OHIO REQUIRED COVER SHEET

READ YOUR POLICY CAREFULLY. This cover sheet provides only a brief outline of some of the important features of your policy. This cover sheet is not the insurance contract. The policy itself sets forth, in detail, the rights and obligations of both you and your insurance company. **IT IS THEREFORE IMPORTANT THAT YOU READ YOUR POLICY.** This policy is a legal contract between you and CareSource Ohio, Inc. (hereinafter, "CareSource").

You are allowed to return this policy within ten (10) days and have a refund of the premium paid if after examination of its content, you are not satisfied with the policy for any reason. CareSource is not a member of any guaranty fund, including the Ohio Life and Health Insurance Guaranty Association. In the event of CareSource's insolvency or in the event that CareSource ends operations, you are protected only to the extent that the hold harmless provision required by the Ohio Revised Code section 1751.13 applies to the Health Care Services rendered. This hold harmless provision states that with the exception of an Annual Deductible, Copayment, Coinsurance and Non-Covered Services, Network Providers may not bill you for Covered Services.

If you are receiving a course of treatment from Network Providers when CareSource ends operations or is declared insolvent, Covered Services will continue to be provided by Network Providers as needed to complete any Medically Necessary procedures and follow-up care for that course of treatment. If you are receiving Inpatient Services at a Network Hospital, your coverage for such Inpatient Services will be continued for up to thirty (30) calendar days after CareSource's insolvency or end of operations.

In the event of CareSource's insolvency or end of operations, you may have to pay for Health Care Services you receive from a Non-Network Provider, whether or not CareSource authorized the use of the Non-Network Provider. If you need additional information, call Member Services at 1-833-230-2099.

Dear CareSource Member,

Thank you for trusting CareSource as your health plan! CareSource was founded as a non-profit managed care company in 1989. Our mission is to make a difference in peoples' lives by improving their health care. It is the essence of our company and our unwavering dedication to that mission is a hallmark of our success.

We are offering this Plan as a Qualified Health Plan in the Health Insurance Marketplace (the "Marketplace"). We are committed to putting health care coverage within your reach, making it simple to understand and easy to use.

One way we are doing that is through [CareSource.com](https://www.caresource.com), where you can find tips for healthy living, exercise, diet, and more. You can also learn more about our various health care plans and our network of doctors. We also offer CareSource24[®], a Nurse Advice Line to help you make health care decisions 24 hours a day, 7 days a week.

Thank you for choosing CareSource. We look forward to serving you and your health needs. If you have any questions or concerns about your health care or your coverage under the Plan, please call us at 1-833-230-2099.

Sincerely,

Erhardt H. Preitauer
President and Chief Executive Officer
CareSource Ohio, Inc.

SECTION 1 – INTRODUCTION

This document is your ***Evidence of Coverage (EOC)*** which outlines your policy benefits, coverage details, exclusions, and termination provisions under the policy. Your EOC should be read together with your Schedule of Benefits in order to understand the comprehensive health benefits available to you under your plan.

The EOC describes your rights, responsibilities, and obligations as a Covered Person under the Plan and details:

- How the Plan works and describes the Covered Services,
- Conditions and limits related to Covered Services,
- Health Care Services that are not covered by the Plan, and
- Annual Deductible, Copayments, and Coinsurance payments required when you receive Covered Services.

Please carefully read and review the entire EOC. If you have any questions regarding the information contained within the document, you may contact CareSource online or via phone at the below telephone number. As well, please review Section 2 – *Definitions* of the EOC to ensure that you understand the words and defined terms that are incorporated throughout the EOC. These definitions will help assist you in understanding concepts, terminology, and meanings within the EOC.

Additionally, CareSource provides oral and written ***interpretation services*** to be used for those who may speak another language and do not understand or readily use English within their home.

Also, note that some health services under your policy are subject to ***Prior Authorization*** and approval before they may be reimbursed. Your provider should get any necessary Prior Authorizations from us. You can see the list of services that require a Prior Authorization by going to the Tools and Resources page for your plan and clicking on the Quick Link for the Prior Authorization List on the menu at the bottom left of the page.

If you have any questions regarding your Benefits or which services require Prior Authorization, please call Member Services. CareSource also partners with industry leading specialists and may refer you to them for further assistance.

Throughout this document, you will find statements that encourage you to contact us for further information. Whenever you have a question or concern regarding your Benefits, please call Member Services. It will be our pleasure to assist you. In some areas, we have partnered with industry leading specialists and may refer you to them for further assistance.

For those Covered Persons with limited English proficiency, we will provide, at no cost, oral interpretation and written translation services. Please call Member Services for more information.

How to Use Your Evidence of Coverage

Because this EOC is a legal document, we encourage you to read it and any of its attached Riders/Enhancements and/or Amendments carefully. You are responsible for understanding all provisions of this document, including any Riders/Enhancements or Amendments. Many of the sections of this EOC relate to one another and you may need to read multiple sections to get all of the information you need. When reviewing your EOC, you should read the entire document and pay particular attention to Section 5: *Your Covered Services*, Section 6: *Prescription Drugs*, and Section 7: *What Is Not Covered*. You should also carefully read Section 13: *Other Important Information* to better understand how this EOC and your Benefits work. Please call us if you have questions about the Covered Services available to you. The terms of this EOC will control if there is a conflict between this EOC and any summaries provided to you by us. Please be aware that your Providers do not have a copy of this EOC, and they are not responsible for knowing or communicating your Benefits.

Defined Terms

Because this EOC is part of a legal document, it is important that you understand the information it contains. Certain capitalized words within this EOC have special meanings that are defined in Section 2: *Definitions*. You should refer to Section 2 often as you see capitalized terms in order to have a clearer understanding of your EOC. When we use the words "we," "us," and "our" in this document, we are referring to CareSource. When we use the words "you" and "your" in this EOC, we are referring to you as a Covered Person, or the Responsible Party, as these terms are defined in Section 2: *Definitions*.

Your Responsibilities

Be Enrolled and Pay Required Premiums

Benefits are available to you only if you are enrolled for coverage under the Plan. To be enrolled under the Plan and receive Benefits, your enrollment must be in accordance with the Plan's and the Marketplace's eligibility requirements, as applicable. You must also qualify as a Covered Person. You must also pay any Premiums required by the Marketplace and/or CareSource.

Choose Your Health Care Providers

It is your responsibility to select the Network Providers and Network Pharmacies that will provide your health care. We can assist you to find Network Providers and Network Pharmacies. We will not cover Health Care Services provided by a Non-Network Provider except as described in this EOC. For more information on choosing your Network Providers, please see Section 3: *How the Plan Works, Choose a PCP*.

Your Financial Responsibility

You must pay Copayments, Coinsurance, and the Annual Deductible for many Covered Services. See Section 3: *How the Plan Works* and Section 5: *Your Covered Services* for further detail on your Copayments, Coinsurance, and Annual Deductible obligations. The exact amount of the Copayments, Coinsurance, and Annual Deductible for which you are responsible is listed in your Schedule of Benefits.

Pay the Cost of Limited and Excluded Services

You must pay the cost of all Health Care Services and items that exceed the limitations on payment of Benefits or are not Covered Services. Please review Section 7: *What Is Not Covered* to become familiar with the Plan's limitations and Exclusions.

Show Your ID Card

To make sure you receive your full Benefit under the Plan, you should show your ID Card every time you request Health Care Services. If you do not show your ID Card, your Provider may fail to bill us for the Health Care Services delivered. Any resulting delay may mean that you will not receive Benefits under the Plan to which you would otherwise be entitled.

Don't Forget Your ID Card

Remember to show your CareSource ID Card every time you receive Health Care Services from a Network Provider or a Network Pharmacy. If you do not show your ID Card then, a Network Provider or Network Pharmacy has no way of knowing that you are enrolled with CareSource.

The Marketplace

If you are seeking Benefits under this Plan through the Marketplace, the Marketplace is solely responsible for:

- Determining whether you are eligible for Benefits under the Plan;
- The application and enrollment processes; and
- Determining your subsidy level.

Information regarding enrollment options is available from the Marketplace at healthcare.gov. Additional information on how to enroll in a plan is available at CareSource.com/marketplace.

Eligibility Requirements

To be eligible for coverage under the Plan through the Marketplace, you and your Dependents must meet all of the Marketplace's eligibility requirements. Eligibility is determined by the Marketplace and not by CareSource. Generally, you will qualify if you:

- Are a citizen of the United States or a lawfully present immigrant;
- Are not incarcerated, other than incarceration pending the disposition of charges; and
- Are a resident of the State of Ohio and reside within the Plan's Service Area.

If you are seeking coverage outside of the Marketplace, you and your Dependents must meet all of the Plan's eligibility requirements. Generally, you will qualify if you are a resident of the State of Ohio and reside within the Plan's Service Area.

CareSource or the Marketplace may ask for verification that you are eligible for coverage under the Plan. You must furnish satisfactory proof to demonstrate that the conditions above exist and continue to exist. Coverage under this Plan is available to you no matter what your health condition is.

Dependents who are eligible to participate in the Plan include:

1. Your legally recognized spouse.
2. Your domestic partner.

To qualify as a domestic partner, you must:

- a. Have a serious, committed relationship with the Covered Person;
 - b. Be financially interdependent;
 - c. Not be related to the Covered Person in any way that would prohibit legal marriage by state law;
 - d. Not be legally married to anyone else;
 - e. Not be a domestic partner of anyone else; and
 - f. Not be in a relationship that violates state or local laws.
3. Your natural blood related child, stepchild, legally adopted child, a child for who you have legal guardianship, including a child placed in your foster care, or your child who is entitled to coverage under this Plan because of a medical child support order whose age is less than the limiting age. A Dependent child is eligible for coverage until the end of the Benefit Year in which the child reaches the limiting age of 26.
 4. Your Dependent child over the age of 26 if that child is incapable of self-sustaining employment by reason of developmental or intellectual disabilities or physical handicap and is primarily dependent upon you for support and maintenance.

Dependent Provisions

You must furnish satisfactory proof, upon our request, that the above conditions continuously exist. If satisfactory proof is not submitted to us, the Dependent's coverage will not continue beyond the last date of eligibility. Your Dependent must be enrolled in the Plan in order to be considered a Covered Person.

The Plan will provide Benefits to your newly added Dependent spouse effective as of the first day of the month following the date the Marketplace or CareSource, as the case may be, has enrolled your Dependent spouse in the Plan.

The Plan will provide Benefits to your newly born Dependent child from the moment of birth for thirty-one (31) days from the child's date of birth. No premium will be charged for the first thirty-one calendar days. To continue Benefits for a newly born Dependent, you must submit a request to the Marketplace or CareSource, as the case may be, to add the child to your coverage within sixty (60) days and pay any applicable Premium in accordance with the terms of this Plan.

We will provide Benefits to your newly adopted Dependent child from the moment of adoption for thirty-one (31) days. No premium will be charged for the first thirty-one (31) calendar days. To continue Benefits for a newly adopted Dependent, you must submit a request to the Marketplace or CareSource, as the case may be, to add the child to your coverage within sixty (60) days and pay any applicable Premium in accordance with the terms of this Plan.

A child will be considered adopted from the earlier of: (1) the moment of placement in your home; or (2) the date an order is entered granting custody of the child to you. The child will continue to be considered adopted unless the child is removed from your home prior to issuance of a legal decree of adoption.

We will provide Benefits to your Dependent child for whom you have legal custody or guardianship, including a child placed in your foster care. If you or your spouse is awarded legal custody or guardianship for a child or a child is placed in your foster care, an application to add the child to your coverage must be submitted to the Marketplace or CareSource, as the case may be, within thirty-one (31) calendar days of the date of the filing of the petition for adoption or the filing of the application for appointment of guardianship, or the date the child was placed in your custody. Coverage under the Plan will begin on the date of the filing of the petition for adoption or the filing of the application for appointment of guardianship, or the date the child was placed in your custody.

Unless otherwise provided for in Section 3: *How the Plan Works, Grace Period*, if payment of Premium is not received within sixty (60) days as described above, you will be responsible for the cost of any Health Care Services received on or after the thirty-second (32nd) day of the birth, adoption or the award of legal custody or guardianship for a child, as the case may be.

We will not deny enrollment to your child on the basis that the child was born out of wedlock; that the child is not claimed as a Dependent on your federal tax return; or that the child does not reside in your household or within the Plan's Service Area. If you are required by a court or administrative order to provide health care coverage for your Dependent child and you do not make application to obtain coverage for the child, we will enroll your Dependent child as a Dependent under the Plan upon an application from the other parent or pursuant to a child support order as required by state law and consistent with any applicable Marketplace or Plan rules or processes. We will not terminate such child's coverage unless we receive satisfactory written evidence that either the court or administrative order is no longer in effect or the child is or will be enrolled under comparable health care coverage provided by another health insurer, which coverage will take effect not later than the effective date of termination of this Plan. Please see Section 10: *Coordination of Benefits* for additional information.

Application and Enrollment for CareSource Coverage

To apply for coverage or to add coverage for a Dependent under the Plan through the Marketplace, you must apply online at enroll.caresource.com or at healthcare.gov. You can find more information on the Marketplace website about eligibility criteria. You can also get help with your enrollment into the Plan by contacting Member Services.

To apply for coverage or to add coverage for a Dependent under the Plan that is not sold through the Marketplace, please call Member Services. Member Services will assist you with your enrollment into the Plan.

You will be asked to verify existing information about you or give proof when requested. Proof of eligibility may include, but not be limited to, age, residence, income, marital status, and employment.

Confirmation of Eligibility

If you are eligible for coverage under the Plan through the Marketplace, then the Marketplace will confirm your eligibility through the website application process or some other form of written communication. The Marketplace will tell you the Premium you must pay to enroll in the Plan as well as other important information about enrolling in the Plan.

If you are eligible for coverage under the Plan outside of the Marketplace, then we will confirm your eligibility in writing. We will tell you the Premium that you must pay to enroll in the Plan as well as other important information about enrolling in the Plan.

We may not refuse to enroll you in the Plan because of your health condition.

Annual Eligibility Determinations

You must enroll in the Marketplace or the Plan, as the case may be, every year. We may need information from you for this process.

Enrollment Date

If you enroll in the Plan through the Marketplace, then the Marketplace will use the information you provide when you enroll to determine the date that your coverage under the Plan is effective. The Marketplace will then advise us of such effective date. If you do not enroll in the Plan through the Marketplace, we will enroll you and determine the date that your coverage under the Plan is effective.

Ineligibility and Your Right to Appeal Eligibility Decisions

If you or your Dependent seek coverage through the Marketplace and the Marketplace determines that you or your Dependent is not eligible for the Plan, the Marketplace will notify you. The Marketplace will give you information on other plans that may be available to you. It will explain how you can appeal any decision made by the Marketplace. You also have the right to appeal to the Marketplace if you disagree with the calculation of any subsidy amount. To appeal, you will need to request a hearing.

If you or your Dependent seek coverage directly through CareSource (and not the Marketplace) and we determine that you or your Dependent is not eligible for the Plan, we will notify you. You have the right to appeal such decision if you disagree. Your appeal rights are described in Section 9: *Complaint Process and Adverse Benefit Determination Appeals*.

Availability of Benefits After Enrollment in the Plan

When the Marketplace or CareSource, as the case may be, enrolls you in the Plan and your payment sufficient to Effectuate your coverage has been received, we will provide coverage for Covered Services to you on and after your coverage effective date.

Change in Eligibility Status or Personal Information

You must tell CareSource and the Marketplace (at the time of the event) if:

- You become pregnant;
- You have a baby;
- Your address or phone number changes;
- Your immigration status changes;
- Your income changes;
- Your marital status changes;
- A Dependent reaches the limiting age; or
- You or anyone on the policy becomes entitled to Medicare Part A or enrolls in Medicare Part B.
- You receive health insurance coverage through another payor, be it employment-based coverage or other coverage.

We and the Marketplace must be notified of these changes within sixty (60) days. These changes may affect the amount you pay. All notices must be in writing and on approved forms or as otherwise required by the Marketplace or us, as the case may be.

A Covered Person's coverage under the Plan terminates on the date such person ceases to be eligible for coverage. Failure to notify the Marketplace or us of any person no longer eligible for coverage will not obligate us to provide such coverage. Acceptance of payments for persons no longer eligible for coverage will not obligate us to pay for Health Care Services.

Open Enrollment

We will hold open enrollment every year during the open enrollment period designated by the Marketplace. If you are enrolled through the Marketplace, CareSource and the Marketplace will give you information about the open enrollment process. You cannot choose another qualified health plan once you have enrolled unless (1) you are still within the annual open enrollment period; or (2) you qualify for a special enrollment period.

Special Enrollment

A special enrollment period is a period during which a person who experiences certain qualifying events or changes in eligibility may enroll in, or change enrollment in, coverage through the Plan, outside of an annual open enrollment period. The length of a special enrollment period is sixty (60) calendar days from the date of a triggering event unless specifically stated otherwise.

Special enrollment periods for qualifying events or changes in eligibility will be provided for individuals who enroll in the Plan through the Marketplace and for individuals who enroll directly with CareSource as required by applicable federal and state law.

Special enrollment periods for individuals who enroll in the Plan through the Marketplace and for individuals who enroll directly with CareSource include the following:

1. Loss of minimum essential coverage due to circumstances such as: (i) loss of a job, (ii) voluntarily quitting a job, (iii) divorce or legal separation, (iv) no longer residing in your plan's service area, (v) no longer a Dependent, and (vi) loss of coverage under parent's plan, among other circumstances;
2. Enrollment in any non-calendar year group health plan or individual health insurance coverage;
3. Loss of pregnancy related coverage or loss of pregnancy related services provided through the Children's Health Insurance Program "unborn child" option;
4. Loss of Medicaid coverage;
5. Gaining or becoming a Dependent due to marriage, birth, adoption or placement for adoption, placement in foster care, or through child support order or other court order;
6. Enrollment or non-enrollment in a Qualified Health Plan or other health plan that was unintentional, inadvertent, or erroneous and is the result of an error, misrepresentation, misconduct or inaction or the Marketplace or other entity providing enrollment assistance or conducting enrollment services;

7. A Qualified Health Plan or other health plan violates a material provision of its contract with you;
8. Gaining access to new Qualified Health Plans or other health plan as a result of a permanent move;
9. Victim of domestic abuse or spousal abandonment or is a Dependent of a victim of domestic abuse or spousal abandonment;
10. Being determined ineligible for Medicaid or the Children's Health Insurance Program;
11. Gaining a new immigration status as a citizen, national, or lawfully present;
12. Gaining access to an individual Health Reimbursement Arrangement (HRA), or is newly provided a Qualified Small Employer Health Reimbursement Arrangement (QSEHRA);
13. A Qualified Health Plan is decertified by the Department of Insurance and no longer can provide coverage to you or your Dependent;
14. Loss of a Dependent on the plan through divorce or legal separation; or
15. Your death or the death of a Dependent.

In addition to the above special enrollment periods, individuals who enroll in the Plan through the Marketplace are eligible for the following special enrollment periods:

1. Release from incarceration;
2. Newly eligible or newly ineligible for Advance Payments of the Premium Tax Credit or a change in eligibility for cost-sharing reductions;
3. An individual gains or maintains status as an Indian, as defined by section 4 of the Indian Health Care Improvement Act (25 U.S.C. § 1603), may enroll in a Qualified Health Plan or change from one Qualified Health Plan to another one (1) time per month or an individual is or becomes a Dependent of an Indian, may enroll in a Qualified Health Plan or change from one Qualified Health Plan to another one (1) time per month at the same time as the Indian;
4. An individual or their Dependents demonstrates to the Marketplace that the individual meets other exceptional circumstances as the Marketplace may provide;
5. An individual or their Dependents demonstrates to the Marketplace that a material error related to plan benefits, service area, or premium influenced individual to purchase a Qualified Health Plan through the Marketplace; or
6. At the option of the Marketplace, an individual provides satisfactory documentary evidence to verify his or her eligibility for an insurance affordability program or enrollment in a Qualified Health Plan through the Marketplace following termination of Marketplace enrollment due to a failure to verify such status within the specified time period or is under 100 percent of the federal poverty level and did not enroll in coverage while waiting for the Marketplace to verify his or her citizenship, status as a national, or lawful presence.

SECTION 2 – DEFINITIONS

What this section includes:

- Definitions of terms used throughout this EOC

Active Course of Treatment means any of the following:

- An ongoing course of treatment for a life-threatening condition, defined as a disease or condition for which the likelihood of death is probable unless the course of the disease or condition is interrupted;
- An ongoing course of treatment for a serious acute condition, defined as a disease or condition requiring complex ongoing care which the Covered Person is currently receiving, such as chemotherapy, radiation therapy, or post-operative visits;
- The second or third trimester of pregnancy, through the postpartum period; or
- An ongoing course of treatment for a health condition for which a treating Provider attests that discontinuing care by the Provider would worsen the condition or interfere with anticipated outcomes.

Adult means a person who is at least nineteen (19) years old.

Adverse Benefit Determination means a decision by CareSource to deny, reduce, or terminate a requested Health Care Service or Benefit in whole or in part, including all of the following:

- A determination that the Health Care Service does not meet our requirements for Medical Necessity, appropriateness, health care setting, level of care, or effectiveness, including Experimental or Investigational Services;
- A determination of your eligibility for Benefits under the Plan;
- A determination that a Health Care Service is not a Covered Service;
- The imposition of an Exclusion or other limitation on Benefits that would otherwise be covered;
- A determination not to issue you coverage, if applicable to this Plan; or
- A determination to rescind coverage under the Plan.

Ambulance means a licensed ambulance service that is designed, equipped, and used only to transport a Covered Person with a Sickness or Injury, provided it is staffed by Emergency medical technicians, paramedics, or other certified first responders. An Ambulance may transport a Covered Person by ground, water, fixed wing air, or rotary wing air transportation. An ambulette service is not an Ambulance regardless of whether it meets certain criteria set forth above.

Ambulance Services means transportation by an Ambulance of a Covered Person who has a Sickness or Injury.

Amendment means any written changes or additions to this EOC. Amendments are subject to all conditions, limitations, and Exclusions of the Plan, except for those that are changed by the Amendment. CareSource at all times reserves the right to make Amendments.

Annual Deductible or Deductible means the amount you must pay for Covered Services in a Benefit Year before we will begin paying for Benefits in that Benefit Year. Copayments do not count towards the Annual Deductible. Network Benefits for Preventive Health Care Services are never subject to payment of the Annual Deductible.

Annual Out-of-Pocket Maximum or Out-of-Pocket Maximum means the maximum amount you pay in a Benefit Year relating to obtaining Benefits. When you reach the Annual Out-of-Pocket Maximum, Benefits for Covered Services are payable at 100% of Eligible Expenses during the rest of the Benefit Year, unless otherwise noted below. Payments toward the Annual Deductible, Copayments and Coinsurance for Covered Services will apply to your Annual Out-of-Pocket Maximum, unless otherwise noted below.

The following costs will never apply to the Annual Out-of-Pocket Maximum:

- Any charges for services that are not Covered Services;
- Copayment or Coinsurance amounts for Covered Services available by an optional Rider/Enhancement, such as adult dental and vision, unless specifically stated otherwise in the Rider/Enhancement; and

Even when the Annual Out-of-Pocket Maximum has been reached, you will still be required to pay:

- Any charges for Non-Covered Services;
- Charges that exceed Eligible Expenses;
- Copayments and Coinsurance amounts for Covered Services available by an optional Rider/Enhancement, unless specifically stated otherwise in the Rider/Enhancement; and
- The amount of any reduced Benefits if you do not obtain authorization from us when required to do so under the terms of the Plan.

Applied Behavioral Analysis means the design, implementation, and evaluation of environmental modifications, using behavioral stimuli and consequences to produce significant improvement in human behavior, including the use of direct observation, measurement and functional analysis of the relationship between environment and behavior in response to Pervasive Developmental Disabilities, including Autism Spectrum Disorder.

Authorized Representative means an individual who represents a Covered Person in an internal appeal or external review process of an Adverse Benefit Determination and who is any one of the following:

- A person to whom you have given express, written consent to represent you in an internal appeals process or external review process of an Adverse Benefit Determination;
- A person authorized by law to provide substituted consent for you;
- A family member or a treating health care professional when, and only when, you are unable to provide consent.

Autism Spectrum Disorder means any of the following pervasive developmental disorders as defined by the most recent version of the *Diagnostic and Statistical Manual of Mental Disorders (DSM)* (American Psychiatric Association): Autism; Asperger's Disorder; or other condition that is specifically categorized as a Pervasive Developmental Disorder in the *DSM*.

Basic Health Care Services includes the following Health Care Services when medically necessary: (i) physician's services, except when such services are supplemental, (ii) Inpatient hospital services, (iii) Outpatient medical services, (iv) Emergency Health Care Services, (v) urgent care services, (vi) diagnostic laboratory services and diagnostic and therapeutic radiologic services, (vii) diagnostic and treatment services for Behavioral Health Disorders, (viii) Preventive Health Care Services, including but not limited to, voluntary Family Planning services, infertility services, periodic physical examinations, prenatal obstetrical care, and well-child care, and (ix) routine patient care for patients enrolled in an eligible cancer clinical trial.

Behavioral Health Disorder means those mental health, substance use disorder, and developmental disorder diagnostic categories that are listed in the current *Diagnostic and Statistical Manual of Mental Disorders (DSM)* (American Psychiatric Association).

