

## ***Network Notification***

**Notice Date:** November 20, 2018  
**To:** Indiana HHW and HIP Health Partners  
**From:** CareSource®  
**Subject:** Coding Guidelines for Newborns

---

This is a reminder message for providers of the correct diagnosis codes to use for Newborns. Newborn hospital stays billed by a physician group with Current Procedural Terminology (CPT) codes 99231 – 99233, 99238 – 99239 and 99234 – 99236 must use one of the following diagnosis codes as primary diagnosis if the stay is related to the birth:

P07 – P07.39

N470

N471

N472

N473

N474

N475

N476

N477

N478

P080

Z380

Z3800

Z3801

Z381

Z382

Z3830

Z384

Z385

Z386

Z3861

Z3863

Z3865

Z3868

Z3869

Z387

Z388

Z412

P05.00 - P05.19

P07.00 - P07.03

Z00.110

Z00.121

Z00.129

Z00.111

This will be for PAR and NON-PAR providers for the first 30 days of life. If a newborn requires an inpatient stay longer than 30 days, an authorization will be required.

If you have questions, please contact provider services at 1-800-607-2831.
