

# NETWORK *Notification*

**Notice Date:** November 22, 2021  
**To:** Indiana Medicaid Providers  
**From:** CareSource  
**Subject:** Q4 HEDIS Incentive Update

---

## Summary

CareSource is updating the provider payment amount from the amount announced in a previous [network notification](#).

## Impact

The measures and coding guidelines associated with this payment remain unchanged, however, providers will now receive \$25 for qualifying visits that occur from dates of service: October 1, 2021 until December 31, 2021. This incentive will **not** be sent to Federally Qualified Health Centers (FQHC) or Rural Health Clinic (RHC) providers. FQHC and RHC providers interested in contracting for Quality Enhancer payment, who have not already executed a contract for the incentive, should contact their [Community Health Liaison](#).

The incentive payment will return to \$10 for these measures on January 1, 2022. This incentive payment update does **not** reduce any payments or impact the fee schedule reimbursement rates.

## Questions?

For questions, please reach out to the [Provider Engagement Specialist](#) in your area.
