Coinsurance	15%
Annual Out-of-Pocket Maximum** (includes deductible, coinsurance, and copays)	Individual: \$6,600 Family: \$13,200

\* See Section 13: *Evidence of Coverage Glossary* for the definition of annual deductible. For individual coverage, you are responsible for paying the first \$5,100 of covered services each benefit year before CareSource begins to pay for any covered service where the annual deductible applies. For family coverage, you are responsible for paying the first \$10,200 for covered services for your entire family each benefit year before CareSource begins to pay for any covered service where the annual deductible applies. However, for each individual covered member within your family, the maximum amount each member would pay toward the family deductible is the individual deductible amount, in this case \$5,100 up to the family maximum of \$10,200. The annual deductible applies to covered services identified as “after deductible” in the Covered Service table below.

\*\* See Section 13: *Evidence of Coverage Glossary* for the definition of annual out-of-pocket maximum. For family coverage, each individual covered member within your family is contributing toward the family annual out-of-pocket maximum. However, for each individual covered member within your family, the maximum amount each member would pay toward the family annual out-of-pocket maximum is the individual out-of-pocket maximum, which is \$6,600. Once a member has reached their out-of-pocket maximum, the plan will pay 100% of their covered services. Your Evidence of Coverage explains which benefits accrue to your out-of-pocket maximum.

**Prior Authorization:** Some health care services require prior authorization from the Plan. Prior authorization is the process used by the Plan to determine those health care services listed on the Plan's prior authorization list that meet evidence-based criteria for medical necessity and are covered services under the Plan prior to the health care service being provided. Your Network Provider is responsible for obtaining Prior Authorization for the Health Care Services described on the Prior Authorization List. If you receive Health Care Services from a Non-Network Provider, either you or the Non-Network Provider must obtain Prior Authorization. If Prior Authorization is not obtained, you are responsible for making full payment to the Non-Network Provider. Please refer to Section 2 of the Evidence of Coverage at [www.caresource.com/marketplace](http://www.caresource.com/marketplace) for complete details after you are enrolled.

This Schedule of Benefits is a summary of your financial responsibility when you receive health care services from a physician, pharmacy, facility, or other provider. All covered services are subject to the conditions, exclusions, limitations, terms, and rules of the Evidence of Coverage including any rider/enhancements or amendments. Except as otherwise provided in the Evidence of Coverage, covered services must be provided to you by a network provider and medically necessary. The Plan does not cover all health care service expenses. In the event of any discrepancy between this Schedule of Benefits and your Evidence of Coverage, the Evidence of Coverage shall control. For more detailed information about your covered services, please refer to the Evidence of Coverage at [www.caresource.com/marketplace](http://www.caresource.com/marketplace).

For covered services listed in the Evidence of Coverage that are not specifically listed on this Schedule of Benefits, the cost sharing is equal to the coinsurance after the deductible.

The copays and coinsurance listed in the 'You Pay' column would only apply if the item or service is not furnished directly by a provider meeting the criteria outlined below, otherwise there would be no cost to you.

- 1) an Indian Health Service, an Indian Tribe, Tribal Organization, or Urban Indian Organization (each as defined in 25 U.S.C. 1603);
- 2) a provider who was referred by one of the organizations listed in item 1.
