

Network Notification

Notice Date: February 20, 2019
To: Indiana HHW/HIP and Marketplace Providers
From: CareSource®
Subject: Intensive Outpatient & Partial Hospitalization Program Authorization Requirements
Effective Date: June 1, 2019

Please be aware that CareSource currently waives prior authorization requirements for the first 30 intensive outpatient program (IOP) and partial hospitalization program (PHP) treatment visits. Treatment beyond the first 30 visits currently requires an authorization.

Effective June 1, 2019, to align with industry standards, CareSource will require authorization for all IOP and PHP treatment visits.

As a reminder, the Medicaid Rehabilitation Option (MRO) program no longer covers IOP services as of Jan. 1, 2019.
