

CareSource Advantage Quick Reference Guide for Rendering Providers

Effective January 1, 2016

CareSource Advantage selected NIA Magellan¹ to provide radiology network management services. NIA Magellan manages non-emergent outpatient imaging services for CareSource Advantage membership through NIA Magellan Free-Standing Imaging Facilities coupled with CareSource Advantage in-office providers and hospitals.

The following services will not be impacted by this relationship:

- Inpatient advanced imaging services
- Emergency Room imaging services
- Observation imaging services
- CareSource Advantage will continue to perform prior authorization of coverage for interventional radiology procedures (even those that utilize MR/CT technology)

Prior Authorization Implementation

As a provider of diagnostic imaging services that requires prior authorization, it is essential that you develop a process to ensure that the appropriate authorization number(s) has been obtained.

It is the responsibility of the rendering facility or physician to ensure that prior authorization was obtained, when necessary. Payment will be denied for procedures performed without a prior authorization, and the member cannot be balance-billed for such procedures.

Procedures Requiring Prior Authorization Under CareSource Advantage *

- CT/CTA
- MRI/MRA
- PET Scan

*A separate prior authorization number is required for each procedure.

Emergency room, observation and inpatient imaging procedures do not require prior authorization from NIA Magellan. If an urgent/emergent clinical situation exists outside of a hospital emergency room, please contact NIA Magellan immediately with the appropriate clinical information for an expedited review. The number to call to obtain a prior authorization is 1-800-424-1741.

¹ NIA Magellan refers to National Imaging Associates, Inc.

Please refer to NIA Magellan’s website to obtain the CareSource Advantage /NIA Magellan Billable CPT® Codes Claim Resolution Matrix for all of the CPT-4 codes that NIA Magellan authorizes on behalf of CareSource Advantage.

Prior Authorization Processes

To ensure that authorization numbers have been obtained, the following processes should be considered.

- Communicate to all personnel involved in outpatient scheduling that prior authorization is required for the above procedures under CareSource.
- If a physician office calls to schedule a patient for a procedure requiring prior authorization, request the authorization number.
- If the referring physician has not obtained prior authorization when required, inform the physician of this requirement and advise him/her to obtain an authorization by visiting NIA Magellan’s website at www.RadMD.com, or by calling 1-800-424-1741. You may elect to institute a time period in which to obtain the prior authorization number, e.g., one business day.
- If a patient calls to schedule an appointment for a procedure that requires authorization, and does not have the authorization number, the patient should be directed back to the referring physician who ordered the procedure.
- Authorizations are valid for 60 days from the date of request.

Checking Authorizations

You can check on the status of patients’ authorizations quickly and easily by going to the NIA Magellan website, www.RadMD.com . After obtaining a secure password sign-in to select, the **My Exam Requests** tab to view all outstanding authorizations.

Frequently Asked Questions

In this section NIA Magellan addresses commonly asked questions received from providers.

Can I see a copy of the NIA Magellan provider handbook policies as I prepare to sign a participating provider agreement with NIA Magellan?

Yes. You can obtain a copy of NIA Magellan's Imaging Provider Handbook by calling NIA Magellan's Radiology Network Services team at 1-800-327-0641. Also, you can visit NIA Magellan's website at www.RadMD.com to view the handbook online.

The rates I currently have do not represent all of the services we provide or represent more services than we provide. Who can I contact to change this?

NIA Magellan sends contracts to providers whom we believe at the start of a relationship are most likely to fit the entity's business and clinical model. To that end, NIA Magellan sends professional rates to practitioners or groups who read films, technical imaging rates to hospitals and both to freestanding facilities. If the rates we have sent to you do not include the right mix of these categories, please contact your Area Contract Manager.

How does NIA Magellan establish its provider reimbursement rates?

NIA Magellan performs an analysis of a number of payers to establish a competitive rate while giving participating providers the opportunity for enhanced patient volume resulting from an ever-growing number of patients insured by some of the nation's largest health plans.

Where can I find NIA Magellan's Guidelines for Clinical Use of Diagnostic Imaging Procedures?

NIA Magellan's Guidelines for Clinical Use of Diagnostic Imaging Procedures can be found on NIA Magellan's website at www.RadMD.com.

Is prior authorization necessary if CareSource Advantage is not the member's primary insurance?

No.

What does the NIA Magellan authorization number look like?

The NIA Magellan authorization number consists of 8 or 9 alpha/numeric characters (e.g., 1234X567). In some cases, the ordering physician may instead receive an NIA Magellan tracking number (not the same as an authorization number) if the physician's authorization

request is not approved at the time of initial contact. Physicians can use either number to track the status of their request on the RadMD website or via our Interactive Voice Response telephone system.

Who can I contact at NIA Magellan for questions, complaints, and appeals, etc.?

Please use the following NIA Magellan contacts by type of issue:

How will referring/ordering physicians know who NIA Magellan is?

CareSource Advantage sends orientation materials to referring providers. CareSource Advantage and NIA Magellan also coordinate additional outreach and orientation activities.

How will NIA Magellan direct members to my facility?

NIA Magellan actively promotes utilization of quality, cost-effective imaging providers by providing patients and referring physicians’ with critical information online and at the point of ordering. Members will soon be able to access information on a number of quality (e.g., accreditations, certifications) and convenience indicators (e.g., hours of operation, handicap access, parking) on NIA Magellan’s website.

Our goal is to assist patients and referring physicians in selecting quality, convenient and cost-effective care for each individual.

What does the member ID card look like? Does it have both NIA Magellan and CareSource Advantage on the card? Will there be two cards?

The CareSource Advantage member ID card does not have NIA Magellan identifying information on it. CareSource Advantage redirects calls to NIA Magellan for advanced imaging services.