Behavioral Health Care Services means Health Care Services for the diagnosis and treatment of Behavioral Health Disorders that are listed in the most recent version of the *Diagnostic and Statistical Manual of Mental Disorders (DSM)* (American Psychiatric Association), unless those services are specifically excluded. The fact that a condition or disorder is listed in the current *DSM* does not mean that treatment for the condition is a Covered Service.

Benefits or Benefit means your right to payment for Covered Services that are available under the Plan. Your right to Benefits is subject to the terms, conditions, limitations, and Exclusions of the Plan, including this EOC and any attached Riders/Enhancements and Amendments.

Benefit Year means the calendar year for which you have coverage under the Plan.

Binder Payment means the amount required to become eligible for Benefits, which includes your first month(s) of Premium.

Brand-name Drug means a Prescription Drug that is either manufactured and marketed under a trademark or name by a specific drug manufacturer or identified by CareSource as a Brand-name Drug based on available data resources (including, but not limited to, First DataBank) that classify drugs as either Brand-name or generic based on a number of factors. Products identified as "brand name" by the manufacturer, Pharmacy, or your Physician may not be classified as Brand-name Drug by the Pharmacy Innovation Partner.

Business Day means Monday through Friday, excluding any state or federal holiday observed by CareSource.

Business Hours means Monday through Friday, 8 a.m. EST to 5 p.m. EST, excluding any state or federal holiday observed by CareSource.

CareSource24[®] means CareSource's nurse help line, for non-Emergency health situations, which Covered Persons can call 24 hours a day, seven days a week, including holidays. The call is free and confidential. Covered Persons speak directly with a registered nurse about their symptoms or health questions. The nurse will quickly assess their situation and help them choose the most appropriate action. A fax will then be sent to the CareSource Covered Person's PCP to help him or her coordinate better care for the Covered Person.

Chiropractor means any Doctor of Chiropractic who is duly licensed and qualified to provide chiropractic services.

Chronic Condition means a medical condition that has persisted after reasonable efforts have been made to relieve or cure its cause and has continued, either continuously or episodically, for longer than six (6) continuous months.

Chronic Pain means pain that has persisted after reasonable medical efforts have been made to relieve the pain or cure its cause and that has continued, either continuously or episodically, for longer than three continuous months. Chronic Pain does not include pain associated with a Terminal Condition or with a progressive disease that, in the normal course of progression, may reasonably be expected to result in a Terminal Condition.

Claim means a request for a Benefit (including reimbursement of an Eligible Expense) made to us by your Provider or you.

Clinical Trial means a clinical trial that is a Phase I, Phase II, Phase III, or Phase IV clinical trial, as set forth in FDA regulations, is conducted in relation to the treatment of cancer or another life-threatening disease or condition (defined as any disease or condition from which the likelihood of death is probable unless the course of the disease or condition is interrupted); and meets all of the following criteria:

- The purpose of the trial is to test whether the intervention potentially improves your health or the treatment is given with the intention of improving your health, and is not designed simply to test toxicity or disease pathophysiology;
- The trial does one of the following:
 - Tests how to administer a Health Care Service for the treatment of cancer or a life-threatening disease;
 - Tests responses to a Health Care Service for the treatment of cancer or a life-threatening disease;
 - Compares the effectiveness of Health Care Services for the treatment of cancer or a life-threatening disease; or
 - Studies new uses of Health Care Services for the treatment of cancer or a life-threatening disease; and
- The trial is approved by one of the following:
 - The National Institutes of Health, or one of its cooperative groups or centers under the United States Department of Health and Human Services

- The Centers for Disease Control and Prevention, or one of its cooperative groups or centers;
- The Agency for Health Care Research and Quality, or one of its cooperative groups or centers;
- The Centers for Medicare and Medicaid Services, or one of its cooperative groups or centers;
- The United States Food and Drug Administration;
- The United States Department of Defense; or
- The United States Department of Veteran's Affairs.

Coinsurance means the charge, stated as a percentage of Eligible Expenses, that you are required to pay for certain Covered Services after the Annual Deductible is satisfied and until you reach your Out-of-Pocket Maximum (*see* Section 3).

Congenital Anomaly means a physical developmental defect that is present at birth and is identified within the first 12 months of birth.

Continuing Care Patient means an individual who, with respect to a provider or facility:

- Is undergoing a course of treatment for a Serious and Complex Condition from the provider or facility;
- Is undergoing a course of institutional or inpatient care from the provider or facility;
- Is scheduled to undergo nonelective surgery from the provider, including receipt of postoperative care from such provider or facility with respect to such a surgery;
- Is pregnant and undergoing a course of treatment for the pregnancy from the provider or facility; or
- Is or was determined to be terminally ill and is receiving treatment for such illness from such provider or facility.

Copayment means the charge, stated as a flat dollar amount, that you are required to pay for certain Covered Services (*see* Section 3).

Cosmetic Procedures means procedures or services that change or improve appearance without significantly improving physiological function, as determined by us.

Covered in Full means that the Covered Service is provided to the member at no cost to you if provided by a Network Provider and provisions contained within this Evidence of Coverage are adhered to.

Covered Person means an individual, including you or your Dependent, who is properly enrolled by the Marketplace and/or CareSource, as the case may be, and due to such enrollment is entitled to receive Benefits provided under this Plan. Often, a Covered Person is referred to as “you.”

Covered Services means those Health Care Services that are (1) covered by a specific Benefit provision of the Plan; (2) not Excluded under the Plan; and (3) determined to be Medically Necessary per our medical policies and nationally recognized guidelines and that we determine to be all of the following: Provided for the purpose of preventing, diagnosing, or treating a Sickness, Injury, Behavioral Health Disorder, Substance Use Disorder, or their symptoms; consistent with nationally recognized scientific evidence, as available, and prevailing medical standards and clinical guidelines, as described below; and not provided for the convenience of you, a Provider, or any other person. In applying the above definition, "scientific evidence" and "prevailing medical standards" have the following meanings: "Scientific evidence" means the results of controlled clinical trials or other studies published in peer-reviewed, medical literature generally recognized by the relevant medical specialty community. "Prevailing medical standards and clinical guidelines" means nationally recognized professional standards of care including, but not limited to, national consensus statements, nationally recognized clinical guidelines, and national specialty society guidelines.

Custodial Care means care primarily for the purpose of assisting you in the activities of daily living or in meeting personal rather than medical needs. Custodial Care is not specific treatment for a Sickness or Injury. Custodial Care is care that cannot be expected to substantially improve a medical condition and has minimal therapeutic value. Custodial Care includes, but is not limited to: assistance with walking, bathing, or dressing; transfer or positioning in bed; normally self-administered medicine; meal preparation; feeding by utensil, tube, or gastrostomy; oral hygiene; ordinary skin and nail care; catheter care; suctioning; using the toilet; enemas; and preparation of special diets and supervision over medical equipment or exercises or over self-administration of oral medications not requiring constant attention of trained medical personnel. Custodial Care includes maintenance care provided by a Covered Person's family, friends, health aides, or other unlicensed individuals after an acute medical event when such Covered Person has reached the maximum level of physical or mental function. In determining whether an individual is receiving Custodial Care, the factors considered are the level of care and medical supervision required and furnished.

Day Hospital means a Facility that provides day rehabilitation services on an Outpatient basis.

Dependent means a person who meets the requisite criteria listed in Section 1: *Introduction - Eligibility Requirements*.

Designated Pharmacy means a Pharmacy that has entered into an agreement with CareSource or with an organization contracting on its behalf, to provide specific Prescription Drugs. The fact that a Pharmacy is a Network Pharmacy does not mean that it is a Designated Pharmacy. A Designated Pharmacy provides a Prescription Drug that is not available from other pharmacies.

Diagnostic Services means Health Care Services performed on a Covered Person who is displaying specific symptoms in order to detect or monitor a disease or condition. A Diagnostic Service also includes a Medically Necessary Preventive Health Care Services screening test that may be required for a Covered Person who is not displaying any symptoms, if, and only if, it is ordered by a Provider.

Domiciliary Care means care provided in a residential institution, treatment center, halfway house, or school because a Covered Person's own home arrangements are not available or are unsuitable, and consisting chiefly of room and board, even if therapy is included.

Durable Medical Equipment means medical equipment that can withstand repeated use, is not disposable, is used to serve a medical purpose with respect to treatment of a Sickness, Injury, or their symptoms, is of use to a person only in the presence of a disease or physical disability, is appropriate for use in the home, and is not implantable within the body.

Effectuated or Effectuation means paying your Premium and/or enrolling in the Plan in accordance with Marketplace standards, state law, or Plan guidelines/rules, as applicable, in order to allow the Benefits, terms, conditions, limitations, and Exclusions under this Evidence of Coverage to take effect.

Eligible Expenses means the amount we will pay for Covered Services, incurred while the Plan is in effect, determined as stated below:

Eligible Expenses are our contracted fee(s) with our Network Providers for Covered Services. When Covered Services are received from Non-Network Providers as a result of an emergent/urgent condition or as otherwise arranged by your PCP or other Network Physician and approved by us, Eligible Expenses are the Maximum Allowable Amount, unless a different amount is negotiated.

Eligible Expenses are determined solely in accordance with our reimbursement policy guidelines. We develop our reimbursement policy guidelines following evaluation and validation of all Provider billings in accordance with one or more of the following methodologies: As indicated in the most recent edition of the Current Procedural Terminology (CPT), a publication of the American Medical Association; as reported by generally recognized professionals or publications; as used for Medicare; or as determined by medical staff and outside medical consultants pursuant to other appropriate source or determination that we accept.

Emergency Medical Condition or Emergency means a medical condition that manifests itself by signs and symptoms of sufficient severity or acuity, including severe pain, such that a prudent layperson with an average knowledge of health and medicine could reasonably have cause to believe constitutes a condition that the absence of immediate medical attention could reasonably be expected to result in:

- Placing the health of the individual or, with respect to a pregnant woman, the health of the woman or her unborn child, in serious jeopardy;
- Serious impairment to bodily functions, or
- Serious dysfunction of any bodily organ or part.

Examples of Emergencies include, but are not limited to, a heart attack or suspected heart attack, stroke, shock, major blood loss, choking, severe head trauma, loss of consciousness, seizures, and convulsions.

Emergency Health Care Services means Health Care Services necessary for the treatment of an Emergency, including (i) a medical screening examination, as required by federal law, that is within the capability of the emergency department of a Hospital, including ancillary services routinely available to the emergency department, to evaluate an Emergency Medical Condition, or (ii) such further medical examination and treatment that are required by federal law to stabilize an Emergency Medical Condition and are within the capabilities of the staff and facilities available at the Hospital, including any trauma and burn center of the Hospital.

Emergency Room means the section, department or Facility of a Hospital that either: (1) is licensed by the state as an Emergency Room; (2) held out to the public as providing treatment for Emergency Medical Conditions; or (3) on one-third of the visits to the department in the preceding calendar year actually provided treatment for Emergency Medical Conditions on an urgent basis.

Essential Health Benefits means ambulatory patient services, Emergency Health Care Services, Inpatient Services, Maternity and newborn care, mental health and Substance Use Disorders Treatment, including Behavioral Health Care Services, Prescription Drugs, rehabilitative and Habilitative services and devices, Laboratory services, Preventive and wellness Health Care Services, chronic disease management, and pediatric services, including oral and vision care as further defined in 42 U.S.C § 18022 and state law.

Exclusions, Exclusion or Excluded means Health Care Services that are not Covered Services under the terms of the Plan.

Experimental or Investigational Services or Experimental or Investigational means medical, surgical, diagnostic, psychiatric, Substance Use Disorders Treatment or other Health Care Services, technologies, supplies, treatments, procedures, drug therapies or devices that, at the time we make a determination regarding coverage in a particular case, are determined to be any of the following: not approved by the U.S. Food and Drug Administration (FDA) to be lawfully marketed for the proposed use and not identified in the American Hospital Formulary Service or the United States Pharmacopoeia Dispensing Information as appropriate for the proposed use; subject to review and approval by any institutional review board for the proposed use; the subject of an ongoing clinical trial that meets the definition of a Phase I, II or III clinical trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight (this includes diagnostic testing for purposes of possible inclusion in a clinical trial); or any service billed with a temporary procedure code. Devices that are FDA approved under the Humanitarian Use Device exemption are not considered to be Experimental or Investigational. If you have a life-threatening Sickness or condition (one which is likely to cause death within one year of the request for treatment) we may determine that an Experimental or Investigational Service meets the definition of a Covered Service for that Sickness or condition. For this to take place, we must determine that the procedure or treatment is promising, but an Unproven Service, and that the service uses a specific research protocol that meets standards equivalent to those defined by the National Institutes of Health.

Facility means an appropriately licensed Hospital; nursing home; county home or a county nursing home; a freestanding dialysis center; a freestanding Inpatient Rehabilitation Facility; an Ambulatory Surgical Facility; a freestanding cardiac catheterization Facility; a freestanding birthing center; a freestanding or mobile diagnostic imaging center; a freestanding radiation therapy center. A Facility does not include the offices of private Physicians and dentists whether for individual or group practice, an institution for the sick that is operated exclusively for patients who use spiritual means for healing and for whom the acceptance of medical care is inconsistent with their religious beliefs, accredited by a national accrediting organization, exempt from federal income taxation under section 501 of the Internal Revenue Code of 1986, 100 Stat. 2085, 26 U.S.C.A. 1, as amended.

Family Planning Services mean educational, comprehensive medical or social activities which enable individuals, including minors, to select the means by which they can anticipate and attain their desired number of children, the spacing and timing of their births.

Fraud means intentionally, or knowingly and willfully, attempting to execute or participate in a scheme or action to falsely obtain unfair or unlawful financial or personal gain from any health care benefit program. Fraud may include, but is not limited to: seeking reimbursement for services not rendered; selling Prescription Drugs that were prescribed to you to someone else; misrepresenting the date a service was provided; misrepresentation of services (e.g., misrepresenting who rendered the service, the condition or diagnosis of the patient, the charges involved, or the identity of the Provider or recipient); seeking reimbursement for excessive, inappropriate, or unnecessary testing or other services; receiving kickbacks for making a referral or for receiving services related to the referral; altering Claim forms, electronic records, or medical documentation; improper use of your Member ID Card; or providing false information or withholding accurate information relating to eligibility for coverage under this Plan.

Generic Drug means a Prescription Drug that is either:

- Chemically equivalent to a Brand-name Drug; or
- Identified by CareSource as a Generic Drug based on available data resources, including, but not limited to, First DataBank, that classify drugs as either Brand- Name or Generic based on a number of factors. Products identified as a "Generic" by the manufacturer, Pharmacy or your Physician may not be classified as a Generic Drug by the Pharmacy Innovation Partner (PIP).

Grace Period means the time period set forth in Section 3: *How the Plan Works*.

Grievance means a written complaint submitted by or on behalf of a Covered Person.

Health Care Services means services, supplies, devices, or pharmaceutical products for the diagnosis, prevention, treatment, cure, or relief of a health condition, Sickness, Injury, or disease.

Home Health Care Agency means a program or organization authorized by law to provide Health Care Services in the home.

Home Health Care Services means any form of care given within the home. This Home Care can range from care provided by a home health aide, home health nurse, companion, or caregiver and includes intermittent care, respite care, and home therapies. The term Home Care covers both medical and non-medical forms of care.

Hospice Care Program means coordinated program of home, Outpatient, and Inpatient care and services that is operated by a person or public agency and that provides care and services to Hospice Patients, including services to Hospice Patients' families, through a medically directed interdisciplinary team, under interdisciplinary plans of care established pursuant to section 3712.06 of the Ohio Revised Code, in order to meet the physical, psychological, social, spiritual, and other special needs that are experienced during the final stages of illness, dying, and bereavement. Hospice Care Program does not include a pediatric respite care program.

Hospice Patient means a patient who has been diagnosed with a Terminal Illness, has an anticipated life expectancy of six months or less, and has voluntarily requested and is receiving care from a person or public agency licensed under Ohio law to provide a Hospice Care Program.

Hospital means an institution, operated as required by law, that is all of the following: is primarily engaged in providing Health Care Services, on an Inpatient basis, for the acute care and treatment of injured or sick individuals; care is provided through medical, diagnostic and surgical facilities, by or under the supervision of a staff of Physicians; has 24-hour nursing services. A Hospital does not include a place devoted primarily to rest, Custodial Care, or care of the aged and is not a nursing home, convalescent home, or similar institution.

HRA means a health reimbursement arrangement funded solely by employer contributions that reimburses an employee's medical care expenses up to a maximum dollar amount for a coverage period.

HSA Eligible Plan means the plan meets the state, federal, and IRS requirements to be considered a high deductible health plan allowing the Member to leverage the benefits of a health savings account. CareSource plans with the term "HSA Eligible" in the plan name meet this definition.

ID Card means the CareSource Identification Card that you will receive when you are enrolled under the Plan.

Individual Coverage HRA means a health reimbursement arrangement which requires employees and any covered dependents to be enrolled in individual health insurance coverage in order to be covered by and receive reimbursements for medical care expenses from the HRA, which may include premiums and cost sharing for individual health insurance coverage.

Injury means bodily damage other than Sickness, including all related conditions and recurrent symptoms.

Inpatient means relating to a patient who has been admitted to a Hospital, Skilled Nursing Facility, or Inpatient Rehabilitation Facility.

Inpatient Services means Health Care Services relating to a patient admitted to a Hospital, Skilled Nursing Facility, or Inpatient Rehabilitation Facility.

Inpatient Rehabilitation Facility means a Hospital (or a special unit of a Hospital that is designated as an Inpatient Rehabilitation Facility) that provides rehabilitation Health Care Services (e.g., physical therapy, occupational therapy and/or speech therapy) on an Inpatient basis, as authorized by law.

Inpatient Stay means an uninterrupted confinement following formal admission to a Hospital, Skilled Nursing Facility, or Inpatient Rehabilitation Facility.

Insurer means any insurance company; health maintenance organization; self-insurer or multiple employer welfare arrangement not exempt from state regulation or ERISA; provider-sponsored integrated health delivery network; self-insured employer-organized association, or nonprofit hospital, medical-surgical, dental, or health service corporation authorized to transact health insurance business in Ohio.

Marketplace means the health insurance benefit exchange established by the Affordable Care Act for the State of Ohio.

Maternity Services means Health Care Services provided in relation to Pregnancy and delivery of a newborn child. Maternity Services include care during labor, birthing, prenatal care, and postpartum care.

Maximum Allowable Amount means the maximum amount that the Plan will allow and provide Benefits for Covered Services you receive.

Medically Necessary/Medical Necessity means Health Care Services that are determined to be medically appropriate in accordance with CareSource's medical policies and nationally recognized guidelines; are not Experimental or Investigational Services; are necessary to meet the basic health needs of the Covered Person; are rendered in the most cost-efficient manner and type of setting appropriate for the delivery of the Covered Service; are consistent in type, frequency, and duration of treatment with scientifically-based guidelines of national medical, research, or health care coverage organizations or governmental agencies that are accepted by us; are consistent with the diagnosis of the condition; are required for reasons other than the convenience of the Covered Person or his/her Physician; and are demonstrated through prevailing peer-reviewed medical literature to be either: (a) safe and effective for treating or diagnosing the condition or Sickness for which their use is proposed or (b) safe with promising efficacy for treating a life-threatening Sickness or condition in a clinically controlled research setting using a specific research protocol that meets standards equivalent to those defined by the National Institutes of Health.

For purposes of this definition, the term "life threatening" is used to describe Sickness or conditions that are more likely than not to cause death within one (1) year of the date of the request for treatment.

The fact that a Physician has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for an Injury, Sickness, or Behavioral Health Disorder, or the fact that the Physician has determined that a particular Health Care Service is Medically Necessary or medically appropriate does not mean that the procedure or treatment is a Covered Service under the Plan. The definitions of Medically Necessary and Medical Necessity used in this EOC relate only to Benefits and may differ from the way in which a Physician engaged in the practice of medicine may define Medically Necessary or Medical Necessity.

Medicare means Parts A, B, C and D of the insurance program established by Title XVIII, United States Social Security Act, as amended by 42 U.S.C. Sections 1394, *et seq.*, and as later amended.

Medication Assisted Treatment (MAT) is the use of medications, in combination with counseling and behavioral therapies, to provide a “whole-patient” approach to the treatment of substance use disorders. Medications used in MAT are approved by the Food and Drug Administration (FDA) and MAT programs are clinically driven and tailored to meet each patient’s needs. MAT Medications are administered, dispensed, and prescribed in various settings such as a SAMHSA-accredited and certified Opioid Treatment Program (OTP) or certified practitioners depending on the medication.

Member has the same meaning as Covered Person.

Member Services means the part of CareSource devoted to answering questions and assisting Members with finding and using the benefits and services offered by CareSource.

Network means the group of Providers who have agreed with the Plan to provide Health Care Services to Covered Persons at a contracted rate.

Network Benefits, for Physician Health Care Services, are Benefits for Covered Services that are provided by or under the direction of a Physician who is a Network Provider in his or her office or at a Facility that is a Network Provider. For Facility services, these are Benefits for Covered Services that are provided at a Facility that is a Network Provider by a Physician who is a Network Provider or other Network Provider. Network Benefits include Emergency Health Care Services.

Network Provider means a Provider who has entered into a contractual arrangement with us or is being used by us, or another organization that has an agreement with us, to provide certain Covered Services or certain administration functions for the Network associated with this EOC. A Network Provider may also be a Non-Network Provider for other Health Care Services or products that are not covered by the contractual arrangement with us as Covered Services. In order for a Pharmacy to be Network Provider, it must have entered into an agreement with the PIP to dispense Prescription Drugs to Covered Persons, agreed to accept specified reimbursement rates for Prescription Drugs, and been designated by the PIP as a Network Pharmacy.

Non-Covered Services means those Health Care Services that are not Covered Services under this EOC.

Non-Network Provider means a Provider who is not in CareSource’s Network.

Opioid Analgesic means a controlled substance that has analgesic pharmacologic activity at the opioid receptors of the central nervous system, including the following drugs and their varying salt forms or chemical congeners: buprenorphine, butorphanol, codeine (including acetaminophen and other combination products), dihydrocodeine, fentanyl, hydrocodone (including acetaminophen combination products), hydromorphone, meperidine, methadone, morphine sulfate, oxycodone (including acetaminophen, aspirin, and other combination products), oxymorphone, tapentadol, and tramadol.

Opioid Treatment Program. The Plan provides Benefits for Behavioral Health Care Services rendered in an Opioid Treatment Program (OTP) setting by an appropriately certified OTP. These Health Care Services can include Medication Assisted Treatment, diagnostic evaluation, individual and group psychotherapy, and toxicology testing

Outpatient means relating to a patient who has not been admitted to a Hospital, Skilled Nursing Facility, or Inpatient Rehabilitation Facility.

Outpatient Services means Health Care Services other than Inpatient Services.

Pharmacy Innovation Partner (PIP) means a pharmacy innovation partner that we contract with to administer your pharmacy Benefits. The PIP has a nationwide network of retail pharmacies, a mail service pharmacy, and a specialty pharmacy.

PCP means Primary Care Provider, which is a Network Physician, Network Physician group practice, advanced practice nurse, or advanced practice nurse group practice trained in family medicine (general practice), internal medicine, or pediatrics that you select to be responsible for providing or coordinating all Covered Services for Network Benefits.

Pharmacy means an establishment licensed to dispense Prescription Drugs and other medications through a duly licensed pharmacist upon a Physician's order. A Pharmacy may be a Network Provider or a Non-Network Provider.

Pharmacy and Therapeutics Committee means the committee that CareSource (or CareSource's PIP) designates for, among other things, classifying Prescription Drugs into specific tiers on the Prescription Drug List.

Physician means any Doctor of Medicine, "M.D.," or Doctor of Osteopathy, "D.O.," who is properly licensed and qualified by law.

Plan means the CareSource Marketplace Plan.

Pregnancy includes all of the following: prenatal care; postnatal care; childbirth; and any complications associated with Pregnancy.

Premium means the periodic fee required for each Covered Person, in accordance with the terms of the Plan.

Prescription Drug means a medication, product, or device that has been approved by the U.S. Food and Drug Administration and that can, under federal or state law, only be dispensed using a prescription order or refill. A Prescription Drug includes a medication that, due to its characteristics, is appropriate for self-administration or administration by a non-skilled caregiver. For purposes of the Plan, Prescription Drugs include:

- Inhalers (with spacers);
- Insulin;
- Contraceptives;

- Immunizations administered in a Pharmacy;
- And the following diabetic supplies:
 - Insulin syringes with needles
 - Blood testing strips – glucose
 - Urine testing strips – glucose
 - Ketone testing strips and tablets

Prescription Drug Cost means the rate the PIP has agreed to pay its Pharmacies that are Network Providers, including a dispensing fee and any applicable sales tax, for a Prescription Drug dispensed at a Pharmacy that is a Network Provider.

Prescription Drug List means a list that categorizes medications, products, or devices that have been approved by the U.S. Food and Drug Administration into tiers. This list is subject to periodic review and modification (generally quarterly). You may determine to which tier a particular Prescription Drug has been assigned by contacting CareSource at the toll-free number on your ID Card or by using the Find My Prescription tool on CareSource.com.

