

Network Notification

Notice Date: July 31, 2019
To: Indiana HHW/HIP Providers
From: CareSource
Subject: Self-Referral Vision Services to Out-of-Network Providers

As a reminder, routine vision services are considered self-referral services and will not require a prior authorization or referral from a primary care provider.

Self-referral limitations are indicated for the type of service below:

Eye care (except surgery) – any Indiana Health Coverage Programs (IHCP) actively-enrolled provider; Healthy Indiana Plan members are subject to benefit plan coverage

- Includes frames and lenses when billed with routine eye exam
- Paid at the out-of-network rate of 98 percent of applicable fee schedule for non-participating providers

Some services may require an authorization or may require a referral if not deemed routine.

IN-P-0759

Date Issued: 7/31/2019

Date Approved: 7/29/2019
