired HHS-687 will not be accepted if signed on or after October 10, 2025. The updated HHS-687 will be required for signatures dating on or after October 10, 2025.