Preventive Health Care Services means routine or screening Health Care Services that are designated to keep you in good health and to prevent unnecessary Injury, Sickness, or disability, including but not limited to the following as may be appropriate based on your age and/or gender: Evidence-based items or Health Care Services with an "A" or "B" rating from the U.S. Preventive Services Task Force (USPSTF); immunizations for routine use in children, adolescents, and adults with a recommendation in effect from the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention; evidence-informed preventive care screenings for infants, children, and adolescents provided in guidelines supported by the Health Resources and Services Administration (HRSA); and evidence-informed preventive care and screening for women provided in guidelines supported by HRSA and not otherwise addressed by the USPSTF. The complete list of recommendations and guidelines can be found at: <http://www.HealthCare.gov/center/regulations/prevention.html> and the other websites listed under Section 5: *Your Covered Services, Preventive Health Care Services* (collectively, the "List"). The List will be continually updated to reflect both new recommendations and guidelines and revised or removed guidelines.

Prior Authorization means any practice implemented by us in which Benefits for a Health Care Service is dependent upon a Covered Person or a Provider obtaining approval from us prior to the Health Care Service being performed, received, or prescribed, as applicable. This includes prospective or utilization review procedures conducted prior to providing a Health Care Service.

Provider means a duly licensed person, Pharmacy, or Facility that provides Health Care Services within the scope of an applicable license and is a person, Pharmacy, or Facility that we approve. This includes any Provider rendering Health Care Services that are required by applicable state law to be covered when rendered by such Provider. Providers include, but are not limited to, the following persons, Pharmacies, and Facilities listed below. If you have a question about a Provider, please call the number on the back of your ID Card.

- **Alternative Care Facility** – A non-Hospital health care Facility, or an attached Facility designated as free standing by a Hospital that we approve, which provides Outpatient Services primarily for but not limited to:
 - Diagnostic Services such as Computerized Axial Tomography (CAT scan) or Magnetic Resonance Imaging (MRI);
 - Surgery;
 - Therapy Services or rehabilitation.
- **Ambulatory Surgical Facility** - A Facility, with an organized staff of Physicians, that:
 - Is licensed as such, where required;
 - Has permanent facilities and equipment for the primary purpose of performing surgical procedures on an Outpatient basis;
 - Provides treatment by or under the supervision of Physicians and nursing services whenever the patient is in the Facility;
 - Does not provide Inpatient accommodations; and
 - Is not, other than incidentally, used as an office or clinic for the private practice of a Physician or other professional Provider.
- **Day Hospital** - A Facility that provides day rehabilitation services on an Outpatient basis.
- **Dialysis Facility** - A Facility that mainly provides dialysis treatment, maintenance or training to patients as an Outpatient or at your home. A Dialysis Facility is not a Hospital.
- **Substance Use Disorder Treatment Facility** - A Facility that provides detoxification and/or rehabilitation treatment for substance use.
- **Home Health Care Agency** - A Facility, licensed in the state in which it is located, that:
 - Provides skilled nursing and other services on a visiting basis in the Covered Person's home; and
 - Is responsible for supervising the delivery of such services under a plan prescribed and approved in writing by the attending Physician.
- **Home Infusion Therapy Provider** – Services that may include:
 - Skilled nursing services;
 - Prescription Drugs;
 - Medical supplies and appliances in the home as home infusion therapy for Total Parenteral Nutrition (TPN), Antibiotic Therapy, Intravenous (IV) Chemotherapy, Enteral Nutrition Therapy, or IV pain management.
- **Hospice** - A coordinated plan of home, Inpatient, and Outpatient care that provides palliative and supportive medical and other Health Care Services to terminally ill patients, an interdisciplinary team provides a program of planned and continuous care, of which the medical components are under the direction of a Physician, and care is available 24 hours a day, seven days a week. A Hospice must meet the licensing requirements of the state or locality in which it operates.

- **Hospital** - A Provider constituted, licensed, and operated as set forth in the laws that apply to Hospitals that:
 - Provides room and board and nursing care for its patients;
 - Has a staff with one or more Physicians available at all times;
 - Provides 24-hour nursing service;
 - Maintains on its premises all the facilities needed for the diagnosis, medical care, and treatment of Sickness or Injury; and
 - Is fully accredited by the Joint Commission on Accreditation of Health Care Organizations.

The term Hospital does not include a Provider, or that part of a Provider, used mainly for:

- Nursing care;
 - Rest care;
 - Convalescent care;
 - Care of the aged;
 - Custodial Care; or
 - Educational care
- **Community Behavioral Health Center** - A provider group that mainly provides Behavioral Health Care Services for the treatment of Behavioral Health Disorders on an Outpatient basis.
 - **Pharmacy** – An establishment licensed to dispense Prescription Drugs and other medications through a duly licensed pharmacist upon a Physician’s order.
 - **Physician** - A legally licensed doctor of medicine, doctor of osteopathy (bones and muscles), Chiropractor (spinal column and other body structures), dental surgeon (teeth), podiatrist (diseases of the foot) or surgical chiropodist (surgical foot specialist) or optometrist (eye and sight specialist).
 - **Psychiatric Hospital** - A Facility that is primarily engaged in providing Behavioral Health Care Services for the Inpatient treatment of Behavioral Health Disorders. Such services are provided, by or under the supervision of, an organized staff of Physicians. Continuous nursing services are provided under the supervision of a Registered Nurse. These facilities may be considered Institutions of Mental Disease (IMD).
 - **Psychiatrist** – A licensed clinical psychiatrist. In states without licensure laws, a psychiatrist must be certified by the appropriate professional body.
 - **Psychologist** - A licensed clinical psychologist. In states where there is no licensure law, the psychologist must be certified by the appropriate professional body.
 - **Rehabilitation Hospital** - A Facility that is primarily engaged in providing rehabilitation services on an Inpatient or Outpatient basis. Rehabilitation care services consist of the combined use of medical, social, educational, and vocational services to enable patients disabled by disease or Injury to achieve some reasonable level of functional ability and services are provided by or under the supervision of an organized staff of Physicians. Continuous nursing services are provided under the supervision of a Registered Nurse.

- **Retail Health Clinic** - A Facility that provides limited basic medical care services to Covered Persons on a "walk-in" basis. These clinics normally operate in major pharmacies or retail stores and may also be referred to as a Convenience Care Clinic. Medical services are typically provided by physician's assistants and nurse practitioners.
- **Skilled Nursing Facility** - A Provider constituted, licensed, and operated as set forth in applicable state law, that:
 - Mainly provides Inpatient Services for persons who are recovering from an Sickness or Injury;
 - Provides care supervised by a Physician;
 - Provides 24-hour per day nursing care supervised by a full-time Registered Nurse;
 - Is not a place primarily for care of the aged, Custodial or Domiciliary Care, or treatment of alcohol or drug dependency; and
 - Is not a rest, educational, or custodial Provider or similar place.
- **Social Worker** - A licensed clinical social worker. In states in which there is no licensure law, the social worker must be certified by the appropriate professional body.
- **Urgent Care Center** - A licensed Facility that is organizationally separate from a Hospital and whose primary purpose is the offering and provision of immediate, short-term medical care, without appointment, for Urgent Care.

Qualified Health Plan means a health plan offering on the Marketplace that satisfies the requirements set forth under the Affordable Care Act at 42 U.S.C. § 18021(a)(1).

Record means any written, printed, or electronically recorded material maintained by a Provider in the course of providing Health Care Services to a patient concerning the patient and the services provided. Record also includes the substance of any communication made by a patient to a provider in confidence during or in connection with the provision of Health Care Services to a patient or information otherwise acquired by the Provider about a patient in confidence and in connection with the provision of Health Care Services to a patient.

Regular Basis means you have received Health Care Services in the last twelve (12) months from a PCP or Provider.

Rescission means a cancellation of coverage that has retroactive effect. Rescission is allowed if it is due to Fraud or intentional misrepresentation of a material fact. See Section 12: *When Coverage Ends – Rescission* for more information.

Residential Treatment Program means Behavioral Health Care Services, which does not meet the definition of Inpatient Hospital care but requires a patient to reside at an appropriately certified or licensed Residential Treatment Center for the duration of the treatment period. Residential Treatment Programs are designed to treat groups of patients with similar Behavioral Health Disorders, living within a congregate living community with 24-hour support.

Responsible Party means the person responsible for payment of Premiums, Copayments, Coinsurance and Deductibles.

Rider/Enhancement means any attached written description of additional Covered Services not described in Sections 1 through 13 of this EOC. Covered Services provided by a Rider/Enhancement may be subject to payment of additional Premiums by the Covered Person. Riders/Enhancements are subject to all conditions, limitations, and Exclusions of the Plan except for those that are specifically amended in the Rider/Enhancement.

Schedule of Benefits means the written description of the Benefits that are available for Covered Services that is provided to you when you are enrolled under the Plan.

Semi-private Room means a room with two or more beds. When an Inpatient Stay in a Semi-private Room is a Covered Service, the difference in cost between a Semi-Private Room and a private room is a Benefit only when a private room is Medically Necessary or when a Semi-private Room is not available.

Serious and Complex Condition means,

- In the case of an acute illness, a condition that is serious enough to require specialized medical treatment to avoid the reasonable possibility of death or permanent harm; or
- In the case of a chronic illness or condition, a condition that is:
 - Life-threatening, degenerative, potentially disabling, or congenital; and
 - Requires specialized medical care over a prolonged period of time.

Service Area means the geographic area we serve approved by the appropriate regulatory agency and in which we have Network Providers. Contact us to determine the exact geographic area we serve. The Service Area may change from time to time.

Sickness means physical sickness, disease or Pregnancy. The term Sickness as used in this EOC does not include Behavioral Health Disorders or Substance Use Disorders, regardless of the cause or origin of the Behavioral Health Disorder or Substance Use Disorder.

Skilled Nursing Facility means a Hospital or nursing Facility that is licensed and operated as required by law.

Specialist means a Network Provider, other than a Primary Care Physician, who provides services within a designated specialty area of practice.

Stabilize means the provision of such medical treatment as may be necessary to assure, within reasonable medical probability, that no material deterioration of a Covered Person's medical condition is likely to result from or occur during a transfer, if the medical condition could result in any of the following:

- Placing the health of the Covered Person or, with respect to a pregnant woman, the health of the woman or her unborn child, in serious jeopardy;
- Serious impairment to bodily functions;
- Serious dysfunction of any bodily organ or part.

In the case of a woman having contractions, "Stabilize" means such medical treatment as may be necessary to deliver, including the placenta.

Substance Use Disorder means those alcoholism and substance use disorders that are listed in the current *Diagnostic and Statistical Manual of Mental Disorders (DSM)* (American Psychiatric Association).

Synchronous, real-time communication means a live, two-way interaction between a patient and a dentist conducted through audiovisual technology

Teledentistry means the delivery of dental services through the use of synchronous, real-time communication and the delivery of services of a dental hygienist or expanded function dental auxiliary pursuant to a dentist's authorization.

Telehealth Services means Health Care Services provided through the use of information and communication technology by a health care professional, within the professional's scope of practice, who is located at a site other than the site where either of the following is located: the patient receiving the services; another health care professional with whom the provider of the services is consulting regarding the patient.

Terminal Condition means an irreversible, incurable, and untreatable condition that is caused by disease, illness, or injury and will likely result in death. A Terminal Condition is one in which there can be no recovery, although there may be periods of remission.

Terminal Illness means a medical condition for which a Covered Person has a medical prognosis that his or her life expectancy is six (6) months or less if the condition runs its normal course, as certified by the Covered Person's Physician.

Therapeutic Abortion means an abortion performed to save the life or health of a mother, or as a result of incest or rape.

Therapeutically Equivalent means Prescription Drugs that can be expected to produce essentially the same therapeutic outcome and toxicity.

Third Party means any individual, automobile insurance company, or public or private entity against which a Covered Person or the Covered Person's estate has a Tort Action.

Tort Action means a civil action for Injury, death, or loss to a Covered Person. "Tort action" includes any claim for damages for Injury, death, or loss to person, whether or not a lawsuit is pending, or a Claim in connection with uninsured or underinsured motorist coverage but does not include a civil action for breach of contract or another agreement between persons.

United States means the country commonly called the United States (US or U.S.) or America, consisting of fifty (50) states and the Federal District of Washington D.C.

Unproven Service or Unproven means Health Care Services, including medications that are not consistent with conclusions of prevailing medical research, that demonstrate that the service has a beneficial effect on health outcomes and that are not based on trials that meet either of the following designs: (a) well-conducted randomized controlled trials (two or more treatments are compared to each other, and the patient is not allowed to choose which treatment is received) or (b) well-conducted cohort studies (patients who receive study treatment are compared to a group of patients who receive standard therapy and the comparison group must be nearly identical to the study treatment group.)

Decisions about whether to cover new technologies, procedures, and treatments will be consistent with conclusions of prevailing medical research, based on well-conducted randomized trials or cohort studies, as described.

If you have a life-threatening Sickness or condition (one that is likely to cause death within one (1) year of the request for treatment) we may determine that an Unproven Service meets the definition of a Covered Service for that Sickness or condition. For this to take place, we must determine that the procedure or treatment is promising, but unproven, and that the service uses a specific research protocol that meets standards equivalent to those defined by the National Institutes of Health.

Urgent Care Services means those Health Care Services that are appropriately provided for an unforeseen condition of a kind that usually requires medical attention without delay, but that does not pose a threat to the life, limb, or permanent health of the Covered Person, and may include such Health Care Services provided by Non-Network Providers.

Utilization Management means a system for reviewing the appropriate and efficient allocation of health care services under a health benefits plan according to specified guidelines, in order to recommend or determine whether, or to what extent, a health care service given or proposed to be given to a covered person should or will be reimbursed, covered, paid for, or otherwise provided under the plan. The system may include preadmission certification, the application of practice guidelines, continued stay review, discharge planning, preauthorization of ambulatory care procedures, and retrospective review.

Zero Cost Telehealth Partner means specific providers or partners that we have negotiated the ability to provide Telehealth Services with no additional member cost share. As with our other Network Providers, these partners are subject to change and may limit the number of patients they will accept and may have other limitations and restrictions. There is not a guarantee or assurance that you will be able to receive Telehealth Services from any certain Zero Cost Telehealth Partner during the Benefit Year. Services offered by each Zero Cost Telehealth Partner may vary and may not include certain specialty services including behavioral health services.

SECTION 3 – HOW THE PLAN WORKS

This section includes information on:

- Benefits;
- Your Financial Obligations;
- Your PCP;
- Specialty Care; and
- Authorization Requirements.

Benefits

The Service Area

The Service Area is the geographical area within which we have developed our Network of Providers. Please visit our website for a map of the Plan's Service Area. The Plan is available to you if you live in the Service Area. If you plan to move out of the Service Area, please contact Member Services.

Out of Service Area Dependent Child Coverage

Benefits for Covered Services for enrolled Dependent children who reside outside the Service Area are payable at the Network level and are limited to the Maximum Allowable Amount. Payment is subject to any Coinsurance, Copayment and/or Deductible. You may be responsible for any amount in excess of the Maximum Allowable Amount. As restricted for all members, coverage for services outside of the Service Area is limited to Network Providers with the exception of Emergency Health Care Services, including Emergency Ambulance Services, and Urgent Care Services.

Network Providers

We arrange for Providers to participate in our Network. Because of the importance of knowing whether Benefits are available to you when you use a Provider, you need to verify a Provider's status as a Network Provider by either calling Member Services at the toll-free telephone number on your ID Card or by logging onto our website.

Looking for a Network Provider?

The directory of our Network Providers, called "Find A Doctor," is on our website at findadoctor.CareSource.com. A printed directory may be provided to you free of charge. Find A Doctor is updated at least monthly.

NOTE: Network Providers are subject to change. Network Providers may also limit the number of patients they will accept and have other limitations and restrictions. There is not a guarantee or assurance that you will be able to receive Health Care Services from any certain Network Provider or other Provider during the Benefit Year.

NOTE: It is important you receive Health Care Services from Network Providers because Health Care Services you receive from Non-Network Providers are generally not reimbursable or covered by the Plan and the Non-Network Provider may bill you directly for the entire amount of any Health Care Services received, except as otherwise provided in this section, elsewhere in this Evidence of Coverage, and as required by law.

Covered Services From Network Providers

We provide Benefits when you receive Covered Services from Network Providers. In order to receive Benefits for Covered Services, you must choose a Network Provider to provide your Health Care Services.

Services Provided by Non-Network Providers

While the Plan expects you to receive Health Care Services from Network Providers, there are situations where the Plan will cover Health Care Services from Non-Network Providers. When this is allowed, these Benefits will be considered Covered Services and any applicable Copayment, Coinsurance, Annual Deductible, or Annual Out-of-Pocket Maximum requirements will be the same as if you obtained the Health Care Services from a Network Provider. Health Care Services you receive from Non-Network Providers are Covered Services if:

- You receive Emergency Health Care Services, which includes Emergency Ambulance Services;
- You receive Urgent Care Services while you are temporarily outside the Service Area;
- There is a specific situation involving the continuity of your health care, as explained below in this Section 3;
- You receive Health Care Services from a Non-Network Provider (such as an anesthesiologist, pathologist, Emergency Room Physician, consulting Physician or radiologist) while you are in a Hospital or other Facility that is a Network Provider.
- The Health Care Services you need are Covered Services under the Plan and not available from a Network Provider or Facility. In this case, you, your PCP or Non-Network Provider must obtain our Prior Authorization.

With exception to Emergency Health Care Services, Urgent Care Services, and services provided by a non-Network Provider while in a Network Facility, if a Prior Authorization is not received, Health Care Services provided by a Non-Network Provider or Facility are not Covered Services. Ohio Revised Code 3902.50 through 3902.54, Ohio Administrative Code 3901-8-17, and the federal No Surprises Act establish patient protections including from out-of-network providers' surprise bills (balance billing) for emergency care and other specified items or services. We will comply with these new state and federal requirements including how we process claims from certain out-of-network providers.

With exception to Emergency Health Care Services, Emergency Ambulance Services, and services provided by a Non-Network Provider while in a Network Facility, for Health Care Services provided by Non-Network Providers or Facilities:

- You or the Non-Network Provider are required to obtain a Prior Authorization before receiving the services. Failure to obtain a Prior Authorization will result in the services being considered Non-Covered Services;

- Will be payable at the Network level and are limited to the Maximum Allowable Amount.
- You will be responsible for filing the Claim;
- You will also be responsible for payment of any:
 - Non-Covered Services;
 - Services that are not Medically Necessary; and/or
 - The difference between the amount(s) charged and the Allowed Amount(s) plus any Deductible and/or Coinsurance/Copayment.

When delivered by a Non-Network Provider or Facility, Emergency Health Care Services, Emergency Ambulance Services, and services provided while in a Network facility, are handled somewhat differently:

- You or the Non-Network Provider will need to obtain a Prior Authorization for non-network provided services in a network facility, however, you will not need a Prior Authorization for Emergency Health Care Services or Emergency Ambulance Services;
- With exception to ground based Emergency Ambulance Services, you will be held harmless from surprise medical bills and Non-Network Providers will not be allowed to balance bill you unless you authorize and specifically **consent to the out-of-network care**;
 - **Consent to out-of-network care** is limited to scenarios where a Non-Network Provider is providing ancillary services (such as emergency medicine, anesthesiology, pathology, radiology, and neonatology, whether or not provided by a physician or non-physician practitioner, and items and services provided by assistant surgeons, hospitalists, and intensivists) while in a Participating Facility. The Provider is required to provide you notice of their network status and an estimate of charges at least 72 hours prior to receiving out-of-network services, or the day the appointment is made if the service is scheduled less than 72 hours in the future. You will have the choice to consent to this or not. If you consent, the Non-Network Provider will be allowed to bill you for any amount not covered by us.

What You Must Pay

Premium Payments

Your monthly payment may be paid online at [CareSource.com/MPpay](https://www.caresource.com/MPpay), by calling 1-833-230-2099, or mailing to CareSource at P.O. Box 630568, Cincinnati, Ohio 45263-0568. You can also find this information on our website. You will receive a monthly bill for your Premium. Your payment is due by the date stated on the bill. You must pay your Premium when it is due in order for your Benefits to continue. You will not receive Benefits for Covered Services if we do not receive your Premium payments. We will also accept certain Third-Party Payments in accordance with 45 C.F.R. § 156.1250.

Your premium rate is guaranteed for the duration of the Benefit Year, which in certain circumstances may be less than 12 months. We reserve the right to change the Premium annually. You will receive sixty (60) calendar days' notice of any change to the Premium amount, unless otherwise directed by law or the Marketplace. Notification of change in Premium subsidy levels is handled by the Marketplace.

If the Premium has been paid for any period of time after coverage under the Plan is terminated, we will refund that Premium to you. The refund will be for the period of time after your coverage ends. Any applicable refund will be issued within thirty (30) days of the date the termination is processed, the termination date, or the payment date, whichever is later.

Grace Period

Once you have paid your Binder Payment and Effectuated your coverage, you will be eligible for a Grace Period for the payment of any subsequent Premiums. The Grace Period is triggered as the result of you not paying your Premium in full by the due date and will impact how the Plan processes and pays your claims during this period. The specifics of the Grace Period vary depending upon whether or not you are receiving an Advance Premium Tax Credit (APTC).

If you are receiving APTC at the time you enter the Grace Period, your Grace Period will be the three (3) consecutive months following your missed Premium payment. During this period, we shall:

1. Continue to pay for Covered Services during the first month of the Grace Period;
2. Hold processing of non-Prescription Drug Claims for Covered Services provided during the second and third months of the Grace Period, or reserve the right to recover any amounts we may pay during this period;
3. Reject Prescription Drug Services rendered during the second and third months of Grace Period;
4. Notify Network Providers of the possibility for denied Claims during the second and third months of the Grace Period.

If you are not receiving APTC at the time you enter the Grace Period, your Grace Period will be thirty-one (31) consecutive calendar days following the due date of your unpaid Premium. During this period, we shall:

1. Hold processing of non-Prescription Drug Claims for Covered Services provided during the Grace Period, or reserve the right to recover any amounts we may pay during this period;
2. Reject Prescription Drug Services rendered during the Grace Period;
3. Notify Network Providers of the possibility for denied Claims during the Grace Period.

There are two ways for the Grace Period to come to an end:

1. Paying the Premium amount due in full before the Grace Period expires. When this occurs:
 - a. We will process all non-Prescription Drug Claims that were held;
 - b. We will notify Network Providers and the United States Department of Health and Human Services, where appropriate, that you are no longer in the Grace Period;
 - c. We recommend that you contact your Pharmacy to have your Prescription Drug Claims reprocessed.
2. Expiration of the Grace Period without paying the Premium amount due in full. When this occurs:
 - a. We will terminate your coverage back to the end of the first month of the Grace Period if you are receiving APTC and to the end of the last month paid for those not receiving APTC.

- b. We will deny any claims held during the Grace Period;
- c. We will notify Network Providers and the United States Department of Health and Human Services, where appropriate, that you are no longer in the Grace Period;
- d. See *Section 12: When Coverage Ends* for further details.

If you have not Effectuated your coverage, then the Grace Period provisions stated above do not apply to you. You are responsible for the costs of Health Care Services you received for any period of time that the policy is not Effectuated.

NOTE: Depending on how coverage was selected during the open enrollment period or during a special enrollment period, this EOC may be automatically Effectuated.

Annual Deductible

The Annual Deductible is the amount you must pay in a Benefit Year before we will provide Benefits for some Health Care Services. Please refer to your Schedule of Benefits for a detailed listing of those Health Care Services that are subject to the Annual Deductible. Benefits for Preventive Health Care Services and some Prescription drugs are not subject to the Annual Deductible. The amounts you pay toward your Annual Deductible accumulate during the Benefit Year.

Eligible Expenses

Eligible Expenses, generally, are charges for Covered Services (*see* the full definition in the Glossary). For certain Covered Services, we will not pay Eligible Expenses until you have met your Annual Deductible for that Benefit Year.

Coinsurance

Coinsurance is a fixed percentage of Eligible Expenses that you are responsible for paying for certain Covered Services.

Coinsurance - Example

You have met your Annual Deductible. You receive Plan Benefits for Home Health Care Services from a Network Provider. Assume that we pay 80%, you are responsible for paying the other 20%. This 20% amount is your Coinsurance.

Copayment

Copayment is a fixed dollar amount that you are required to pay for certain Covered Services, which is usually paid when you received the service. Copayments may vary based on the type of Health Care Service received.

Annual Out-of-Pocket Maximum

The Annual Out-of-Pocket Maximum is the maximum amount that you will pay each Benefit Year for most Covered Services. For a complete definition of Annual Out-of-Pocket Maximum, see Section 2: *Definitions*. After you have met your Annual Out-of-Pocket Maximum for a Benefit Year, we will pay 100% of Eligible Expenses for Covered Services through the end of that Benefit Year. For family coverage, each individual covered member within your family is contributing toward the family Annual Out-of-Pocket Maximum. However, for each individual covered member within your family, the maximum amount each member would pay toward the family Annual Out-of-Pocket Maximum is the individual Out-of-Pocket Maximum. The table below shows what does and does not apply toward your Annual Out-of-Pocket Maximum:

Plan Features	Applies to the Annual Out-of-Pocket Maximum?
Copayments	Yes
Payments toward the Annual Deductible	Yes
Coinsurance Payments	Yes
Charges for Non-Covered Services	No
Adult Dental, Vision, & Fitness Benefits, if applicable	No
Premium Payments	No
Balance billed charges	No

If You Receive a Bill From a Network Provider

With the exception of a Copayment, Coinsurance, or Deductible amount, Network Providers may not bill you for Covered Services. Network Providers are required to limit any Copayment, Coinsurance, or Deductible amounts you may be responsible for to the Maximum Allowed Amount. However, Network Providers are permitted to bill you for Non-Covered Services. Please refer to Section 9: *Complaint Process and Adverse Benefit Determination Appeals* if you believe you received a bill that you should not have received.

