

NETWORK *Notification*

Notice Date: December 10, 2021
To: Indiana Providers
From: CareSource
Subject: First Quarter Friday Forum Invitation

Summary

The Health Partnerships team is excited to announce a quarterly *Friday Forum with CareSource* for our network providers. While we are hopeful that face-to-face visits in your office will resume later this year, this alternative offers an opportunity for provider offices to learn about CareSource as well as meet with the CareSource provider team. Each forum will begin with a brief presentation covering current updates and will then be followed by a question and answer session. The intended audience for this event is anyone from revenue cycle, contracting, credentialing, clinical operations, quality, or administrative staff.

Details

Please see the [Save the Date](#) for more details about the event.

Questions?

If you have questions about the meeting or would like to ask questions, please contact your Provider Engagement Specialist. As a reminder, we cannot share PHI or individual claim details during this meeting. However, a Provider Engagement Specialist will be available to follow up immediately after.
