Network Notification

Notice Date: January 28, 2020
To: Indiana Medicaid Providers
From: CareSource
Subject: Claims Submission and Matching Logic Reminder

Summary
CareSource would like to remind providers that Indiana Medicaid claims must be submitted with the taxonomy for the billing provider.

Impact
The National Provider Identifier (NPI) submitted on the claim must crosswalk to one Indiana Health Coverage Programs (IHCP) Provider ID, or the claim will be denied. Three data elements are used for the standard NPI crosswalk to establish a one-to-one match:

- Billing NPI
- Billing taxonomy code
- Billing provider service location zip code+4 on file in CoreMMIS

Claims submitted without this information may not meet the state's matching logic, which could result in claim rejection or recoupment of paid claims. Additional information about the State's matching logic and submission requirements can be found in the Indiana Health Coverage Programs provider reference module for Claims Submission and Processing.

Questions?
For questions, please contact Provider Services at **1-844-607-2831** (Monday through Friday, 8 a.m. to 8 p.m. Eastern Standard Time).