NOTE: Please refer to Section 3: *How the Plan Works, Services Provided by Non-Network Providers* for more information on when Non-Network Providers may bill you for Health Care Services you receive, regardless of whether they are Covered Services or Non-Covered Services under the Plan.

CareSource Does Not Pay for All Health Care Services

Benefits are limited to Covered Services. For a definition of Covered Services, see Section 2: *Definitions*. Not all Health Care Services will be covered by us.

Your Primary Care Provider

Choose a PCP

CareSource allows you to choose a Primary Care Provider (PCP) who is a Network Provider. Your Network PCP will work with you to direct your health care. Your PCP will treat you for most of your routine health care needs. If needed, your PCP will send you to other doctors (Specialists) or admit you to the Hospital, though their referral is not required. If you prefer, we will be happy to assist you in selecting your Network PCP. For information on how to select a PCP and for a list of Network PCPs, please contact Member Services or visit our website.

Your PCP can be an individual Physician, Physician group practice, advanced practice nurse, or advanced practice nurse group trained in family medicine (general practice), internal medicine, or pediatrics. You may choose a Network Provider who is a pediatrician to serve as a child's PCP. Sometimes a Specialist may need to be your PCP. If you and/or your Specialist believe that he or she should be your PCP, you should call Member Services.

A woman covered under this Plan may choose a Network Provider who specializes in obstetrical or gynecological care to serve as her PCP. The Plan does not require a woman to obtain Prior Authorization from us or from any other person (including a PCP) in order to obtain access to obstetrical or gynecological care from a Network Provider who specializes in obstetrics or gynecology. For a list of Network Providers who specialize in obstetrics or gynecology, contact Member Services or visit our website.

NOTE: Network Providers, including PCPs, are subject to change. Network PCPs may also limit the number of patients they can accept and have other limitations and restrictions. There is not a guarantee or assurance that you will be able to receive Health Care Services from any certain PCP during the Benefit Year.

Visit Your PCP

It is important that you start to build a good doctor-patient relationship with your PCP as soon as you can. After you enroll in the Plan, we recommend that you visit your PCP if you have not met him or her. You can reach your PCP by calling the PCP's office. Introduce yourself as a new Plan Member and schedule an appointment. This will help you get to know your new PCP. It is important to try to see your PCP within your first thirty (30) calendar days of enrollment. If applicable, you should ask your previous doctor to send your medical records to your new PCP. (Note: Your previous doctor may charge you for copies.) If you have difficulty getting an appointment with or seeing your PCP or any Network Provider, please call CareSource Member Services.

Changing Your PCP

We hope you are happy with the PCP you have chosen, but we know that you may decide to choose a different PCP in the future. If you choose a different PCP, you must choose a PCP who is in the Network. You can call us if you need help choosing another PCP.

Please see Section 3: How the Plan Works, Continuity of Care for more information how to obtain Covered Services from Providers who leave the Network.

If You Can't Reach Your PCP

Your PCP or covering Provider is available to provide and refer you for care 24 hours a day. If your PCP cannot take your call right away, always leave a message with the office staff or answering service. You should wait a reasonable amount of time for someone to call you back unless you require Emergency Health Care Services. You do not need to call your PCP before seeking Emergency Health Care Services. If you are unable to reach your PCP or the covering Provider, call Member Services during Business Hours or CareSource24 after or before Business Hours.

Canceling Provider Appointments

If you have to cancel an appointment with your PCP or any Provider, always do so as far in advance of your appointment as possible. Providers may charge you for missed appointments. We do not pay, provide coverage, or reimburse you for any missed appointment charges.

When You Need Specialty Care

If you think you need specialty care, we encourage you to first call your PCP. Your PCP can tell you whether you need specialty care and may refer you to an appropriate Network Specialist.

NOTE: We do not require that you receive a referral before receiving Covered Services from a Network Specialist. The Plan allows you direct access to all Network Specialists. However, before you visit a Network Specialist, we recommend that you check with your PCP or Network Specialist to make sure that you, your PCP or Network Specialist have obtained any required Prior Authorization from us.

Providers Who Leave the Network

Once the Plan is aware that a PCP or Hospital, who you see on a Regular Basis, is leaving the Network or there is a change in the PCP's Hospital affiliation, the Plan will provide you written notice within thirty (30) days after the PCP or Hospital leaves the Network or of the change in the PCP's Hospital affiliation takes place. We will pay for Covered Services you receive from your PCP or Hospital between the date the provider leaves the Network and five (5) days after we mail you written notice. The Plan will pay for such Benefits as if the PCP or Hospital is in-Network, and the Plan will calculate any Copayments, Coinsurance or Annual Deductibles at the in-Network rates. Neither the PCP nor the Hospital is permitted to balance bill; contact the Plan if you receive a bill for other than Copayments, Coinsurance or Annual Deductibles.

You can call us if you need help choosing another PCP. You can also call us if you need help choosing any other Provider who you may need to see on a regular basis.

Continuity of Care

While you are expected to seek Health Care Services from Network Providers, when appropriate, we will manage continuity of care requests for you by coordinating care across the Network to ensure that your care is not disrupted or interrupted. Continuity of care concerns may arise when a Non-Network Provider is treating you when you first enroll in the Plan. In addition, continuity of care issues may arise when a Network Provider is no longer a Provider within our Network or when you are or will be receiving services for which a Prior Authorization was received from another plan or payer.

If your circumstances fall within the provisions identified below, you will be eligible for continuity of care from a Non-Network Provider for the listed period of time.

Continuity of Care for Existing Covered Persons

When a Provider who you see on a regular basis leaves the Network, we will use our good faith efforts to notify you thirty (30) days before the Provider leaves if you enrolled with CareSource through the Marketplace.

If you are enrolled in a QHP on-exchange product and undergoing an Active Course of Treatment with your PCP or a Provider who you see on a regular basis and your Provider was removed from the Network without cause, then the Plan will offer continuing coverage with that Provider. Such continuing coverage shall be for a period of up to ninety (90) days from the date that the PCP or Provider left the Network or until your treatment is complete, whichever is shorter. We will pay for such Benefits as if the PCP or Provider is in-Network, and we will calculate any Copayments, Coinsurance or Deductibles at the in-Network rates. However, if you have successfully transitioned to a Network Provider, met or exceeded the Benefit limits under the Plan, or if the treatment is not Medically Necessary, then we may not authorize continuing coverage with that Provider.

If you are a woman in your second or third trimester of Pregnancy and the Network Provider you are seeing in connection with your Pregnancy leaves the Network (for reasons other than Fraud or quality of care), you may continue to receive Covered Services from that Provider through the delivery of your child, immediate postpartum care, and examination within the first six (6) weeks following delivery. Your Provider should contact the Medical Management Department to obtain our Prior Authorization.

If you have a Terminal Illness, and the Provider you are seeing in connection with your Terminal Illness is no longer participating in the Plan (for reasons other than Fraud or quality of care), you may, with our Prior Authorization, continue to receive coverage for Covered Services provided by that Provider until you no longer need Health Care Services. Please have your Provider contact the Medical Management Department to obtain our Prior Authorization.

NOTE: Please reference Section 12: *When Coverage Ends, Benefits after Termination* for more information on when you are receiving Inpatient Health Care Services in a Hospital and your Benefits under the Plan have been terminated.

Continuity of Care for New Covered Persons

If you are a new Covered Person of the Plan, we will provide coverage for Covered Services provided by your existing Physician or nurse practitioner, if he or she is a Non-Network Provider, as follows:

1. For up to thirty (30) days after your coverage effective date, if:
 - a. The Physician or nurse practitioner does not participate in another Marketplace Qualified Health Plan for which you are eligible through the Marketplace; or
 - b. The Physician or nurse practitioner is providing you with an Active Course of Treatment or is your PCP.

2. Through your first postpartum visit, if you are a new Covered Person in your second or third trimester of Pregnancy. If you are a woman in your first trimester of Pregnancy when your coverage becomes effective and the Provider you are seeing in connection with your Pregnancy is a non-Network Provider, you must choose a Network Provider in order to receive Benefits.
3. Until death if you are a new Covered Person with a Terminal Illness.

You must obtain our Prior Authorization before continuing your care with a Non-Network Provider.

Prior Authorization

Prior Authorization is the process used by us to determine whether those Health Care Services listed on our Prior Authorization List meet evidence-based criteria for Medical Necessity and are Covered Services under your Plan prior to the Health Care Service being provided. It is the responsibility of your Network Provider to obtain Prior Authorization. If you receive Health Care Services from a Non-Network Provider, you or the Non-Network Provider are responsible for obtaining Prior Authorization for the Health Care Services described on the Prior Authorization List. Please check with your Provider to ensure that your Provider has obtained Prior Authorization prior to you receiving any Health Care Services listed on the Prior Authorization List. The Prior Authorization List is available by calling Member Services at 1-833-230-2099 or by viewing it on our website at [CareSource.com/marketplace](https://www.caresource.com/marketplace).

If your Network Provider fails to obtain Prior Authorization from us for Health Care Services as required by us and such Provider renders such Health Care Services to you, the Network Provider shall be responsible for the costs of such Health Care Services and neither the Plan nor you will be required to pay for such Health Care Services.

For services provided by a Non-Network Provider, if Prior Authorization is not obtained by you or your Non-Network Provider, you are responsible for making full payment to the Non-Network Provider.

Prior Authorization is not required from us before you get Emergency Health Care Services. If you have an Emergency, call 911 or go to the nearest Emergency Room or other appropriate setting.

If you are a woman, you do not need authorization from us or from any other person (including a PCP) in order to obtain access to obstetrical or gynecological care from a Network Provider who specializes in obstetrics or gynecology; however, the Network Provider may be required to obtain prior authorization for certain Health Care Services. Please ensure that your Provider obtains any necessary Prior Authorizations.

Retroactive Denial of a Prior Authorization

If we, or a utilization review organization acting on our behalf, authorizes a proposed Health Care Service to be provided by a Network Provider based upon the complete and accurate submission of all necessary information relative to a Covered Person, we will not retroactively deny this authorization if the Network Provider renders the Health Care Service in good faith and pursuant to the authorization and all of the terms and conditions of this EOC and the Network Provider's contract with us.

Benefit Determinations

In processing Claims, we review requests for (1) Prior Authorization, (2) Predetermination, and (3) Retrospective Medical Review to determine whether the requested Benefits are Covered Services. This process is described below. If you have any questions regarding the information contained in this section, you may call Member Services at 1-833-230-2099.

Most Network Providers know which services require Prior Authorization and should obtain any required Prior Authorization or request a Predetermination if they feel it is necessary. The ordering Network Provider will contact us to request Prior Authorization or a Predetermination review. We will work directly with your Network Provider regarding such Prior Authorization requests. However, you may designate an Authorized Representative to act on your behalf for a specific request.

We will use our clinical coverage guidelines in determining whether Health Care Services are Covered Services. These guidelines reflect the standards of practice and medical interventions identified as appropriate medical practice. We reserve the right to review and update these clinical coverage guidelines periodically.

You are entitled to receive, upon request and free of charge, reasonable access to any documents relevant to your request for Health Care Services. To request this information, please contact Member Services.

Types of requests for Prior Authorization, Predetermination, and Retrospective Medical Review:

Urgent Review Request - A request for review of any adverse decision of any prior authorization determination for medical care or treatment with respect to which the application of the time periods for making non-urgent care determinations: (1) could seriously jeopardize the life, health or safety of the member or others as a result, (2) could seriously jeopardize the life, health, or safety of the member or others due to the member's psychological state, (3) in the opinion of a Physician with knowledge of the member's medical condition, would subject the member to severe pain that cannot be adequately managed without the care or treatment that is subject of the review, or (4) in the opinion of a Physician with knowledge of the member's medical or behavioral condition, would subject the member to adverse health consequences without the care or treatment that is the subject of the request. In addition, a request involving urgent care services includes any request that a Physician with knowledge of the member's condition determines is a request involving urgent care. All requests for opioid use treatment will be treated as an Urgent Review Request.

Pre-Service Urgent Review Request Submitted Through Secure Electronic Transmission - A request for Prior Authorization or a Predetermination submitted prior to you receiving a Health Care Service with respect to which the application of the time periods for making non-urgent care prospective determinations: (1) could seriously jeopardize the life, health or safety of the Member or others as a result, (2) could seriously jeopardize the life, health, or safety of the Member or others due to the member's psychological state, (3) in the opinion of a Physician with knowledge of the Member's medical condition, would subject the Member to severe pain that cannot be adequately managed without the care or treatment that is subject of the review, or (4) in the opinion of a Physician with knowledge of the Member's medical or behavioral condition, would subject the Member to adverse health consequences without the care or treatment that is the subject of the request. In addition, a Claim involving Urgent Care Services also includes any Claim that a Physician with knowledge of the member's condition determines is a Claim involving urgent care.

Pre-Service Review Request - A request for Prior Authorization or a Predetermination that is submitted before you receive a Health Care Service.

Concurrent Review Request - A request for Prior Authorization or a Predetermination that is submitted before or during the course of receiving a Health Care Service.

Retrospective Review Request - A request for Medical Review that is submitted after the Health Care Service has been received.

Timing of Initial Benefit Determinations

We will make our benefit decisions within the timeframes listed below. Please call Member Services at 1-833-230-2099 with any questions you may have.

Review Request Category	Timeframe for Making Decision
Initial Inpatient (Request for review of the admission to a facility)	Within twenty-four (24) hours OR seventy-two (72) hours if additional information is needed and requested within twenty-four (24) hours of receipt of request.
Concurrent/Continued Stay	Within one (1) Business Day after obtaining all necessary information.
Pre-Service Urgent	Within forty-eight (48) hours from the receipt of request.
Standard Pre-Service	Within two (2) Business Days after receiving all necessary information or within ten (10) calendar days from the receipt of the request, whichever is less.
Retrospective	Within thirty (30) calendar days from receipt of request.
Retrospective ***	Within thirty (30) calendar days of our receipt of your request.

* The timeline above for Urgent Care Reviews does not apply if we do not receive sufficient information to determine whether, or to what extent, Health Care Services are covered by the Plan. If we need more information before we can make a decision, we will notify you and your Provider of the information we need within twenty-four (24) hours of our receipt of your request. You and your Provider will be afforded a reasonable amount of time, taking into account the circumstances, but not less than forty-eight (48) hours, to provide the specified information. We will notify you of our final decision as soon as possible, but in no case later than forty-eight (48) hours after the earlier of: (a) our receipt of the specified information, or (b) the end of time period afforded to you to provide the specified additional information.

** **Pre-Service Urgent Care Claims through Secure Electronic Transmission.** If we need more information before we can make a decision, we will notify you of the information we need within twenty-four (24) hours of our receipt of your request. We will notify you of our final decision as soon as possible, but in no case later than forty-eight (48) hours after we received your request.

*** The timeline above for Retrospective Care Reviews does not apply if we do not receive sufficient information to determine whether, or to what extent, Health Care Services are covered by the Plan or due to matters beyond our control. If we need more information before we can make a decision, then we will notify you within thirty (30) days from receipt of the request. The notice will specifically describe the required information, and you will be afforded at least forty-five (45) days from receipt of the notice in which to provide the specified information. The thirty (30) day period may also be extended one time by us, for up to fifteen (15) days, if we determine that such an extension is necessary due to matters beyond our control and notify you, prior to the expiration of the initial thirty (30) day period, of the circumstances requiring the extension of time and the date by which we expect to render a decision.

Notification of Initial Benefit Determinations

We will provide notification of our decision in accordance with state and federal regulations. Notification may be given to the Covered Person or his or her Provider by mail or another means of communication.

NOTE: Prior to providing notification to you via electronic means, we will obtain advanced written consent from you or your Authorized Representative.

If we approve your request for Benefits or Health Care Services, we will provide you with notice of our decision. However, even if we give Prior Authorization for Health Care Services, such Prior Authorization does not guarantee that the Plan will provide Benefits for such Health Care Service. In order for the Plan to provide Benefits for the Health Care Service at issue:

- You must be eligible for coverage under the Plan;
- The Health Care Service must be a Covered Service;
- You may not have exceeded any applicable limits described in this EOC; and
- The Health Care Service may not be subject to an Exclusion under the Plan.

If we deny your request for Benefits or Health Care Services, we will provide you or your Authorized Representative with an Adverse Benefit Determination notice. Please see Section 9: *Complaint Process and Adverse Benefit Determination Appeals*.

Reconsideration of Adverse Benefit Determination

For Adverse Benefit Determinations related to Concurrent Review Requests or Pre-Service Review Requests, your Provider or Facility rendering the Health Care Service may request – in writing on your behalf – a reconsideration of the Adverse Benefit Determination by conducting a peer-to-peer review. The Provider or Facility may not request reconsideration without your prior written consent.

The reconsideration shall occur within three (3) Business Days after we receive the written request for reconsideration and shall be conducted between the Provider or Facility rendering the Health Care Service and the reviewer who made the Adverse Benefit Determination; however, if our reviewer is not available, the reviewer may designate another reviewer. We will reconsider the Adverse Benefit Determination within three (3) Business Days after we receive the request for reconsideration. For requests for reconsideration related to an Urgent Care Review, we shall review such request in a timeframe that takes into account the medical urgency. Reconsideration is not required before you pursue an Internal or External Review of an Adverse Benefit Determination. Your Provider must have your written consent in order to conduct this peer-to-peer review with the Plan's reviewer or the Plan's designee.

SECTION 4 – IMPORTANT INFORMATION ON EMERGENCY, URGENT CARE, AND INPATIENT SERVICES

This section includes information on:

- Emergency Health Care Services;
- Urgent Care Services; and
- Inpatient Services.

It is especially important for you to know certain information about your Benefits for Emergency Health Care Services, Urgent Care Services, and Inpatient Services. This section explains those Benefits.

Emergency Health Care Services

Emergency Health Care Services are used to treat an Emergency Medical Condition. We provide Benefits for an Emergency Medical Condition within the United States and abroad.

You do not have to obtain our authorization before you get Emergency Health Care Services. If you have or think you have an Emergency Medical Condition, call 911 or go to the nearest Emergency Room or other appropriate setting. If you are not sure whether you need to go to the Emergency Room, call your PCP or CareSource24. Your PCP or CareSource24 can talk to you about your medical problem and give you advice on what you should do.

Remember, if you need Emergency Health Care Services:

- You should go to the nearest Emergency Room or other appropriate setting. Be sure to tell the Provider you are a CareSource Member and show the Provider your ID Card.
- If the Provider takes care of your Emergency Medical Condition but thinks that you need other medical care to treat the problem that caused your Emergency Medical Condition, the Provider must call CareSource.
- If you are able, call your PCP as soon as you can to let him or her know that you have an Emergency Medical Condition. If you are unable to call your PCP, have someone call for you.

If the Hospital admits you as an Inpatient, please make sure that CareSource is called within twenty-four (24) hours after your admission or as soon as reasonably possible. Copayments, Coinsurance, and your Deductible may apply.

Notice to Your PCP or CareSource Following Emergency Care

If you receive Emergency Health Care Services at an Emergency Room (whether inside or outside the Service Area), but are not admitted to the Hospital, you or someone acting on your behalf must call your PCP or CareSource within forty-eight (48) hours after receiving care or as soon as reasonably possible. This will allow your PCP to provide or arrange for any follow-up care that you may need.

If you receive Emergency Health Care Services care at an Emergency Room (whether inside or outside the Service Area) and you are admitted as an Inpatient, you or someone acting on your behalf must call your PCP or us within twenty-four (24) hours of your admission or as soon as reasonably possible. This is essential so that your PCP can manage and coordinate your care, arrange for any Medically Necessary transfer, and arrange for any follow-up care you may need. (*Note: notice by the Provider of Emergency Health Care Services to your PCP or us satisfies your requirement to notify your PCP and us.*)

Emergency Health Care Services Received from Non-Network Providers

If you received Emergency Health Care Services and/or Emergency Ambulance Services from a Non-Network Provider, the services will be considered Covered Services and any applicable Copayment, Coinsurance, Annual Deductible, and/or Annual Out-of-Pocket Maximum requirements will be the same as if you obtained the Emergency Health Care Services and/or Emergency Ambulance Services from a Network Provider. Follow-up care and other care and treatment provided after you have been stabilized are no longer considered Emergency Health Care Services. Continuation of care from a Non-Network provider beyond that needed to evaluate or stabilize your condition in an emergency will not be covered unless you or your Non-Network Provider obtain prior authorization for the continuation of such care, and it is Medically Necessary. Non-Network Providers who render Emergency Health Care Services to you should not send you a bill. If you receive a bill from a Non-Network Provider for the provision of Emergency Health Care Services, please contact us immediately at the number on your ID Card, and we will help you with the bill.

Transfer

If you have been admitted to a Facility that is a Non-Network Provider after you have received Emergency Health Care Services and your PCP determines that a transfer to another Facility is medically appropriate, you will be transferred to a Facility that is a Network Provider. We will not pay for Inpatient Stay provided in the Facility that is a Non-Network Provider to which you were first admitted after your PCP determined that a transfer is medically appropriate and transfer arrangements have been made for you.

Coverage for Urgent Care Services Outside the Service Area

If you get hurt or sick while temporarily outside the Service Area, we will pay for Covered Services for Urgent Care Services that you receive from Non-Network Providers. Prior to seeking Urgent Care Services, we recommend that you call your PCP for guidance; however, you are not required to do so. You should obtain Urgent Care Services from the nearest and most appropriate health care Provider. Benefits for Urgent Care Services received from a Non-Network Provider are limited to the maximum allowable amount.

The Plan will not cover the following types of care when you are outside the Service Area:

- Care you could have foreseen needing before leaving the Service Area, including care for chronic medical conditions that require ongoing medical treatment.
- Routine care or preventive care.
- Elective Inpatient Stays or Outpatient surgery that can be safely delayed until you return to the Service Area.
- Follow-up care that can wait until your return to the Service Area.

If you are hospitalized outside the Service Area after you receive Urgent Care Services, you must call your PCP or us within forty-eight (48) hours after admission or as soon as reasonably possible.

Inpatient Hospital Stay

Inpatient Hospital Services

Except in the case of an Emergency Medical Condition, you must always call your PCP first before going to a Hospital. If you need Hospital care, your PCP will refer you to a Network Hospital. In rare instances when the Hospital services you need are not available from any Hospital that is a Network Provider, your PCP may refer you to a Hospital that is a Non-Network Provider after obtaining Prior Authorization from us. CareSource will comply with statutory requirements outlined within the No Surprises Act regarding any Covered Services received by you from Non-Network Providers.

Charges After Your Discharge from a Hospital

If you choose to stay as an Inpatient after a Physician has scheduled your discharge or determined that further Inpatient Services are no longer Medically Necessary, we will not pay for any of the costs incurred after your scheduled discharge or after Inpatient Services are determined to be no longer Medically Necessary.

SECTION 5 – YOUR COVERED SERVICES

This section includes information on:

- Your Schedule of Benefits, which may be accessed by visiting [CareSource.com/plans/marketplace/plan documents](https://www.caresource.com/plans/marketplace/plan_documents);
- Your Covered Services; and
- When authorization is required.

This section provides an overview of your Covered Services. For detailed information regarding your Annual Deductible, Coinsurance, Copayments and Annual Out-of-Pocket Maximum, please refer to the *Schedule of Benefits* which is incorporated into, and a part of, this EOC. You should have received a copy of the *Schedule of Benefits*. If there is a conflict between this EOC and the *Schedule of Benefits*, this EOC shall control. Except as specifically provided in this EOC, we do not cover Health Care Services provided by Non-Network Providers.

All Covered Services are subject to the conditions, Exclusions, limitations, terms, and provisions of this EOC, including any Riders/Enhancements or Amendments. Covered Services must be Medically Necessary and not Experimental or Investigational. The fact that a Provider may prescribe, order, recommend or approve Health Care Services does not make them Medically Necessary or Covered Services and does not guarantee payment. To receive maximum Benefits for Covered Services, you must follow the instructions outlined in this EOC, including receipt of care from a Network Provider, and obtaining any required Prior Authorization. Please refer to Section 3: *How the Plan Works – Prior Authorization*, visit CareSource’s website to review the Prior Authorization list, or contact Member Services. If your Network Provider fails to obtain Prior Authorization from us for Health Care Services as required by us, and the Network Provider renders such Health Care Services to you, the Network Provider shall be responsible for the costs of such Health Care Services and, neither CareSource, nor you, will be required to pay for such Health Care Services. If you receive Health Care Services from a Non-Network Provider and either you or the Non-Network Provider did not obtain prior authorization for such Health Care Services, you are responsible for making full payment to the Non-Network Provider.

Some Covered Services have Benefit limits which are a maximum number of times that you are able to receive the service, usually expressed in terms of visits or days. Unless otherwise stated, Benefit limits are for the entire Benefit Year. See Section 7: *What is Not Covered* for additional detail.

1. AMBULANCE SERVICES

Description

The Plan provides Benefits for Emergency Ambulance Services to the nearest Network Hospital Emergency Room, or the nearest Emergency Room if your condition does not allow you to go to a Network Hospital.

The Plan provides Benefits for non-Emergency Ambulance Services (either ground or air, as we determine appropriate) between Hospitals and Facilities when the transport is any of the following:

- When ordered by an employer, school, fire or public safety official and the Member is not in a position to refuse;
- From a Non-Network Provider to a Network Provider;
- To a Hospital that provides a higher level of care that was not available at the original Hospital;
- To a more cost-effective acute care Facility;
- From an acute Facility to a sub-acute setting;
- From a Hospital to a Skilled Nursing Facility; and
- From a Hospital or Skilled Nursing Facility to the Covered Person's Home.

The Plan also provides Benefits for Emergency Health Care Services provided by Emergency medical responders at your home or at the scene of an accident, or during transportation by Ambulance Services when Medically Necessary.

Limitations

The Plan does not cover Ambulance Services provided by ambulettes or similar vehicles, including taxi or other means of public transportation.

Ambulance transports must be made to the closest local Facility that can provide you with Covered Services appropriate for your medical condition. If none of these Facilities are in your local area, the Plan will provide Benefits for an Ambulance Transport to the closest Facility outside your local area. Non-Covered Services include trips to a Physician's office, clinic, morgue, or funeral home.

2. AUTISM SPECTRUM DISORDER SERVICES

Description

The Plan provides Benefits for Autism Spectrum Disorders for children up to the age of twenty-one (21). These Covered Services include medically necessary evidence-based treatment that includes the following care prescribed or ordered for an individual diagnosed with an Autism Spectrum Disorder:

Benefit	Benefit Limit
Inpatient Services	None
Diagnostic Evaluation	None
Screening, Testing, and Assessments	None
Outpatient Services	
<i>Adaptive Behavioral Treatment, including Applied Behavioral Analysis (ABA)</i>	None
<i>Speech Therapy</i>	20 Visits
<i>Occupational Therapy</i>	20 Visits
<i>Mental/Behavioral Health Outpatient Therapy Services</i>	None

- Outpatient Physical Rehabilitation Services including:
 - Speech Therapy, which includes language therapy, or Occupational Therapy performed by a licensed therapist;
 - Clinical therapeutic intervention, defined as therapies supported by empirical evidence, which include but are not limited to Applied Behavioral Analysis, provided by or under the supervision of a professional who is licensed, certified, or registered by an appropriate agency of this state to perform the services in accordance with a treatment plan.
- Behavioral Health Care Services –performed by an appropriate licensed or credentialed Behavioral Health Care Service Provider to provide consultation assessment, development and oversight of treatment plans.

Limitations:

- Adaptive Behavioral Treatment, including Applied Behavioral Analysis, must be provided by or under the supervision of a professional who is licensed, certified, or registered by an appropriate agency of this state to perform the services in accordance with a treatment plan.

3. BEHAVIORAL HEALTH CARE SERVICES

Description

The Plan provides Benefits for Behavioral Health Care Services as described below.

Inpatient Stays. The Plan provides Benefits for Behavioral Health Care Services you receive during an Inpatient admission or confinement for acute inpatient services for mental health and substance use disorder services provided in a Hospital or other health care treatment Facility. These services include Inpatient psychiatric hospitalization, inpatient detoxification treatment, and emergency evaluation and stabilization.

Residential Treatment Services. The Plan provides Benefits for Behavioral Health Care Services in a Residential Treatment Program. These Health Care Services can include individual and group psychotherapy, family counseling, nursing services, Medication Assisted Treatment, ambulatory or subacute detoxification, and pharmacological therapy in a congregate living community with 24-hour support.

Partial Hospitalization

The Plan provides Benefits for Behavioral Health Care Services you receive at an outpatient Partial Hospitalization Program (PHP). PHP is a treatment service for Behavioral Health Disorders with a treatment period of less than 24 hours care in which the patient is assisted with issues related to the individual's reintegration into society. Partial hospitalization Items and services that can be included as part of the structured, multimodal active treatment program include:

- Individual or group psychotherapy with physicians, psychologists, or other behavioral health professionals authorized or licensed by the state in which they practice;
- Family counseling services for which the primary purpose is the treatment of the patient's condition;
- Patient training and education, to the extent the training and educational activities are closely and clearly related to the individuals care and treatment of his/her diagnosed behavioral health condition;
- Medically necessary diagnostic services related to behavioral health treatment.

Intensive Outpatient Services. The Plan provides Benefits for Intensive Outpatient Services offered by practice groups or Facilities that provide Behavioral Health Care Services. Intensive Outpatient Services programs are defined as those that provide three (3) hours of treatment per day, and the program is available at least two (2) to three (3) days per week. The services may address mental health and/or substance use disorder issues. These programs are usually used as a step down from acute inpatient care, residential care, or a partial hospitalization program. They may also be viewed as a step up from regular outpatient services.

Other Outpatient Services. The Plan provides Benefits for office-based Behavioral Health Care Services. These include diagnostic evaluation, psychological testing, individual, group, and family psychotherapy, and behavioral health Medication Management; including Medication Assisted Treatment (MAT) for Substance Use Disorder Treatment. The services may be provided by a licensed mental health professional.

Coverage for the diagnosis and treatment of a Behavioral Health Disorder will not be subject to any limitations, including Annual Deductibles, Copayment, and Coinsurance provisions that are less favorable than the limitations that apply to a physical Sickness as covered under this EOC.

Limitations

The following Health Care Services are not Covered Services:

- Custodial Care or Domiciliary Care.
- Supervised living or halfway houses.
- Room and board charges unless the treatment provided meets our Medical Necessity criteria for an Inpatient Stay for your condition.
- Services or care provided or billed by a school, halfway house, Custodial Care center for the developmentally disabled, or outward-bound programs, even if psychotherapy is included.

Benefit	Benefit Limit
Inpatient Services	None
Residential Treatment Services	None
Outpatient Services	
<i>Diagnostic Evaluation</i>	None
<i>Screening, Testing, and Assessments</i>	None
<i>Individual Psychotherapy</i>	None
<i>Group Psychotherapy</i>	None
<i>Family Psychotherapy</i>	None
<i>Crisis Service</i>	None
Other Outpatient Services	
<i>Partial Hospitalization Program (PHP) Services</i>	None
<i>Intensive Outpatient Psychiatric (IOP) Services</i>	None
Opioid Treatment Program (OTP) Services	None

4. COVERED CLINICAL TRIALS

Description

The Plan provides Benefits for routine patient Health Care Services you receive as part of an approved Clinical Trial provided that such Health Care Services are otherwise Covered Services under the Plan.

Limitations

The Plan does not cover the following:

- A Health Care Service that is the subject of the Clinical Trial or is provided solely to satisfy data collection and analysis needs for the Clinical Trial that is not used in the direct clinical management of you;
- An Experimental or Investigational drug or device that has not been approved for market by the United States Food and Drug Administration;
- Transportation, lodging, food, or other expenses for you, your family members or your companions that are associated with the travel to or from a Facility providing the approved Clinical Trial;
- A Health Care Service provided by the Clinical Trial sponsors free of charge to you; and
- A Health Care Service that is eligible for reimbursement by a person other than us, including the sponsor of the Clinical Trial.

5. DENTAL SERVICES – PEDIATRIC

Description

The Plan provides pediatric dental Benefits for children up to the end of the month in which a child turns nineteen (19) years of age. All Benefits are subject to the definitions, limitations, and Exclusions in this EOC and are payable only when they are deemed Medically Necessary for the prevention, diagnosis, care, or treatment of a Covered Person, and meet generally accepted dental protocols and are ordered by a Dentist. Benefits are also available for Covered Services rendered via Teledentistry, subject to the terms, conditions, restrictions, exclusions, and limitations contained in this EOC and as applicable by state law.

The Benefits available to you under this section are administered by our dental benefits manager. The management and other services that our dental benefits manager provides include, among others, maintaining and managing the Network Providers who will provide Covered Services to you under this section. You must use a dental benefits manager's Network Provider in order to receive Benefits under this section. If you do not use dental benefits manager's Network Provider to receive Health Care Services under this section, then you will be responsible for all costs, and such Health Care Services will be considered Non-Covered Services. Please call 1-855-388-6252 for help locating a dental benefit's manager Network Provider and for additional information and details.

Dental (CDT codes) maintained by the American Dental Association, are listed in this section to help increase clarity to you and your Provider. Delivery of new or modified dental procedures and the CDT Code maintenance process may result in changes following the finalization and publication of this Evidence of Coverage which may result in the replacement or removal of listed codes and or require the consideration of newly created codes. CareSource will evaluate these changes for administrative updates required to ensure our ability to continue to provide the coverage as intended by this section.

The Plan provides Benefits for the following pediatric Dental Services. Services outside of the listed items are not covered services:

- **Class I – Preventive Services**

- Dental Prophylaxis (Cleanings) (D1110, D1120) - limited to two (2) per benefit year. We generally expect there to be a six-month separation between services, even when the services enter a new plan year.
- Fluoride Treatments, including varnish (D1206, D1208) - limited to two (2) per benefit year. We generally expect there to be a six-month separation between services, even when the services enter a new plan year.
- Sealants (protective coating) (D1351) - limited to one (1) per first or second permanent molar every thirty-six (36) months per tooth.
- Preventive resin restorations for a permanent tooth in moderate/high caries risk patient (D1352) limited to one per thirty-six (36) months per tooth.

- Interim carries arresting medicament (D1354) limited to one per thirty-six (36) month per tooth not to exceed 10 total in patient's lifetime
- Carries preventive medicament application (D1355) limited to one per thirty-six (36) month per tooth not to exceed 10 total in patient's lifetime.

Medically Necessary orthodontic services are Covered Services for Covered Persons who have a severe handicapping malocclusion related to a medical condition such as:

- Cleft palate or other congenital craniofacial or dentofacial malformations requiring reconstructive surgical correction in addition to orthodontic services;
- Trauma involving the oral cavity and requiring surgical treatment in addition to orthodontic services; or
- Skeletal anomaly involving maxillary and/or mandibular structures

To be considered Medically Necessary (needed to treat, correct, or ameliorate a medical defect or condition,) orthodontic services must be an essential part of an overall treatment plan. Establishment of Medical Necessity requires documentation to support the severe handicapping malocclusion and medical condition status. Progress notes, photographs and other relevant supporting documentation may be included as appropriate.

Limitations

Orthodontic Services provided for dental conditions that are primarily cosmetic or corrective, i.e., used to correct an improper alignment of upper and lower teeth, including crooked or crowded teeth, cross bites, overbites or underbites, in nature or when self-esteem is the primary reason for treatment does not meet the definition of Medical Necessity and are not Covered Services.

Exclusions

In addition to the exclusions listed in Section 7: *What Is Not Covered*, the following exclusions apply directly to the benefits afforded by this subsection

- Covered Services that are not Medically Necessary for the prevention, diagnosis, care or treatment of a Sickness or Injury.
- Any dental service or procedure not listed as a Covered Service under Class I, II, III, or IV Covered Services as outlined above.

- When two or more Health Care Services are submitted on the same day and the Health Care Services are considered mutually exclusive (when one service contradicts the need for the other service). We will pay for the service that represents the final Health Care Services as determined by us.
- All Health Care Services rendered by a Non-Network Provider, unless specifically authorized by us. The Covered Person may be responsible for all remaining charges that exceed the allowable maximum.

6. DENTAL SERVICES - OTHER

Accidental Dental Services

The Plan provides Benefits for Outpatient Services, Physician Home Visits and Office Services, Emergency Health Care Services and Urgent Care Services for dental work and oral surgery if they are for the initial repair of an Injury to the jaw, sound natural teeth, mouth, or face which are required as a result of an accident and are not excessive in scope, duration, or intensity to provide safe, adequate, and appropriate treatment without adversely affecting your condition. "Initial" dental work to repair injuries due to an accident means performed within twelve (12) months from the Injury, or as clinically appropriate and includes all examinations and treatment to complete the repair. For a child requiring facial reconstruction due to a dental related Injury, there may be several years between the accidental Injury and the final repair.

Covered Services for Dental Services related to accidental Injury include, but may not be limited to:

- Oral examinations;
- Dental X-rays;
- Tests and laboratory examinations;
- Restorations;
- Prosthetic services;
- Oral surgery;
- Mandibular/maxillary reconstruction;
- Anesthesia.

Dental Anesthesia Services

The Plan also covers Dental Health Care Services that are Facility charges for Outpatient Services. Benefits are payable for the removal of teeth or for other dental processes only if the Covered Person's medical condition or the dental procedure requires a Hospital setting to ensure the safety of the Covered Person.

Limitations

Covered Services are limited to \$3,000 per Member per Injury. Injury as a result of chewing or biting is not considered an accidental Injury, and Health Care Services related to such injuries are not Covered Services.

7. DIABETIC EDUCATION, EQUIPMENT, AND SUPPLIES

Description

The Plan provides Benefits for diabetes self-management training if you have insulin dependent diabetes, non-insulin dependent diabetes, or elevated blood glucose levels induced by Pregnancy or another medical condition when:

- Medically Necessary;
- Ordered in writing by a Physician or a Podiatrist; and
- Rendered by a Network Provider who is appropriately licensed, registered, or certified under state law to provide such training.

Covered Services also include all Physician or Podiatrist prescribed Medically Necessary equipment and supplies used for the management and treatment of diabetes. See the sections below on "Medical Supplies, "Durable Medical Equipment and Appliances," "Preventive Health Care Services," and "Physician Home Visits and Office Services."

Limitations

Covered Services for diabetes self-management training must be provided by a certified, registered, or licensed Network Provider with expertise in Diabetes.

8. DIAGNOSTIC SERVICES

Description

The Plan provides Benefits for non-invasive Diagnostic Services, including but not limited to the following:

- X-ray and other radiology services, including mammograms for any person diagnosed with breast disease
- Laboratory and pathology services
- Advanced Imaging such as: MRI, MRA, PET, SPECT, and CT imaging procedures
- Allergy testing
- Bone density testing
- Cardiographic, encephalographic, and radioisotope tests
- Nuclear cardiology imaging studies
- Ultrasound services
- Electrocardiograms
- Electromyograms, except that surface EMGs are not Covered Services
- Echocardiograms
- Diagnostic Tests as an evaluation to determine the need for a Covered Transplant Procedure
- Echography
- Doppler Studies
- Brainstem evoked potentials (BAER)
- Somatosensory evoked potentials (SSEP)
- Visual evoked potentials (VEP)
- Nerve conduction studies
- Muscle testing
- Electrocardiograms

The Plan provides Benefits for central supply (IV tubing) or pharmacy (dye) necessary to perform Diagnostic Services covered by the Plan.

Limitations

With exception to Emergency Health Care Services, Urgent Care Services, and services provided by a Non-Network Laboratory while in a Network Facility, claims from laboratories that are Non-Network Providers will be considered Non-Covered Services. Please check with your Provider to ensure the laboratory he or she uses is a Network Provider.

9. EMERGENCY HEALTH CARE SERVICES

Description

The Plan provides Benefits for Emergency Health Care Services (Please refer to Section 4: *Important Information on Emergency, Urgent Care, and Inpatient Services*). Health Care Services which we determine to meet the definition of Emergency Health Care Services will be Covered Services, whether the care is rendered by a Network Provider or a Non-Network Provider. The Plan provides Benefits for treatment of an Emergency Medical Condition, the Emergency Medical Condition screening, and the services to Stabilize an Emergency Medical Condition without Prior Authorization for conditions that reasonably appear to constitute an Emergency Medical Condition based upon your presenting symptoms and conditions. Benefits for Emergency Health Care Services include Health Care Services needed to evaluate, stabilize, or treat an Emergency Medical Condition in the Emergency Room.

Whenever you are admitted as an Inpatient directly from a Hospital Emergency Room, the entire visit, including Emergency Health Care Services received in the Emergency Room, will be treated as an Inpatient Stay, and the applicable Copayment and Coinsurance will apply. For Inpatient Stays following Emergency Health Care Services, Prior Authorization is required. You must notify us or verify that your Physician has notified us of your admission within twenty- four (24) hours or as soon as possible within a reasonable amount of time.

Limitations

Follow-up care and other care and treatment provided after you have been Stabilized are no longer considered Emergency Health Care Services. Continuation of care from a Non-Network Provider beyond that needed to evaluate or Stabilize your condition in an Emergency will not be covered unless we authorize the continuation of such care, and it is Medically Necessary.

10. HABILITATIVE SERVICES

Description

Habilitative Services are Health Care Services and devices that help you keep, learn, or improve skills and functioning for daily living. An example is therapy for a child who is not walking or talking at the expected age. These services may include physical and occupational therapy, speech-language pathology, and other services for people with disabilities in a variety of Outpatient settings.

Benefit	Benefit Limit
<i>Physical Therapy</i>	20 Visits
<i>Speech Therapy</i>	20 Visits
<i>Occupational Therapy</i>	20 Visits

Benefits are provided for Habilitative Services provided on an Outpatient basis for Covered Persons with a congenital, genetic, or early acquired disorder when both of the following conditions are met:

- The treatment is administered by a licensed speech-language pathologist, licensed audiologist, licensed occupational therapist, licensed physical therapist, Physician, licensed nutritionist, licensed Social Worker, or licensed Psychologist; and
- The initial or continued treatment must not be Experimental or Investigational or an Unproven Service.

Benefits for Habilitative Services do not apply to those Health Care Services that are solely educational in nature or otherwise paid under state or federal law for purely educational services.

Custodial Care, respite care, day care, therapeutic recreation, vocational training, and residential treatment are not Habilitative Services. A Health Service that does not help the Covered Person to meet functional goals in a treatment plan within a prescribed time frame is not a Habilitative Service. When the Covered Person does not demonstrate continued maintenance or progress under a treatment plan, a Health Care Service that was previously a Habilitative Service will no longer be considered by us to be a Habilitative Service.

11. HOME HEALTH CARE SERVICES

Description

The Plan provides Benefits for services performed by a Home Health Care Agency or other Network Provider in your residence. Home Health Care Services include professional, technical, health aide services, supplies, and medical equipment. In order for you to qualify for Home Health Care Services, you must be confined to the home for medical reasons and be physically unable to obtain needed services on an Outpatient basis. Covered Services include:

- Intermittent Skilled Nursing Services (by an R.N. or L.P.N.).
- Medical/Social Services.
- Diagnostic Services.
- Nutritional guidance.
- Home Health Care Agency aide services furnished by appropriately trained personnel employed by the Home Health Care Agency if you are receiving skilled nursing or therapy. Organizations other than Home Health Care Agencies may provide services only when approved by us, and their duties must be assigned and supervised by a professional nurse on the staff of the Home Health Care Agency.

- Therapy Services (except for Manipulation Therapy which will not be covered when rendered in the home). Home Care Visit limits specified in the Schedule of Benefits for Home Health Care Services apply when Therapy Services are rendered in the home.
- Medical/Surgical Supplies.
- Durable Medical Equipment.
- Prescription Drugs (only if provided and billed by a Home Health Care Agency).
- Private Duty Nursing: The Plan provides Benefits for up to a maximum of one hundred (100) eight (8) hour private duty nursing visits per Benefit Year. A visit equals eight (8) hours or less.
- Home Infusion Therapy: The Plan provides Benefits for Home Infusion Therapy. Benefits for Home Infusion Therapy include nursing, Durable Medical Equipment and pharmaceutical services that are delivered and administered intravenously in the home. Home IV therapy includes injections, total parenteral nutrition, enteral nutrition therapy, antibiotic therapy, pain management and chemotherapy.

Limitations

The Plan provides Benefits for up to a maximum of one hundred (100) Home Health Care Services visits per Benefit Year. Each visit by an authorized representative of a Home Health Care Agency shall be considered as one (1) Home Health Care visit, one (1) visit equals at least four (4) hours of home health aide services.

NOTE: The one hundred (100) visit limit maximum for Home Health Care Services does not include private duty nursing or home infusion therapy rendered in the home.

Non-Covered Services include:

- Food, housing, homemaker services and home delivered meals.
- Home or Outpatient hemodialysis services (these are covered under Therapy Services).
- Physician charges billed by the Home Health Care Agency.
- Helpful environmental materials (handrails, ramps, telephones, air conditioners, and similar services, appliances, and devices.)
- Services provided by registered nurses and other health workers who are not acting as employees or under approved arrangements with a contracting Home Health Care Agency.
- Services provided by a member of your family.
- Services provided by volunteer Ambulance associations for which you are not obligated to pay, visiting teachers, vocational guidance and other counselors, and services related to outside, occupational, and social activities.

12. HOSPICE SERVICES

Description

The Plan provides Benefits for a Hospice Care Program if you have a Terminal Illness. Hospice Care Programs may be provided in your home or at a Hospice Facility where medical, social, and psychological services are given to help treat individuals with a Terminal Illness. Hospice Care Programs include routine home care, continuous home care, Inpatient Hospice and Inpatient respite. To be eligible for a Hospice Care Program, you must have a Terminal Illness and a life expectancy of six (6) months or less, as confirmed by your attending Physician. Benefits will continue if you live longer than six (6) months.

Hospice services that qualify as Covered Services include the following:

- Skilled Nursing Services (by an R.N. or L.P.N.)
- Diagnostic Services
- Physical, speech and inhalation therapies, if part of a treatment plan
- Medical supplies, equipment, and appliances
- Counseling services
- Inpatient Stay at a Hospice Facility
- Prescription Drugs given by the Hospice
- Home health aide services Limitations

Non-Covered Services include, but are not limited to:

- Services provided by volunteers
- Housekeeping services

13. INFERTILITY SERVICES

Description

The Benefit Plan covers services for the diagnosis and treatment of the underlying causes of infertility when provided by or under the direction of a Network Provider. Covered Services include Medically Necessary treatment and procedures that diagnose or treat a medical condition that results in infertility (e.g., endometriosis, blockage of fallopian tubes, varicocele, etc.).

Limitations

Not all services connected with the treatment of infertility are Covered Services. Refer to Section 7: *What Is Not Covered*.

14. INPATIENT SERVICES

Description

The Plan provides Benefits for Inpatient Services, including:

- Charges from a Hospital or Skilled Nursing Facility (SNF) or other Provider as authorized by us for room, board, and general nursing services, as follows:
 - A room with two (2) or more beds.
 - A private room. The private room allowance is the Hospital's average Semi-private Room rate unless it is Medically Necessary that you use a private room for isolation and no isolation Facilities are available.
 - A room in a special care unit approved by us. The unit must have facilities, equipment, and supportive services for intensive care of critically ill patients.
- Ancillary (related) services, as follows:
 - Charges for operating delivery and treatment rooms and equipment.
 - Prescription Drugs.
 - Anesthesia, anesthesia supplies and services.
 - Medical and surgical dressings, supplies, casts, and splints.
 - Diagnostic Services.
 - Therapy Services.
- Physician services you receive during an Inpatient Stay, as follows:
 - Physician visits that are limited to one (1) visit per day by any one Physician.
 - Intensive medical care for constant attendance and treatment when your condition requires it for a prolonged time.
 - Concurrent care for a medical condition by a Physician who is not your surgeon while you are in the Hospital for Surgery. Care by two (2) or more Physicians during one (1) Inpatient Stay when the nature or severity of your condition requires the skills of separate Physicians.
 - A consultation, which is personal bedside examination by another Physician, when requested by your Physician.
 - Surgery and the administration of general anesthesia.
 - Newborn exam. A Physician other than the Physician who performed the obstetrical delivery must do the examination.

When you are transferred from one Hospital or Facility to another Hospital or Facility on the same day, any Copayment per admission in the *Schedule of Benefits* is waived for the second admission.

Limitations

The Plan provides Benefits for a maximum of ninety (90) days per Benefit Year for Skilled Nursing Facility stays.

The Plan provides Benefits for a maximum of sixty (60) days per Benefit Year for Inpatient Rehabilitation Facility stays.

15. MATERNITY SERVICES

Description

The Plan provides Benefits for Maternity Services. Maternity Services include Inpatient Services, Outpatient Services and Physician Home Visits and Office Services. These services are used for normal or complicated Pregnancy, miscarriage, Therapeutic Abortion, and ordinary routine nursery care for a healthy newborn.

If you are pregnant when your Benefits begin, please refer to the Continuity of Care for New Covered Persons provisions in Section 3: *How the Plan Works*. These provisions describe how the Plan provides coverage for Non-Network Providers if you are in your second or third trimester of Pregnancy.

If Maternity Services are not covered for any reason, Hospital charges for ordinary routine nursery care for a well newborn are also not covered.

Coverage for the postpartum Inpatient Stay for you and your newborn child in a Hospital will be, at a minimum, forty-eight (48) hours for a vaginal delivery and ninety-six (96) hours for a cesarean section. Coverage for a length of stay begins at the time of delivery, if delivery occurs in a Hospital, or at the time of admission in connection with childbirth if delivery occurs outside of a Hospital. Coverage for a postpartum Inpatient Stay that exceeds forty-eight (48) hours for a vaginal delivery and ninety-six (96) hours for a cesarean section may require Prior Authorization. Coverage for a length of stay shorter than the minimum period mentioned above may be permitted if you consent to such shorter stay and your attending Physician, or if a certified nurse-midwife is attending you in collaboration with a Physician, the certified nurse-midwife determines further Inpatient postpartum care is not necessary for you or your newborn child, provided that the following conditions are met:

- In the opinion of your attending Physician, the newborn child meets the criteria for medical stability in the Guidelines for Perinatal Care prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists that determine the appropriate length of stay based upon evaluation of:
 - the antepartum, intrapartum, and postpartum course of the mother and infant;
 - the gestational stage, birth weight, and clinical condition of the infant;
 - the demonstrated ability of the mother to care for the infant after discharge; and
 - the availability of post discharge follow-up to verify the condition of the infant after discharge.

If your newborn is required to stay as an Inpatient past the mother's discharge date, the Inpatient Stay for the newborn past the mother's discharge date will be considered a routine nursery admission separate from Maternity Services and will be subject to a separate Inpatient Coinsurance/Copayment.

The Plan also provides Benefits for Physician or advance practice registered nurse-directed follow-up care. Covered Services for follow-up care include physical assessment of your newborn and you, parent education, assistance and training in breast or bottle feeding, assessment of the home support system, performance of any Medically Necessary and appropriate clinical tests, and any other services that are consistent with the follow-up care recommended in the protocols and guidelines developed by national organizations that represent pediatric, obstetric, and nursing professionals. This Benefit applies to services provided in a medical setting or through Home Health Care visits. This Benefit will apply to a Home Health Care visit only if the Network Provider who conducts the visit is knowledgeable and experienced in maternity and newborn care.

The Plan also provides Benefits for at-home post-delivery care visits by your Physician or Nurse performed no later than seventy-two (72) hours following you and your newborn child's discharge from the Hospital. Covered Services for at-home post-delivery care visits include but are not limited to:

- Parent education;
- Assistance and training in breast or bottle feeding; and
- Performance of any maternal or neonatal tests routinely performed during the usual course of Inpatient care for you or your newborn child, including the collection of an adequate sample for the hereditary and metabolic newborn screening.

At your discretion, this visit may occur at the Physician's office.

16. MEDICAL SUPPLIES, DURABLE MEDICAL EQUIPMENT, AND APPLIANCES

Benefits are available for the medical supplies, Durable Medical Equipment and appliances described below. The supplies, equipment and appliances will only be Covered Services if they are Medically Necessary.

Repairs or Replacements

The Plan may cover the repair, adjustment, and replacement of purchased equipment, supplies or appliances when approved by us. The repair, adjustment or replacement of the purchased equipment, supply or appliance is covered if:

- The equipment, supply or appliance is a Covered Service;
- The continued use of the item is Medically Necessary; and
- There is reasonable justification for the repair, adjustment, or replacement (warranty expiration is not reasonable justification).

In addition, replacement of purchased equipment, supplies or appliances may be covered if:

- The equipment, supply or appliance is worn out or no longer functions.
- Repair is not possible or would equal or exceed the cost of replacement. An assessment by a rehabilitation equipment specialist or vendor should be done to estimate the cost of repair.
- Your needs have changed, and the current equipment is no longer usable due to weight gain, rapid growth, or deterioration of function, etc.
- The equipment, supply or appliance is damaged and cannot be repaired.

Benefits for repairs and replacement do not include the following:

- Repair and replacement due to misuse, malicious breakage, or gross neglect.
- Replacement of lost or stolen items.

A. Medical and Surgical Supplies:

The Plan provides Benefits for:

- i. Ostomy bags and supplies provided; however, the Plan does not provide Benefits for Health Care Services related to the fitting of such Ostomy bag and supplies.
- ii. Therapeutic food, formulas, supplements, and low-protein modified food products for the treatment of inborn errors of metabolism or genetic conditions if the therapeutic food, formulas, supplements, and low-protein modified food products are obtained for the therapeutic treatment of inborn errors of metabolism or genetic conditions under the direction of a Physician. Benefits available for their use are limited to conditions required by law. Prior Authorization is required.
- iii. Syringes, needles, oxygen, surgical dressings, splints, and other similar items which serve only a medical purpose.
- iv. Allergy serum extracts.
- v. Diabetic Testing Supplies. A limited list of Diabetic Supplies is covered on the Prescription Drug Formulary.
- vi. Clinitest.
- vii. Contraceptive devices including, but not limited to diaphragms, intrauterine devices (IUDs), and implants.

We may establish reasonable quantity limits for certain supplies, equipment or appliances as described below.

Limitations

The following items are not Covered Services:

- Adhesive tape, Band-Aids, cotton tipped applicators
- Arch Supports
- Donut cushions
- Hot packs, ice bags
- Vitamins, except those covered under the Prescription Drug Formulary as a Preventive Service
- Med injectors

If you have any questions regarding whether a specific medical or surgical supply is covered, please call Member Services.

B. Durable Medical Equipment

The Plan covers the rental (or, at our option, the purchase) of Durable Medical Equipment prescribed by a Physician or other Provider. Rental costs must not be more than the purchase price of the Durable Medical Equipment. The Plan will not pay for rental for a longer period of time than it would cost to purchase the equipment. The costs for delivering and installing the equipment are Covered Services. Payment for related supplies is a Covered Service only when the Durable Medical Equipment is a rental, and medically fitting supplies are included in the rental; or the Durable Medical Equipment is owned by you; medically fitting supplies may be paid separately. Durable Medical Equipment must be purchased when it costs more to rent it than to buy it. Repair of Durable Medical Equipment may be covered as set forth herein.

Covered Services for Durable Medical Equipment include but are not limited to:

- Hemodialysis equipment
- Crutches and replacement of pads and tips
- Pressure machines
- Infusion pump for IV fluids and medicine
- Glucometer (select Brands are covered under the Prescription Drug Formulary)
- Tracheotomy tube
- Cardiac, neonatal and sleep apnea monitors
- Augmentative communication devices are covered when we approve based on your condition
- Wheelchairs
- Hospital beds
- Oxygen equipment

Limitations

The following are not Covered Services:

- Air Conditioners
- Ice bags/cold pack pump
- Raised Toilet Seats
- Rental Equipment if the Covered Person is in a Facility that is expected to provide such equipment
- Translift chairs
- Treadmill exerciser
- Tub Chair used in shower

Reimbursement for a motorized wheelchair will be limited to the reimbursement for a standard wheelchair when a standard wheelchair adequately accommodates your condition.

If you have any questions regarding whether a specific Durable Medical Equipment is covered, call the Member Services number on the back of your ID Card.

C. Prosthetics

The Plan provides Benefits for certain prosthetics. The Plan covers artificial substitutes for body parts and tissues and materials inserted into tissue for functional or therapeutic purposes. Covered Services include purchase, fitting, needed adjustment, repairs, and replacements of prosthetic devices and supplies that:

- Replace all or part of a missing body part and its adjoining tissues; or
- Replace all or part of the function of a permanently useless or malfunctioning body part.

Prosthetic devices should be purchased not rented and must be Medically Necessary. Applicable taxes, shipping and handling are also covered.

Covered Services for prosthetics include, but are not limited to:

- Aids and supports for defective parts of the body including but not limited to internal heart valves, mitral valve, internal pacemaker, pacemaker power sources, synthetic or homograft vascular replacements, fracture fixation devices internal to the body surface, replacements for injured or diseased bone and joint substances, mandibular reconstruction appliances, bone screws, plates, and vitallium heads for joint reconstruction.
- Left Ventricular Artificial Devices (LVAD) (only when used as a bridge to a heart transplant).
- Breast prosthesis whether internal or external, following a mastectomy, and four (4) surgical bras per Benefit Year, as required by the Women's Health and Cancer Rights Act. Maximums for Prosthetic devices, if any, do not apply.

- Replacements for all or part of absent parts of the body or extremities, such as artificial limbs, artificial eyes, etc.
- Intraocular lens implantation for the treatment of cataract or aphakia. Contact lenses or eyeglasses prescribed following lens implantation are Covered Services. If cataract extraction is performed, intraocular lenses are usually inserted during the same operative session. Eyeglasses (for example bifocals) including frames or contact lenses are Covered Services when they replace the function of the human lens for conditions caused by cataract surgery or aphakia. The first pair of contact lenses or eyeglasses following surgery are covered. The donor lenses inserted at the time of surgery are not considered contact lenses and are not considered the first lens following surgery. If the Injury is to one eye or if cataracts are removed from only one eye and you select eyeglasses and frames, reimbursement for both lenses and frames will be covered.
- Cochlear implant.
- Colostomy and other ostomy (surgical construction of an artificial opening) supplies directly related to ostomy care.
- Restoration prosthesis (composite facial prosthesis).
- Wigs (the first one following cancer treatment, not to exceed one (1) per Benefit Year).

Limitations

The following are not Covered Services:

- Denture, replacing teeth or structures directly supporting teeth.
- Dental appliances when the primary diagnosis is dental in origin. This exclusion does not apply to dental appliances for which Benefits are provided as described under Section 5 – *Your Covered Services - Dental Services – Pediatric*.
- Such non-rigid appliances as elastic stockings, garter belts, arch supports, and corsets.
- Artificial heart implants.
- Penile prosthesis when the primary diagnosis is suffering from impotency resulting from disease or Injury.

If you have any questions regarding whether specific Prosthetic Equipment is covered, call the Member Services number on the back of your ID Card.

D. Orthotic Devices

The Plan provides Benefits for certain orthotic devices. The Plan provides Benefits for the initial purchase, fitting, and repair of a custom made rigid or semi-rigid supportive device used to support, align, prevent, or correct deformities or to improve the function of movable parts of the body, or which limits or stops motion of a weak or diseased body part. Orthotic devices include Medically Necessary custom fabricated braces or supports that are designed as a component of a prosthetic device. The cost of casting, molding, fittings, and adjustments are covered. Applicable tax, shipping, postage, and handling charges are also covered. The casting is covered when an orthotic appliance is billed with it, but not if billed separately.

Covered Services for orthotic devices may include but are not limited to:

- Cervical collars
- Ankle foot orthosis
- Back and special surgical corsets
- Splints (extremity)
- Trusses and supports
- Slings
- Wristlets
- Build-up shoe
- Custom made shoe inserts

Orthotic appliances may be replaced once per Benefit Year when Medically Necessary. Additional replacements may be allowed if an appliance is damaged and cannot be repaired or you are under the age of eighteen (18) and the need for the replacement is due to your rapid growth.

Limitations

The following are not Covered Services:

- Orthopedic Shoes (except therapeutic shoes for diabetics)
- Foot support devices, such as arch supports and corrective shoes, unless they are an integral part of a leg brace
- Standard elastic stockings, garter belts and other supplies not specifically made and fitted (except as specified under Medical Supplies)

17. OUTPATIENT SERVICES

Description

The Plan provides Benefits for Outpatient Services. Outpatient Services include Facility, ancillary, Facility use, and professional charges when given as an Outpatient at a Hospital, Alternative Care Facility, Retail Health Clinic, or other Provider (including an ambulatory surgical center) as determined by the Plan. These Facilities may include a non-Hospital site providing Diagnostic Services, therapy services, surgery, or rehabilitation, or other Provider Facility as determined by us.

When Diagnostic Services or other therapy services (chemotherapy, radiation, dialysis, inhalation, or cardiac rehabilitation) are the only Outpatient Services charged, no Copayment is required if received as part of an Outpatient surgery. Any Coinsurance will still apply to these Health Care Services.

Limitations

Professional charges only include services billed by a Network Physician or other Network Provider.

18. PHYSICIAN HOME VISIT AND OFFICE SERVICES

Description

The Plan provides Benefits for care provided by a Physician, nurse practitioner, or physician assistant in his or her office or your home. This includes care provided by your PCP or a Specialist. Refer to the sections titled "Preventive Health Care Services," "Maternity Care," "Home Health Care Services" and "Behavioral Health Care Services" for services covered by the Plan. For Emergency Health Care Services, refer to the "Emergency Health Care Services" section. The Plan provides Benefits for:

Office Visits for medical care and consultations to examine, diagnose, and treat a Sickness or Injury performed in the Provider's office. Office visits also include allergy testing, injections, and serum. When allergy serum is the only charge from a Provider's office, no Copayment is required. Coinsurance is not waived.

Home Visits for medical care and consultations to examine, diagnose, and treat a Sickness or Injury performed in your home.

Diagnostic Services when required to diagnose or monitor a symptom, disease, or condition.

Surgery and surgical services (including anesthesia and supplies) including normal post-operative care.

Telehealth Services see Section 5 - *Your Covered Services - Telehealth Services* for more information.

Therapy Services for physical medicine therapies and other Therapy Services when given in the office of a Physician or other professional Provider. See *Section 5 – Your Covered Services - Therapy Services* for more information.

19. PRESCRIPTION DRUGS

Please refer to Section 6: *Prescription Drugs* for information on your Prescription Drug coverage.

20. PREVENTIVE HEALTH CARE SERVICES

The Plan provides Benefits for Preventive Health Care Services as part of your Essential Health Benefits, as determined by federal and state law. The Plan will cover Preventive Health Care Services at no cost to you if provided by a Network Provider.

Preventive Health Care Services in this section must meet requirements as determined by federal and state law. Preventive Health Care Services fall under four (4) broad categories. The categories are:

- Services with an "A" or "B" rating from the United States Preventive Services Task Force. Examples of these services are screenings for:
 - Breast cancer mammography screening;
 - Cervical cancer;
 - Colorectal cancer (colonoscopy);
 - High Blood Pressure;
 - Type 2 Diabetes Mellitus;
 - Cholesterol; and
 - Child and Adult Obesity.
- Immunizations for children, adolescents, and adults recommended by the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention;
- Preventive Health Care Services for infants, children and adolescents as provided for in the comprehensive guidelines supported by the Health Resources and Services Administration; and
- Additional Preventive Health Care Services for women provided for in the guidelines supported by the Health Resources and Services Administration, including:
 - Food and Drug Administration (FDA) approved women's contraceptives, sterilization procedures, and counseling.
 - Breastfeeding support, supplies, and counseling. Benefits for breast pumps are limited to one (1) breast pump per pregnancy.
 - Gestational diabetes Screening.

Please refer to Section 6: *Prescription Drugs* for information on your Prescription Drug coverage for Drugs covered as Preventive Services.

You may call Member Services for additional information about these services or review the federal government's web sites:

- <http://www.uspreventiveservicestaskforce.org/>
- <http://www.healthcare.gov/what-are-my-preventive-care-benefits/>
- <http://www.ahrq.gov/clinic/uspstfix.html>
- <http://www.cdc.gov/vaccines/acip/index.html>

Covered Services also include the following services required by state and federal law:

- Routine cytologic screening for the presence of cervical cancer and chlamydia screening (including pap test).
- Routine hearing screenings. See Section 5 – *Your Covered Services: Routine Hearing Services and Related Services*, for more information.
- Sports physicals for children who are in elementary school through high school.
- Voluntary Family Planning services.
- Preventive Benefits for screening mammograms are as follows: (a) one screening mammogram every year; including digital breast tomosynthesis; and (b) supplemental breast cancer screening for an adult woman who meets either of the following conditions:
 - The woman's screening mammography demonstrates, based on the breast imaging reporting and data system established by the American College of Radiology, that the woman has dense breast tissue;
 - The woman is at an increased risk of breast cancer due to family history, prior personal history of breast cancer, ancestry, genetic predisposition, or other reasons as determined by the woman's health care provider.
- The total benefit for a screening mammography or supplemental breast cancer screening shall not exceed one hundred thirty percent of the Medicare reimbursement rate in this state for screening mammography or supplemental breast cancer screening. If there is more than one Medicare reimbursement rate in this state for screening mammography or a component of a screening mammography or supplemental breast cancer screening or a component of supplemental breast cancer screening, the reimbursement limit shall be one hundred thirty percent of the lowest Medicare reimbursement rate in this state.
- Breast Cancer Genetic Test Counseling (BRCA1 and BRCA2) which includes mutation testing for individuals who have family members with breast, ovarian, fallopian tube, or peritoneal cancer.

- Tobacco cessation services: (1) screening for tobacco use; and (2) two cessation attempts per Benefit Year, consisting of four (4) sessions of telephone, individual and group cessation counseling lasting at least ten (10) minutes each per quit attempt and all medications approved by the United States Food and Drug Administration as safe and effective for smoking cessation, for ninety (90) days per quit attempt, when prescribed by your Provider.

We will give you at least sixty (60) days written notice before the effective date of any material modification to the list of covered Preventive Health Care Services in accordance with federal law.

21. RECONSTRUCTIVE SERVICES

Description

The Plan provides Benefits for certain reconstructive services required to correct a deformity caused by disease, trauma, Congenital Anomalies, or previous therapeutic process. Covered Services include the following:

- Necessary care and treatment of medically diagnosed congenital defects and birth abnormalities of a newborn child.
- Breast reconstruction resulting from a mastectomy. See Section 13 for the Women's Health and Cancer Rights Act Notice;
- Hemangiomas, and port wine stains of the head and neck areas for children ages eighteen (18) years or younger;
- Limb deformities such as club hand, club foot, syndactyly (webbed digits), polydactyly (supernumerary digits), macrodactylia;
- Otoplasty when performed to improve hearing by directing sound in the ear canal, when ear or ears are absent or deformed from trauma, surgery, disease, or congenital defect;
- Tongue release for diagnosis of tongue-tied;
- Congenital disorders that cause skull deformity such as Crouzon's disease;
- Cleft lip; and
- Cleft palate.

22. REHABILITATIVE SERVICES – OUTPATIENT THERAPY

The Plan provides Benefits for certain therapy services if given as part of Physician Home Visits and Office Services, Inpatient Stays, Outpatient Services, or Home Health Care Services when a Network Provider expects that the therapy services will result in a practical improvement in the level of your functioning within a reasonable period of time. Prior Authorization for Therapy Services may be required. Always check with your Provider to make sure any necessary authorization is obtained prior to services being rendered. When therapies are rendered in the home, Home Health Benefit limits apply.

Benefit	Benefit Limit
<i>Physical Therapy*</i>	20 Visits
<i>Occupational Therapy*</i>	20 Visits
<i>Speech Therapy*</i>	20 Visits
<i>Manipulation Therapy</i>	12 Visits
<i>Physical Medicine & Rehabilitation Services including Day Rehabilitation</i>	60 Visits
<i>Cardiac Rehabilitation Therapy*</i>	36 Visits
<i>Pulmonary Rehabilitation Therapy*</i>	20 Visits
<i>Chemotherapy</i>	None
<i>Dialysis</i>	None
<i>Radiation Therapy</i>	None
<i>Inhalation Therapy</i>	None
<i>Post Cochlear Implant Aural Therapy</i>	30 visits
<i>Cognitive Rehabilitation Therapy</i>	20 visits

*When rendered in the home, Home Health Care Services limits apply.

Physical Therapy Services

The Plan provides Benefits for physical medicine therapy services when a Network Provider expects that the physical medicine therapy services will result in a practical improvement in the level of your functioning within a reasonable period of time.

The Plan will provide Benefits for physical therapy including treatment by physical means, hydrotherapy, heat, or similar modalities, physical agents, bio-mechanical and neuro-physiological principles, and devices. In order to be considered Covered Services, physical therapy services must be provided to relieve your pain, restore your function, and to prevent disability following your Sickness, Injury, or loss of a body part.

The Plan does not provide Benefits for physical therapy services that are for maintenance therapy; that delay or minimize muscular deterioration in individuals suffering from a chronic disease or Sickness; that are repetitive exercises to improve movement, maintain strength and increase endurance (including assistance with walking for weak or unstable individuals); that are range of motion and passive exercises not related to restoration of a specific loss of function, but are for maintaining a range of motion in paralyzed extremities; that are general exercise programs; that are diathermy, ultrasound and heat treatments for pulmonary conditions; that are diapulse; or for work hardening.

Occupational Therapy Services

If you are physically disabled, the Plan will provide Benefits for occupational therapy by means of constructive activities designed and adapted to promote the restoration of your ability to satisfactorily accomplish the ordinary tasks of daily living and those tasks required by your particular occupational role.

The Plan does not provide Benefits for Occupational Therapy, including, but not limited to those that are diversional, recreational, vocational therapies (e.g. hobbies, arts and crafts); supplies (looms, ceramic tiles, leather, utensils); therapy to improve or restore functions that could be expected to improve as you resume normal activities again; general exercises to promote overall fitness and flexibility; therapy to improve motivation; suction therapy for newborns (feeding machines); soft tissue mobilization (visceral manipulation or visceral soft tissue manipulation), augmented soft tissue mobilization, myofascial; adaptations to the home such as ramp ways, door widening, automobile adaptors, kitchen adaptation and other types of similar equipment.

Speech Therapy

The Plan will provide Benefits for speech therapy for a correction of a speech impairment. The Plan provides Benefits for up to twenty (20) visits per Benefit Year when rendered as Physician Home Visits and Office Services or Outpatient Services.

Manipulation Therapy

The Plan will provide Benefits for twelve (12) manipulation therapy sessions that include osteopathic/chiropractic manipulation therapy used for treating problems associated with bones, joints, and the back. The two (2) therapies are similar, but chiropractic therapy focuses on the joints of the spine and the nervous system, while osteopathic therapy includes equal emphasis on the joints and surrounding muscles, tendons, and ligaments. Manipulations, whether performed and billed as the only procedure or manipulations performed in conjunction with an exam and billed as an office visit, will be counted toward any maximum for manipulation therapy services as specified in your this EOC or your *Schedule of Benefits*. The Plan does not provide Benefits for manipulation therapy services provided in the home as part of Home Health Care Services

Physical Medicine and Rehabilitation Therapy

The Plan provides Benefits for a structured therapeutic program of an intensity that requires a multidisciplinary coordinated team approach to improve an individual's ability to function as independently as possible. This includes skilled rehabilitative nursing care, physical therapy, occupational therapy, speech therapy and the services of a Social Worker or Psychologist. The goal is to obtain practical improvement in a reasonable length of time in the appropriate Inpatient setting.

Covered Services for physical medicine and rehabilitation involve several types of therapy and a coordinated team approach. The variety and intensity of treatments required is the major differentiation from an admission primarily for physical therapy.

The Plan provides Benefits for Day Rehabilitation program services provided through a Day Hospital for physical medicine and rehabilitation. A day rehabilitation program is for those individuals who do not require Inpatient care but still require a rehabilitation therapy program four (4) to eight (8) hours a day, two (2) or more days a week at a Day Hospital. Day Rehabilitation program services may consist of physical therapy, occupational therapy, speech therapy, nursing services, and neuro-psychological services. A minimum of two (2) therapy services must be provided for this program to be a Covered Service.

Limitations

Non-Covered Services for physical medicine and rehabilitation include admissions to a Hospital mainly for physical therapy and long-term rehabilitation in an Inpatient setting.

Other Therapy Services

The Plan will provide Benefits for therapy services for:

- **Cardiac Rehabilitation** – to restore your functional status after a cardiac event. Cardiac rehabilitation services include a program of medical evaluation, education, supervised exercise training, and psychosocial support. Home programs, on-going conditioning and maintenance are not covered.
- **Pulmonary Rehabilitation** – to restore an individual's functional status after a Sickness or Injury. Covered Services include but are not limited to Outpatient short-term respiratory services for conditions which are expected to show significant improvement through short-term therapy. Also covered is inhalation therapy administered in Physician's office including but are not limited to breathing exercise, exercise not elsewhere classified, and other counseling.
- **Chemotherapy** - for the treatment of a disease by chemical or biological antineoplastic agents, including the cost of such agents.
- **Dialysis** - treatments of an acute or chronic kidney ailment which may include the supportive use of an artificial kidney machine.
- **Radiation Therapy** - for the treatment of disease by X-ray, radium, or radioactive isotopes. Radiation therapy includes treatment (teletherapy, brachytherapy and intraoperative radiation, photon, or high energy particle sources); materials and supplies used in therapy; and treatment planning.
- **Inhalation Therapy** - for the treatment of a condition by the administration of medicines, water vapors, gases, or anesthetics of inhalation. Covered Services include but are not limited to, introduction of dry or moist gases into the lungs; non pressurized inhalation treatment; intermittent positive pressure breathing treatment, air or oxygen, with or without nebulized medication; continuous positive airway pressure ventilation (CPAP); continuous negative pressure ventilation (CNP); chest percussion; therapeutic use of medical gases or drugs in the form of aerosols, and equipment such as resuscitators, oxygen tents, and incentive spirometers; broncho-pulmonary drainage and breathing exercises.
- **Post-Cochlear Implant Aural Therapy** - therapies supporting practical improvement in your ability to listen and understand the new sounds following a cochlear implant.
- **Cognitive Rehabilitation Therapy** - therapies aimed at restoring cognitive function following a brain injury.

23. ROUTINE HEARING SERVICES, AND RELATED SERVICES

Important Information

The Benefits available to you under this Section are administered by TruHearing® through the TruHearing Choice Discount Program. The management and other services that TruHearing provides include, among others, maintaining and managing the Network Providers who will provide Covered Services to you under this Section. You must see a TruHearing Network Provider in order to receive Benefits under this Section. If you do not see a TruHearing Network Provider to receive Health Care Services under this Section, then you will be responsible for all costs and such Health Care Services will be considered Non-Covered Services. Please call 1-866- 202-2582 for help locating a TruHearing Network Provider and for additional information and details.

Description

The plan provides benefits for the following routine hearing services:

- Routine Hearing Screening: Covered in full every Benefit Year includes a simple pass or fail test to determine if you have normal hearing or not. Usually consists of a series of beeps or tones at the limit of normal range.
- Routine Hearing Exam: Covered in full every Benefit Year including a comprehensive examination performed by a licensed audiologist or hearing instrument specialist that generally includes a review of your full case history, several types of hearing tests, counseling to understand results, and recommendations on appropriate treatment.

Additional services:

TruHearing also provides access to purchase hearing aids at discounted prices not offered to the general public through the TruHearing Choice Discount Program. The TruHearing Choice Discount Program includes numerous models of hearing aids from major manufacturers ranging from basic to premium hearing aid technology and reflecting varying levels of discount off the retail price. The TruHearing Choice Discount Program is a service you have access to as a Covered Person but shall not be considered a Benefit under the Plan.

Covered Persons selecting hearing aids at discounted prices under the TruHearing Choice Discount Program will be responsible for 100% of the hearing aid costs.

Limitations

This Benefit does not cover

- Non-routine and medical based hearing exams, though these are covered within other categories of this Evidence of Coverage
- Ear molds
- Hearing aid accessories
- Additional provider visits
- Additional batteries, batteries when a rechargeable hearing aid is purchased
- Hearing aids that are not in the applicable TruHearing catalog
- Costs associated with loss and damage warranty claims

24. STERILIZATION

Description

The Plan provides Benefits for male surgical sterilization procedures and related services received in a Physician's office or on an Outpatient basis at a Hospital or Alternative Care Facility. Benefits for sterilization procedures for women will be covered under Preventive Health Care Services. Please see that Section for more information.

Reversal of sterilization is not a Covered Service. Benefits under this category include the Facility charge, the charge for required Hospital-based professional services, supplies and equipment, and surgeon's fees.

25. SURGICAL SERVICES

Description

The Plan provides Benefits for surgical services when provided as part of Physician Home Visits and Office Services, Inpatient Stays, or Outpatient Services. Surgical Services will only be Covered Services when provided in an appropriate setting, as determined by us. Such Benefits include but are not limited to:

- Performance of accepted operative and other invasive procedures, including but not limited to:
 - Operative and cutting procedures;
 - Endoscopic examinations, such as arthroscopy, bronchoscopy, colonoscopy, laparoscopy; and
 - Other invasive procedures such as angiogram, arteriogram, amniocentesis, tap or puncture of brain or spine;

- The correction of fractures and dislocations;
- Anesthesia and surgical assistance when Medically Necessary (including when provided by a registered nurse first assistant, certified surgical assistant, or physician assistant);
- Usual and related pre-operative and post-operative care; or
- Other procedures as approved by us.

We may combine the Benefits when more than one (1) surgery is performed during the same operative session.

26. TELEHEALTH SERVICES

Covered Services include a medical or health consultation for purposes of diagnosis and/or treatment. Telehealth Services may be received from your PCP, other Network Provider, or through a Zero Cost Telehealth Partner.

You should consider Telehealth Services if:

- You are considering visiting an emergency or urgent care provider for non-emergency health care; or
- You or your dependent(s) need care immediately and your physician is not available.

See your member handbook or call member services for further details on how to schedule telehealth visits.

Telehealth Services are available at no member cost share through a Zero Cost Telehealth Partner. A list of these partners can be accessed on [CareSource.com/members/tools-resources/where-to-get-care/](https://www.caresource.com/members/tools-resources/where-to-get-care/) or by calling Member Services.

CareSource fully supports Telehealth Services through all Network Providers, including for specialty services potentially not available through our Zero Cost Telehealth Partners. Services not received through one of our Zero Cost Telehealth Partner will be subject to the cost shares outlined in your *Schedule of Benefits* for the services rendered but will never be less favorable than the cost shares that apply to the comparable services delivered in person.

27. TEMPOROMANDIBULAR OR CRANIOMANDIBULAR JOINT DISORDER AND CRANIOMANDIBULAR JAW DISORDER

Description

The Plan provides Benefits for any jaw joint problem, including temporomandibular joint disorder, cranio-maxillary disorder, craniomandibular disorder, head and neck neuromuscular disorder or other conditions of the joint linking the jawbone and the skull. The benefits are limited to the following:

- An examination including a history, physical examination, muscle testing, range of motion measurements, and psychological evaluation as necessary;
- Diagnostic x-rays;
- Physical therapy of necessary frequency and duration, limited to a multiple modality benefit when more than one therapeutic treatment is rendered on the same date of service;
- Diagnostic therapeutic masticatory muscle and temporomandibular joint injections;
- Appliance therapy utilizing an appliance which does not permanently alter tooth position, jaw position or bite. Benefits for reversible appliance therapy will be based on the maximum allowable fee for use of a single appliance, regardless of the number of appliances used in treatment. The Benefit for the appliance therapy will include an allowance for all jaw relation and position diagnostic services, office visits, adjustments, training, repair, and replacement of the appliance.
- Surgical procedures

Limitations

- Expenses covered under this benefit are not covered under any other section of this EOC
- Does not include coverage for
 - Occlusal analysis or
 - Any irreversible procedure, including but not limited to orthodontics, occlusal adjustment, crowns, onlays, fixed or removable partial dentures or full dentures.

28. TRANSPLANT: HUMAN ORGAN AND TISSUE TRANSPLANT (BONE MARROW / STEM CELL) SERVICES

Description

Covered Transplant Procedure

The Plan provides Benefits for human organ and stem cell/bone marrow transplants and transfusions when ordered by a Provider and that we determine are Medically Necessary. Such Benefits include the necessary and related acquisition procedures, harvest, and storage, and preparatory myeloablative therapy if these related services are Medically Necessary.

Covered Services for human organ and stem cell/bone marrow transplants and transfusions are covered as Inpatient Services, Outpatient Services or Physician Home Visits and Office Services depending on where the Health Care Service is performed.

Examples of transplants for which benefits are available include bone marrow, heart, heart/lung, lung, kidney, kidney/pancreas, liver, liver/small bowel, pancreas, small bowel, cornea, and treatment of breast cancer by high-dose chemotherapy with autologous bone marrow or stem cell transplant. Donor costs that are directly related to organ removal are Covered Services for which Benefits are payable under the Plan.

The Transplant Benefits outlined below do not apply to any Covered Services related to a Covered Transplant Procedure that are received prior to or after the Transplant Benefit Year. Please note that the initial evaluation and any necessary additional testing to determine your eligibility as a candidate for transplant by your Provider and storage of bone marrow/stem cells is included in the Covered Transplant Procedure Benefit regardless of the date of service.

Live Donor Health Care Services

The Plan provides Benefits for Medically Necessary Health Care Services only for the procurement of an organ from a live donor, including complications from the donor procedure for up to six (6) weeks from the date of the procurement.

NOTE: Live donor Benefits are limited to Benefits not available to the donor from any other source.

Transplant Benefit Year

The Benefit period for a covered transplant procedure begins one (1) day prior to the covered transplant procedure and continues for the applicable case rate/global time period or starts one day prior to a Covered Transplant Procedure and continues to the date of discharge at a Non- Network Transplant Provider Facility. The number of days will vary depending on the type of transplant received and the Network Transplant Provider agreement. Contact a Case Manager for specific Network Transplant Provider information for services received at or coordinated by a Network Transplant Provider Facility.

Transportation and Lodging

The Plan will provide certain Benefits associated with your reasonable and necessary travel expenses as determined by us if you obtain our Prior Authorization and if you are required to travel more than seventy-five (75) miles from your residence to reach the Facility where your Transplant Procedure will be performed. Your Benefit includes assistance with your travel expenses, including transportation to and from the Facility and lodging for you, as the patient, and one (1) companion. If you are receiving treatment as a minor, then reasonable and necessary expenses for transportation and lodging may be allowed for two (2) companions. You must submit itemized receipts for transportation and lodging expenses in a form satisfactory to us when Claims are filed.

Authorization Requirements

Your Provider must call us so that we can provide Prior Authorization for a Transplant Procedure. Your Provider should call the Utilization Management Department and ask for the Transplant Coordinator. Your Provider must do this before you have an evaluation and/or work-up for a transplant. We will assist your Provider and you by explaining your Benefits, including details regarding the services to which the Benefit applies, and any clinical coverage guidelines, medical policies, Network requirements, or Exclusions. If we issue a Prior Authorization for a transplant procedure, your Provider must call us prior to the transplant so that we may determine whether the transplant is performed in an Inpatient or Outpatient setting.

Please note that there are instances where your Provider may request approval for Human Leukocyte Antigen Testing (HLA) testing, donor searches and/or a harvest and storage of stem cells prior to the final determination as to what transplant procedure will be requested. Under these circumstances, the HLA testing and donor search charges are covered as routine Diagnostic Services. We will review whether the harvest and storage request is Medically Necessary. However, such an approval for HLA testing, donor search and/or a harvest and storage is not an approval for the subsequent requested transplant. We must make a separate determination as to whether the transplant procedure is Medically Necessary.

Limitations

The Plan provides reimbursement for transportation and lodging expenses described above up to a maximum of Ten Thousand Dollars (\$10,000). The Plan provides reimbursement of up to Thirty Thousand Dollars (\$30,000) for expenses related to finding a donor who is not related to you and who will be a donor for a bone marrow/stem cell covered transplant procedures. You must obtain our authorization prior to being reimbursed for these expenses. If you do not obtain authorization, you must pay for these expenses.

Non-Covered Services for transportation and lodging include:

- Childcare;
- Mileage for travel while within the Facility's city;
- Rental cars, buses, taxis, or shuttle service, except as specifically approved by us;
- Frequent Flyer miles;
- Coupons, Vouchers, or Travel tickets;
- Prepayments or deposits;
- Services for a condition that is not directly related to, or a direct result of, the transplant;
- Telephone calls;
- Laundry;
- Postage;

- Entertainment;
- Interim visits to a medical care Facility while waiting for the actual Transplant Procedure;
- Travel expenses for donor companion/caregiver; and
- Return visits for the donor for a treatment of a condition found during the evaluation.

29. URGENT CARE SERVICES

Description

The Plan provides Benefits for Covered Services received at an Urgent Care Center. When services to treat urgent health care needs are provided in a Physician's office, Benefits are available as described under *Physician Home Visits and Office Services* earlier in this section.

Benefits are also available for Urgent Care Services received at a Non-Network Urgent Care Center while you are temporarily outside the Service Area. Benefits provided under this section are payable at the Network level and are limited to the Maximum Allowable Amount. Your payment is subject to any Coinsurance, Copayment, or Deductible. You may be responsible for any amount in excess of the Maximum Allowable Amount.

30. VISION SERVICES – PEDIATRIC

Description

The Plan provides pediatric vision Benefits for children to the end of the month in which a child turns nineteen (19) years of age.

Important Information

The Benefits available to you under this Section are administered by EyeMed®. The management and other services that EyeMed provides include, among others, maintaining and managing the Network Providers who will provide Covered Services to you under this Section. You must use an EyeMed Network Provider in order to receive Benefits under this Section. If you do not use an EyeMed Network Provider to receive Health Care Services under this Section, then you will be responsible for all costs, and such Health Care Services will be considered Non-Covered Services. Please call 1-833-337-3129 for help locating an EyeMed Network Provider and for additional information and details.

IMPORTANT: IF YOU OPT TO RECEIVE VISION CARE SERVICES OR VISION MATERIALS THAT ARE NOT COVERED BENEFITS UNDER THIS PLAN, A PARTICIPATING NETWORK PROVIDER MAY CHARGE YOU HIS OR HER NORMAL FEE FOR SUCH SERVICES OR MATERIALS. PRIOR TO PROVIDING YOU WITH VISION CARE SERVICES OR VISION CARE MATERIALS THAT ARE NOT COVERED BENEFITS, THE VISION CARE PROVIDER WILL PROVIDE YOU WITH AN ESTIMATED COST FOR EACH SERVICE OR MATERIAL UPON REQUEST.

The definitions below are specific to the Plan's coverage for pediatric vision services:

Examination means the comprehensive eye examination of an individual's complete visual system. An eye examination includes case history, general patient observation, clinical and diagnostic testing, and evaluation. Pupillary dilation is required for members with diabetes. The eye exam also includes refraction, color vision testing, Stereopsis testing and case presentation.

All Benefits are subject to the definitions, limitations, and Exclusions in this EOC and are payable only when they are deemed Medically Necessary for the prevention, diagnosis, care, or treatment of a Sickness or Injury and meet generally accepted vision protocols.

- Any charges for failure to keep a scheduled appointment;
- Any services that are strictly cosmetic in nature including, but not limited to, charges for personalization or characterization of prosthetic appliances;
- Office infection control charges;
- Charges for copies of your records, charts, or any costs associated with forwarding/mailing copies of your records or charts;
- State or territorial taxes on vision materials and services performed;
- Medical treatment of eye disease or Sickness or Injury;
- Visual therapy;

- Special lens designs or coatings other than those listed as Covered Services;
- Replacement of lost/stolen eyewear;
- Non-prescription (Plano) lenses;
- Two pairs of eyeglasses in lieu of bifocals;
- Services not performed by licensed personnel;
- Prosthetic devices and services;
- Insurance of contact lenses;
- Professional services you receive from immediate relatives or household members, such as a spouse, parent, child, brother or sister, by blood, marriage, or adoption.

SECTION 6 – PRESCRIPTION DRUGS

What this section includes:

- Benefits available for Prescription Drugs;
- How to utilize the retail and mail order service for obtaining Prescription Drugs;
- Any Benefit limitations and Exclusions that exist for Prescription Drugs; and
- Definitions of terms used throughout this section related to the Prescription Drug Plan

How Prescription Drug Coverage Works

This section provides an overview of the Plan's Prescription Drug coverage. See your *Schedule of Benefits* for Copayment, Coinsurance, and Deductible amounts that apply when you have a prescription filled at a Network Pharmacy. If you have any questions about the Plan's Prescription Drug coverage, you may call the Pharmacy phone number listed on your ID Card.

You are responsible for paying any amount(s) due to the Pharmacy at the time you receive your Prescription Drugs. You must notify CareSource to receive full Benefits for certain Prescription Drugs. Otherwise, you may pay more out-of-pocket.

Pharmacy Innovation Partner (PIP)

CareSource joined with our Pharmacy Innovation Partner to administer Pharmacy Benefits available to you under this EOC. The PIP assists CareSource with providing holistic care and coordination of pharmacy, medical, and behavioral Benefits to members. The PIP provides several services including, among others, making recommendations regarding the covered Marketplace Prescription Drug Formulary (list of covered drugs) and implementing changes to the Prescription Drug Formulary that reflect the decisions of the Pharmacy and Therapeutics Committee. The PIP also manages a network of retail pharmacies and operates both a Mail Service Pharmacy and a Specialty Drug Pharmacy Network. The PIP, in consultation with us, provides services to promote and enforce the appropriate use of Pharmacy Benefits, as well. These services include review for possible excessive use, recognized and recommended dosage regimens, drug interactions or drug/Pregnancy concerns, and safety or adherence.

Our covered Prescription Drug Formulary is available online at [CareSource.com/oh/plans/marketplace/benefits-services/pharmacy/preferred-drug-list](https://www.caresource.com/oh/plans/marketplace/benefits-services/pharmacy/preferred-drug-list). The CareSource website includes a formulary lookup tool, from which you can search for a particular drug. You may also call Member Services at the number listed on your ID card for a printed copy. The Prescription Drug Formulary is subject to periodic review and amendment. Inclusion of a drug or related item on the covered Prescription Drug Formulary is not a guarantee of coverage. Your Provider or Network Pharmacist may check with us to verify covered Prescription Drugs, any quantity and/or age limits, or applicable Brand-name Drugs or Generic Drugs recognized under the Plan.

Prescription Drugs, unless otherwise stated below, must be Medically Necessary in order to be Covered Services. Prescription Drugs will be covered for United States Food and Drug Administration (FDA) approved indications. Prescription Drugs will also be covered for off-label uses provided that the drug has been recognized as safe and effective for the treatment of your condition in standard medical literature. Both state and federal laws define standard medical literature, which usually consist of multiple articles from peer-reviewed medical journals or nationally recognized clinical practice guidelines.

For certain Prescription Drugs, the prescribing Physician may be asked to provide additional information before we can determine Medical Necessity or if the request is for a covered service or indication. We may establish limits for specific Prescription Drugs. Covered Services will be limited based on Medical Necessity, coverage limits established by us, or utilization guidelines. Coverage limits could include dose limits, quantity limits, duration limits, age or gender limits, and more. When a limit is exceeded, Prior Authorization may apply.

Prior Authorization may be required for certain Prescription Drugs. Prior Authorization helps promote appropriate and safe utilization and enforcement of guidelines for Prescription Drug Benefit coverage. From time to time, CareSource may change the Prescription Drugs requiring prior authorization. To determine if a Prescription Drug requires Prior Authorization, visit our website or call the toll-free number on your ID Card. The Network Pharmacist is also informed of the Prior Authorization requirement through the Pharmacy's computer system at the time you fill a prescription.

Prior Authorizations and/or Limits to coverage are subject to criteria that CareSource reviewed and adopted. CareSource uses criteria that has been developed and approved by the Pharmacy and Therapeutics Committee. Prior Authorization and/or Limits to coverage are also subject to state and/or federal laws (such as those applying to the dispensing of controlled substances as only one example). We may contact your Provider if additional information is required to determine whether a Prior Authorization will be granted. We will communicate the results of the decision to both you and your provider.

If Prior Authorization is denied, you have the right to appeal through the appeals process outlined in the *Complaint and Appeals Procedures* section of this EOC.

Prior Authorizations for Covered Persons with Chronic Conditions

For Prior Authorizations related to a Covered Person's Chronic Condition, we will honor the Prior Authorization for an approved Prescription Drug for twelve (12) months or until the last day of the Covered Person's eligibility under the Plan, whichever is less.

NOTE: The duration of all other Prior Authorization approvals will be governed by the Plan and this Evidence of Coverage. The twelve (12) month approval provided by us will no longer be valid and will automatically terminate if there are changes to federal or state laws or federal regulatory guidance or compliance information prescribing that the Prescription Drug in question is no longer approved or safe for the intended purpose.

We may require a Covered Person's Provider to submit information to us indicating that a Covered Person's Chronic Condition has not changed. The frequency of the submission of requested information by the Plan will be consistent with medical or scientific evidence as required by law but will not be required more frequently than on a quarterly basis.

NOTE: If we request information from a Covered Person's Provider and the Provider does not respond to us within five (5) days from the date the request was received by the Provider, we may terminate the twelve (12) month approval.

We will not authorize a twelve (12) month approval for the following:

- Prescription Drugs that are prescribed for a non-maintenance condition;
- Prescription Drugs that have a typical treatment of less than one (1) year;
- Prescription Drugs that require an initial trial period to determine effectiveness and tolerability, beyond which a one (1) year or greater Prior Authorization period will be given;
- Prescription Drugs where the medical or scientific evidence, as defined in Ohio Revised Code 3922.01, does not support a twelve (12) month prior approval;
- Prescription Drugs that are a Schedule I or II controlled substance or any Opioid Analgesic or benzodiazepine, as defined in Ohio Revised Code 3719.01; or
- Prescription Drugs that are not prescribed by a Network Provider as part of a care management program.

NOTE: If we have provided a twelve (12) month approval for a Prescription Drug and the United States Food and Drug Administration subsequently releases an approved comparable brand or generic Prescription Drug that is listed as therapeutically equivalent in United States Food and Drug Administration's publication titled "Approved Drug Products with Therapeutic Equivalence Evaluations," then we may require a substitution and require the Therapeutically Equivalent Prescription Drug be used for the remainder of the twelve (12) month approval.

Benefit Levels

Benefits are available for Outpatient Prescription Drugs that are considered Covered Services.

Tiers of Covered Drugs and Your Cost Share

Your Copayment or Coinsurance amount may vary based on whether the covered Prescription Drug, including covered Specialty Drugs, has been classified by the Pharmacy and Therapeutics Committee as a Tier 0, 1, 2, 3, or 4 drug. Tiers are based upon clinical information, the cost of the drug compared to other similar drugs used to treat the same or similar condition; the availability of over-the-counter alternatives, and certain clinical economic factors. The different tiers are below.

- Tier 0: Prescription Drugs include preventive medications as defined by the Affordable Care Act or state regulations. These medications are available without a Copayment or Coinsurance.
- Tier 1: Low-cost Prescription Drugs.
- Tier 2: Prescription Drugs that have a higher Coinsurance or Copayment than those in Tier 1. This tier will contain preferred medications that may be Brand- name, or Generic Drugs.
- Tier 3: Prescription Drugs that have a higher Coinsurance or Copayment than those in Tier 2. This tier will contain non-preferred medications that may be Brand- name, or Generic Drugs.
- Tier 4: Prescription Drugs that have a higher Coinsurance or Copayment than those in Tier 3. This tier will contain medications that are generally classified as specialty medications that may be Brand-name or Generic Drugs.

For Prescription Drugs filled at a retail Network Pharmacy, you must pay for the lower of:

- The Copayment, Coinsurance, and Deductible amounts that are applicable;
- The Network Pharmacy's usual and customary charge for the Prescription Drug; or
- The Prescription Drug Cost that CareSource agreed to pay the Network Pharmacy.

For Prescription Drugs from a mail-order Network Pharmacy, you are responsible for paying the lower of:

- The Copayment, Coinsurance, and Deductible amounts that are applicable; or
- The Prescription Drug Cost for that particular Prescription Drug.

Copay Cards, also called rebate cards or discount cards, may be available to you from some drug manufacturers who offer very high-cost Brand-name Drugs. These programs may apply after your Prescription Drug claim has been paid by CareSource. Money paid to reduce your cost share by these programs will not be permitted to apply toward your Deductible or Annual Out-of-Pocket Maximum under your Plan. Money received through these copay cards may jeopardize high deductible benefit plans and their tax savings with the Internal Revenue Service.

Assigning Prescription Drugs to Tiers

Prescription Drugs are placed into tiers based on the evaluation of a number of factors including, but not limited to, clinical and economic factors.

Clinical factors may include:

- Evaluations of the place in therapy;
- Relative safety and efficacy; and
- Whether supply limits or notification requirements should apply.

Economic factors may include:

- The acquisition cost of the Prescription Drug; and
- Available rebates and assessments on the cost effectiveness of the Prescription Drug

When evaluating a Prescription Drug for tier placement, clinical and economic factors regarding Covered Persons as a general population are considered. Whether a particular Prescription Drug is appropriate for an individual Covered Person is a decision that is made by the Covered Person and the prescribing Physician. Tier placement of Prescription Drugs is routinely assessed and may change from time to time.

How to Obtain Prescription Drug Benefits

We will only cover Prescription Drugs filled by a Network Pharmacy. The Plan does not provide Benefits for Prescription Drugs filled by a Pharmacy that is a Non-Network Provider.

Network Pharmacy

In order to dispense a Prescription Drug for you, a Network Pharmacy must have your prescription order from your Provider and your ID Card. The Network Pharmacy will file your Claim for you, and you will be required to pay applicable Deductible, Copayment or Coinsurance amounts at the Network Pharmacy.

If you do not present your ID Card, you may have to pay the full retail price of the Prescription Drug. If you do pay the full charge, ask your Pharmacist for an itemized receipt. You will need to complete a form and return it to our PIP for reimbursement. When you submit a Claim on this basis, you may pay more because you did not notify the PIP before the Prescription Drug was dispensed. The amount you are refunded will be based on the Prescription Drug Cost (less the required Copayment and/or Coinsurance and any Deductible that applies).

Benefits may not be available for the Prescription Drug after the PIP reviews the documentation provided and determines that the Prescription Drug is not a Covered Service, was dispensed without Prior Authorization received, exceeded plan limits without authorization, or it is used as an Experimental or Investigational or Unproven Service.

Specialty Drugs

You or your Physician must order your specialty drugs directly from a Network Specialty Pharmacy by calling Member Services. There are certain medications that are more complex for diseases that require special attention and need to be handled differently than medications you pick up at your local Pharmacy. These medications are called specialty medications, and most of these medications require a Prior Authorization from us. Many of these medications need to be given to you by a Physician or nurse, and your Provider's office will help you get that done. If the Prior Authorization is approved, we will work with your Provider's office and the specialty Pharmacy.

Specialty Drugs are limited to up to a maximum of 30 days' supply or less, where clinically appropriate.

Non-Network Pharmacy

You are responsible for full payment of the entire amount charged by a Pharmacy that is a Non-Network Provider.

The Mail Service Program

Complete the Order and Patient Profile Form. You will need to complete the patient profile information only once. You may mail written prescriptions from your Physician to the Mail Service or have your Physician fax the prescription to the Mail Service. Your Physician may also phone in the prescription to the Mail Service. You will need to submit the applicable Coinsurance and/or Copayment amounts to the Mail Service when you request a prescription or refill. Not all covered Prescription Drugs are available through the Mail Service Program.

You are not required to use the Mail Service Program.

Special Programs

From time to time we may start programs to encourage you to use more cost-effective or clinically-effective Prescription Drugs including, Generic Drugs mail service drugs, and over the counter or preferred products. Such programs may involve reducing or waiving Copayments or Coinsurance for certain drugs or preferred products for a limited period of time.

Therapeutic Substitution of Drugs Program

Therapeutic Substitution of Drugs is a program designed to increase Generic Drug use, which lowers your medication costs and maintains safety and efficacy.

This program informs you and your Provider about possible alternatives to certain Prescription Drugs. We may contact you and your prescribing Provider to make you aware of substitution options. Therapeutic substitution may also be initiated at the time the prescription is dispensed. Only you and your Provider can determine whether the therapeutic substitute is appropriate for you. The therapeutic drug substitutes list is subject to periodic review and amendment.

Step Therapy

Step therapy means that you may need to use one type of medication before another. The PIP monitors some Prescription Drugs to control use, to ensure that appropriate prescribing guidelines are followed, and to help you access high-quality, cost-effective Prescription Drugs. If your Provider decides that a step therapy medication is needed, your Provider may request an exemption. We will review and respond to your Provider's request for an exemption within forty-eight (48) hours for urgent requests, and within ten (10) calendar days for all other requests.

NOTE: If we deny your Provider's request for an exemption, your Provider may appeal the decision. The appeal will be between the Provider and a clinical peer. We will respond to your Provider's appeal within forty-eight (48) hours for expedited appeals, and within ten (10) calendar days for all other appeals.

NOTE: If we deny the appeal, you or your representative may request an External Review.

Designated Pharmacy

If you require certain Prescription Drugs, CareSource may direct you to a Designated Pharmacy that offers those Prescription Drugs.

Opioid Analgesics Prescribed for Chronic Pain

Covered Persons prescribed Opioid Analgesics for Chronic Pain must obtain our Prior Authorization prior to receiving Opioid Analgesics for Chronic Pain, except under the following circumstances:

- Opioid Analgesics prescribed to a Covered Person who is a Hospice Patient in a Hospice Care Program;
- Opioid Analgesics prescribed to a Covered Person who has been diagnosed with a Terminal Condition, but is not a Hospice Patient in a Hospice Care Program; or
- Opioid Analgesics prescribed to a Covered Person who has cancer or another condition associated with the Covered Person's cancer or history of cancer.

Covered Persons prescribed Opioid Analgesics for Acute and/or Chronic Pain may be subject to other utilization review measures as determined by us, including care coordination for individuals with substance use disorders.

Orally Administered Chemotherapy

Benefits for orally administered cancer chemotherapy will not be less favorable than the Benefits that apply to coverage for cancer chemotherapy that is administered intravenously or by injection.

Supply, Dose, Duration or Quantity Limits

Some Prescription Drugs are subject to limits that may restrict the amount dispensed per prescription order, refill, time period, total quantity, or total dose. To determine if a Prescription Drug has been assigned a maximum limit for dispensing, visit our website or call Member Services at the number listed on your ID card. CareSource may change the limit of a Prescription Drug at any time.

If a Brand-name Drug Becomes Available as a Generic Drug

If a Brand-name Drug becomes available as a Generic Drug, the tier placement of the Brand-name Drug may change, or the Brand may no longer be covered. If the Brand-name Drug remains covered, but a Generic Drug is available, your Copayment or Coinsurance may change. You will pay the Copayment or Coinsurance applicable for the tier to which the Prescription Drug is assigned. If you or your Physician want to continue using the same Brand-name Drug when a Generic Drug is available, the Brand-name Drug may no longer be covered. If the drug is covered, the Copayment or Coinsurance will be applied, which may be higher than the Copayment or Coinsurance for the Generic Drug depending on the tier placement of the Generic Drug and the Brand-name Drug.

Drugs not listed on the Prescription Drug Formulary are not covered. In the event that a drug which is not covered on the Formulary is granted as a covered service due to a determination of Medical Necessity, you will be responsible to pay the highest applicable copay.

Prescription Drugs Exclusions - What the Prescription Drug Plan Will Not Cover

Exclusions from coverage listed under Section 7: *What Is Not Covered* also apply to this section. In addition, the following Exclusions apply.

Medications that are:

- Prescription Drugs not on the Prescription Drug Formulary and that do not meet all requirements for Medical Necessity and the Medical Necessity for Non-Formulary policy;
- Not approved by the Food and Drug Association (FDA);
- Dispensed with a date of service outside of your coverage eligibility;
- For any condition, Injury, Sickness or Behavioral Health Disorder arising out of, or in the course of, employment for which benefits are available under any workers' compensation law or other similar laws, whether or not a Claim for such benefits is made or payment or benefits are received;
- A Prescription Drug for which payment or benefits are provided or available from the local, state, or federal government (for example, Medicare) whether or not payment or benefits are received, except as otherwise provided by law;
- Pharmaceutical products for which Benefits are provided under the medical portion of this EOC (Section 5: *Your Covered Services*);
- An available over-the-counter drug that does not require a prescription order or refill by federal or state law before being dispensed, unless (1) we have designated the over-the-counter drug as eligible for coverage as if it were a Prescription Drug or the over-the-counter drug is classified as a Preventive Health Care Service and (2) it is obtained with a prescription order or refill from a Physician and (3) is available on the Prescription Drug Formulary;
- Prescription Drugs that are available in over-the-counter form or are comprised of components that are available in over-the-counter form or equivalent. This Exclusion does not apply to over-the-counter products that we are required to cover under federal law that are mandated as a Preventive Health Care Service;
- Certain Prescription Drugs that we have determined are Therapeutically Equivalent to an over-the-counter drug. This Exclusion does not apply to over-the-counter products that we are required to cover under federal law that are mandated as a Preventive Health Care Service;
- Compounded drugs that contain any ingredient(s) that have not been approved by the FDA and/or that are not on the Prescription Drug Formulary and that require a prescription order or refill. Compounded drugs that are available as similar commercially available Prescription Drugs. (Compounded drugs that contain only covered ingredients that requires a prescription order or refill are assigned to the highest applicable copay, or Tier 3);

- Compounded drugs that are commercially available in a different form to treat the same disorder, unless the compounded dosage form and its components meet all standards of Medical Necessity and contains covered Drugs that cannot be administered through another commercially available product;
- Dispensed outside of the United States, unless dispensed as part of Emergency Health Care Services or Urgent Care Services;
- Durable Medical Equipment (prescribed and non-prescribed Outpatient supplies, other than those specifically stated as covered on the Prescription Drug Formulary);
- Dispensed in an amount (days' supply or quantity or dose limit) which exceeds the supply limit;
- Prescribed, dispensed, or intended for use during an Inpatient Stay;
- Prescribed, dispensed, or intended for use during a Skilled Nursing Stay;
- Prescribed for appetite suppression and other weight loss products;
- Prescribed for hyperhidrosis;
- Prescribed for sexual dysfunction as a primary diagnosis;
- Prescription Drugs, including new Prescription Drugs or new dosage forms, that CareSource determines do not meet the definition of a Covered Service;
- Prescription Drugs that contain an active ingredient(s) available in and Therapeutically Equivalent to another covered Prescription Drug;
- Typically administered by a qualified Provider or licensed health professional in an Outpatient setting. This Exclusion does not apply to Depo Provera and other injectable drugs used for contraception which may be covered according to the Prescription Drug Formulary;
- Used for conditions and/or at dosages determined to be Experimental or Investigational, or Unproven, unless CareSource has agreed to cover an Experimental or Investigational or Unproven Service, as defined in Section 2: Definitions;
- Used for Cosmetic Procedures or purposes;
- For growth hormone therapy to treat familial short stature. (This Exclusion does not apply to growth hormone therapy, which is Medically Necessary, as determined by CareSource, to treat a diagnosed medical condition other than familial short stature);
- Used for treatment of onychomycosis;
- Fertility drugs unless used to treat the medical condition that results in infertility; and
- Drugs considered as natural or homeopathic remedies, medical foods, herbal remedies or supplements, naturopathic therapies, complementary medicines, or alternative medicines.

Prescription Drug Exception Process

As required by federal law, CareSource has in place an exception process that allows you, or your Provider to request Benefits for Prescription Drugs, including contraceptives, that are not covered by the Plan's formulary. The exception process is described below, and it only applies to Prescription Drugs, including contraceptives. This process is distinct from the appeal process described in Section 9: *Complaint Process and Adverse Benefit Determination Appeals*.

NOTE: If a Prescription Drug exception is granted, the Prescription Drug will be treated as an Essential Health Benefit subject to all applicable Copayments, Coinsurance, and Annual Deductible requirements of your Plan. Your cost of the Prescription Drug will count towards your Annual Out-of-Pocket Maximum.

NOTE: For contraceptives only, the Plan will defer to your attending Provider's recommendation of medical necessity and will provide the contraceptive service or FDA approved item without cost sharing upon request.

Step 1 – Standard or Expedited Internal Review

Standard Internal Review

If we deny Benefits for a Prescription Drug, you, or your Provider may request that we consider an exception either verbally or in writing following the date of our notification of the denial. With your consent, such request may also be submitted on your behalf by your Authorized Representative or by the Provider who prescribed such Prescription Drug. We shall provide you with verbal notification of our determination as expeditiously as your health condition requires but will use good faith efforts to provide you with verbal notification of its decision within seventy-two (72) hours after your request was received by us. If your request for the Prescription Drug is approved pursuant to this paragraph, then we will provide coverage of the Prescription Drug for the duration of the stated Authorization period. If your request is denied, written notification will explain how you may request an independent review of our internal review determination.

Expedited Internal Review

If you are suffering from a health condition that may seriously jeopardize your life, health, or ability to regain maximum function or if you are undergoing a current course of treatment using a non-Formulary Prescription Drug, you or your prescribing Physician may request an expedited internal review for such urgent circumstances. We will provide you with notification of our determination within twenty-four (24) hours after your request was received by us. If your request for the Prescription Drug is approved pursuant to this paragraph, then we will provide coverage of the Prescription Drug or contraceptive for the duration of the stated Authorization period. If your request is denied, written notification will explain how you may request an independent review of our internal review determination.

Step 2 – External Review

If we deny your request for an exception in the Internal Review process described above, you may request either verbally or in writing that an External Review of our determination be conducted. With your consent, such request may also be submitted on your behalf by your Authorized Representative or by the Provider who prescribed such Prescription Drug. For more information on the External Review process, please refer to Section 9: *Complaint Process and Adverse Benefit Determination Appeals*.

SECTION 7 – WHAT IS NOT COVERED

This section includes information on:

- Exclusions; and
- Limitations

Benefit Limitations

Benefit limits are listed in your Schedule of Benefits or Section 5: *Your Covered Services*. Limitations may also apply to some Covered Services that fall under more than one Covered Service category. Please review all limits carefully. We will not pay Benefits for any of the services, treatments, items or supplies that exceed these Benefit limits. When we say, "this includes" or "including," it is not our intent to limit the description to that specific list, but, rather, to provide examples. When we do intend to limit a list of services or examples, we state specifically that the list "is limited to."

For Covered Services subject to a visit or day limit, when covered by the Plan, they will be calculated against that maximum Benefit limit. The remaining available Benefit instances will be reduced by the number of days/visits used.

Note: Basic Health Care Services, which would otherwise be Covered Services under the Plan, will not be excluded because they were the result of a complication from a Non-Covered Service.

Exclusions

We will not pay Benefits for any of the services, treatments, items, or supplies described in this section. All Exclusions listed in this section apply to you. The services, treatments, items, or supplies listed in this section are not Covered Services unless they are listed as a Covered Service in Section 5: *Your Covered Services* or through a Rider/Enhancement or Amendment to this EOC.

We do not provide Benefits for the following Health Care Services that are:

- Listed as an Exclusion/Not Covered in this EOC.
- Not Medically Necessary or do not meet our medical policy, clinical coverage guidelines, or Benefit policy guidelines.
- Except for Emergency Health Care Services, Health Care Services received from a Non-Network Provider unless authorized by us.
- For Health Care Services that exceed the applicable Benefit limitations
- Received from an individual or entity that is not recognized by us as a Provider, as defined in this EOC.
- Health Care Services rendered while you are incarcerated if the Sickness or Injury for which the Health Care Services were rendered resulted from an action or omission for which the governmental entity operating the correctional facility, or the governmental entity with which the law enforcement officer is affiliated, is liable.

- Experimental or Investigational Services. The fact that a service is the only available treatment for a condition will not make it eligible for coverage if we deem it to be an Experimental or Investigational Service. Please refer to the Experimental or Investigational Services Exclusion section, below, for further information on how we determine whether a service is Experimental or Investigational.
- Received to treat any condition, disease, defect, ailment, or Injury arising out of and in the course of employment if benefits are available under any Workers' Compensation Act or other similar law. If Workers' Compensation Act benefits are not available to you, then this Exclusion does not apply. This Exclusion applies if you receive Workers' Compensation Act benefits in whole or in part. This Exclusion also applies whether or not you Claim the benefits or compensation. It also applies whether or not you recover compensation from any Third Party.
- Provided to you as benefits by any governmental unit, unless otherwise required by law or regulation.
- Health Care Services other than Basic Health Care Services that are received to treat a condition resulting from direct participation in a riot, civil disobedience, nuclear explosion, or nuclear accident.
- For court ordered testing or care unless Medically Necessary.
- Health Care Services for which you have no legal obligation to pay in the absence of this or like coverage.
- For the following Provider charges listed below:
 - For consultations by telephone, facsimile machine, electronic mail systems or other consultation or medical management service not involving direct (face-to-face) care with the Member, except as otherwise described in Section 5 -*Your Covered Services - Telehealth*. Surcharges for furnishing and/or receiving medical records and reports.
 - Charges for doing research with Providers not directly responsible for your care.
 - Charges that are not documented in Provider records.
 - Charges from an outside laboratory or shop for services in connection with an order involving devices that are manufactured by that laboratory or shop, but which are designed to be fitted and adjusted by the attending Physician.
 - For membership, administrative, or access fees charged by Providers. Examples of administrative fees include, fees charged for educational brochures or calling you to provide your test results.
- Received from a dental or medical department maintained by or on behalf of an employer, mutual benefit association, labor union, trust or similar person or group.
- Prescribed, ordered, or referred by or received from a member of your immediate family.
- For completion of Claim forms or charges for medical records or reports unless otherwise required by law.

- For missed or canceled appointments.
- For any travel related expenses, except as authorized by us or specifically stated as a Covered Service.
- For Health Care Services received prior to the date your coverage began under this EOC.
- For Health Care Services received after the date your coverage terminates.
- For Health Care Services provided in connection with Cosmetic Procedures or cosmetic services. Cosmetic Procedures and cosmetic services are primarily intended to preserve, change, or improve your appearance or are furnished for psychiatric or psychological reasons. No Benefits are available for surgery or treatments to change the texture or appearance of your skin or to change the size, shape, or appearance of facial or body features (such as your nose, eyes, ears, cheeks, chin, chest, or breasts).
- For Health Care Services other than Basic Health Care Services to treat complications related to a Cosmetic Procedure, as determined by the Plan. This Exclusion applies even if the original Cosmetic Procedure was performed while the Covered Person was covered by another policy, plan, or other benefit program when the original Cosmetic Procedure was performed.
- For maintenance therapy, which is treatment given when no additional progress is apparent or expected to occur. Maintenance therapy includes treatment that preserves your present level of functioning and prevents loss of that functioning, but which does not result in any additional improvement. Maintenance therapy does not include services classified as Habilitative Services.
- Charges for the following:
 - Custodial Care, convalescent care, or rest cures.
 - Domiciliary Care provided in a residential institution, treatment center, halfway house, or school because your own home arrangements are not available or are unsuitable, and consisting chiefly of room and board, even if therapy is included.
 - Care provided or billed by a hotel, health resort, convalescent home, rest home, nursing home or other extended care facility home for the aged, infirmary, school infirmary, institution providing education in special environments, supervised living or halfway house, or any similar facility or institution.
 - Services or care provided or billed by a school, Custodial Care center for the developmentally disabled, or outward-bound programs, even if psychotherapy is included.
 - Wilderness camps.
- For surgical treatment of flat feet; subluxation of the foot; weak, strained, unstable feet; tarsalgia; metatarsalgia; hyperkeratoses.

- For routine foot care, including the cutting or removing of corns and calluses; nail trimming, cutting, or debriding, hygienic and preventive maintenance foot care, including:
 - Cleaning and soaking the feet.
 - Applying skin creams in order to maintain skin tone.
 - Other services that are performed when there is not a localized Sickness, Injury or symptom involving the foot.
- For weight loss programs unless specifically listed as covered in this EOC. This Exclusion includes commercial weight loss programs and fasting programs.
- For bariatric surgery, regardless of the purpose it is performed. This includes but is not limited to Roux-en-Y (RNY), Laparoscopic gastric bypass surgery or other gastric bypass surgery, Gastroplasty, or gastric banding procedures.
- For Health Care Services other than Basic Health Care Services to treat complications related to bariatric surgery, including Health Care Services that result in an Inpatient Stay or an extended Inpatient Stay, as determined by us. This Exclusion applies when the bariatric surgery was not a Covered Service under this Plan. This exclusion also applies even if the bariatric surgery was performed while the Covered Person was covered by another policy, plan, or other benefit program when the bariatric surgery was performed.
- For marital counseling.
- For biofeedback.
- For workplace / hiring physicals; this exclusion shall not apply to those Health Care Services for which Benefits have not been exhausted.
- For prescription, fitting, or purchase of eyeglasses or contact lenses except as otherwise specifically stated as a Covered Service in Section 5: *Your Covered Services*.
- For vision orthoptic training except as otherwise specifically stated as a Covered Service in Section 5: *Your Covered Services*.
- For hearing aids or examinations to prescribe or fit them, unless otherwise specifically stated as a Covered Service in Section 5: *Your Covered Services*.
- For services or supplies primarily for educational, vocational, or training purposes, except as otherwise specified herein.
- For Health Care Services and associated expenses for Assisted Reproductive Technology (ART) including but not limited to artificial insemination, in vitro fertilization, gamete intrafallopian transfer (GIFT) procedures, zygote intrafallopian transfer (ZIFT) procedures or any other treatment or procedure designed to create a Pregnancy. This includes any related prescription medication treatment; embryo transport; donor ovum and semen and related costs, including collection and preparation.
- For the reversal of surgical sterilization.

- For cryo-preservation and other forms of preservation of reproductive materials.
- For long-term storage of reproductive materials such as sperm, eggs, embryos, ovarian tissue, and testicular tissue.
- For an abortion, except a Therapeutic Abortion as defined in Section 2: *Definitions*.
- For services and materials not meeting accepted standards of optometric practice.
- For visual therapy.
- For special lens designs or coatings other than those described in this EOC.
- For replacement of lost/stolen eyewear.
- For non-prescription (Plano) lenses.

- For treatment of congenitally missing, malpositioned, or super numerary teeth, even if part of a Congenital Anomaly.

Experimental or Investigational Services Exclusion

Any drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service, or supply used in or directly related to the diagnosis, evaluation, or treatment of a disease, Injury, Illness, or other health condition which we determine to be Experimental or Investigational is not covered under the Plan.

We will deem any drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service, or supply to be Experimental or Investigational if we determine that one or more of the following criteria apply when the service is rendered with respect to the use for which coverage is sought. The drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service, or supply:

- Cannot be legally marketed in the United States without the final approval of the United States Food and Drug Administration, or other licensing or regulatory agency, and such final approval has not been granted; or
- Has been determined by the United States Food and Drug Administration to be contraindicated for the specific use; or
- Is provided as part of a clinical research protocol or clinical trial or is provided in any other manner that is intended to evaluate the safety, toxicity, or efficacy of the drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service, or supply; or
- Is subject to review and approval of an Institutional Review Board (IRB) or other body serving a similar function; or
- Is provided pursuant to informed consent documents that describe the drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service, or supply as Experimental or Investigational, or otherwise indicate that the safety, toxicity, or efficacy of the drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service, or supply is under evaluation.

Any service not deemed Experimental or Investigational based on the criteria above may still be deemed Experimental or Investigational by us. In determining whether a Health Care Service is Experimental or Investigational, we will consider the information described below and assess whether:

- The scientific evidence is conclusory concerning the effect of the service on health outcomes;
- The evidence demonstrates the service improves net health outcomes of the total population for whom the service might be proposed by producing beneficial effects that outweigh any harmful effects;
- The evidence demonstrates the service has been shown to be as beneficial for the total population for whom the service might be proposed as any established alternatives; and
- The evidence demonstrates the service has been shown to improve the net health outcomes of the total population for whom the service might be proposed under the usual conditions of medical practice outside clinical investigatory settings.

The information considered or evaluated by us to determine whether a drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service, or supply is Experimental or Investigational under the above criteria may include one or more items from the following list which is not all inclusive:

- Published authoritative, peer-reviewed medical or scientific literature, or the absence thereof; or
- Evaluations of national medical associations, consensus panels, and other technology evaluation bodies; or

- Documents issued by and/or filed with the United States Food & Drug Administration or other federal, state, or local agency with the authority to approve, regulate, or investigate the use of the drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service, or supply; or
- Documents of an institutional review board or other similar body performing substantially the same function; or
- Consent document(s) and/or the written protocol(s) used by your Providers studying substantially the same drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service, or supply; or
- Medical records; or
- The opinions of consulting Providers and other experts in the field.

We have the sole authority and discretion to decide whether a drug, biologic, device, diagnostic, product, equipment, procedure, treatment, service, or supply is Experimental or Investigational.

SECTION 8 – STAYING HEALTHY

Healthy Living/Care and Disease Management Programs

We offer disease management programs for Covered Persons who have specific health conditions, such as diabetes and asthma. These programs are voluntary and are available at no cost to you. Disease management programs can provide important value. New services may be added, and existing services may be modified or eliminated at any time. Please visit our website or contact Member Services for more information regarding our health management programs.

What this section includes:

Health and well-being resources available to you, including

- Self-Service Tools; and
- Care and Disease Management Services.

CareSource believes in giving you the tools you need to be an educated health care consumer. We have made available several convenient educational and support services, accessible at [CareSource.com](https://www.caresource.com), which can help you to:

- Take care of yourself;
- Manage a chronic health condition; and
- Navigate the complexities of the health care system.

NOTE:

Information obtained through the services identified in this section is based on current medical literature and on Physician review. It is not intended to replace the advice of a doctor. The information is intended to help you make better health care decisions and take a greater responsibility for your own health. CareSource is not responsible for the results of your decisions from the use of the information, including, but not limited to, your choice to seek or not to seek professional medical care, or your choice of specific treatment, or not, based on the text.

CareSource24

Health worries don't always happen during Business Hours. Our experienced nurses are available through CareSource24®, our 24-hour Nurse Advice Line, to talk about any health problem that concerns you. Call us if you have questions, need advice or if you are wondering where the best place to receive care might be. You will find the CareSource24 toll-free number on your member ID Card. We can help you decide if you can care for yourself or a sick family member at home or if you should seek help from a medical professional. Please remember to call 911 if you are experiencing an Emergency Medical Condition.

Integrated Care Management

If you have a serious or complicated health problem, including a substance use disorder, we are here to help you navigate through the health care system to get the coordinated, quality care you need. Our experienced care coordination team works with you and your doctor to make certain you are getting the best care possible. We do the coordination for you so that you can concentrate on your health.

Integrated Care Management - Care Transitions

If you are hospitalized, our free care transitions program helps coordinate the care you need to safely go home after your stay. Our experienced care coordination team works with you and your provider to make certain you get the care you need when you return home. We help you set goals that will help you feel better and make certain you are taking the medicine you need, when you need it. We also work to make sure that you understand your care and who to call when the doctor's office is closed. Our program is here to make coming home from the hospital as smooth as possible for you and your family.

Reminder Programs

To help you stay healthy, CareSource may send you reminders to schedule recommended screening exams. Examples of reminders may include:

- Mammograms;
- Child and adolescent immunizations;
- Cervical cancer screenings;
- Comprehensive screenings for individuals with diabetes; and
- Influenza/pneumonia immunizations.

There is no need to enroll in this program. You will receive a reminder automatically if our records show you have not had a recommended screening exam.

Medication Therapy Management Program

At CareSource, we believe it is critical that you take your medications correctly and are on the right medications for your health conditions. We offer the Medication Therapy Management Program (MTM) as a free program to help you do just that. We encourage you to meet with your pharmacist and discuss your medications. Your pharmacists are available for consultation, and we encourage them to do so as part of our program.

Your pharmacist can help with:

- Review of all your prescriptions and over-the-counter medications
- Education on how to use medications correctly
- Identifying medications that may interact with each other
- Identifying medications that may help you save money

SECTION 9 – COMPLAINT PROCESS AND ADVERSE BENEFIT DETERMINATION APPEALS

What this section includes:

- What to do if you have a Complaint;
- How to request Prior Authorizations, predeterminations, and medical reviews; and
- How to Appeal Adverse Benefit Determinations.

Please contact Member Services at 1-833-230-2099 with any questions you have about your Benefits, including any questions about your coverage and Benefit levels, Annual Deductibles, Coinsurance, Copayment and Annual Out-of-Pocket Maximum amounts, specific Claims or services you have received, our Network, and our authorization requirements.

While we hope that there are no problems with our services to you, we have implemented (1) the Complaint Process, (2) the Internal Appeals Process, and (3) the External Review Process. These processes are intended to provide fair, reasonable, and timely solutions to issues that you may have concerning CareSource, the Plan, Benefit determinations, coverage and eligibility issues, or the quality of care rendered by Network Providers.

The Complaint Process

We have put in place a complaint process for the quick resolution of complaints you submit to us that are unrelated to the Plan's decision to deny, reduce, or terminate coverage for Health Care Services. For purposes of this complaint process, we define a complaint as an expression of unhappiness or dissatisfaction relating to any aspect of our operation. If you have a complaint concerning us, please contact us.

You, or an Authorized Representative, who may also be your Provider, may submit your complaint by sending a letter to us at the following address: CareSource, Attention: Ohio Member Appeals, P.O. Box 1947, Dayton, OH 45401. Fax: 937-531-2398. Expedited Fax: 937-531-2398. You may also submit a complaint by calling Member Services at 1-833-230-2099. You may arrange to meet with us in-person to discuss your complaint.

Within thirty (30) calendar days of our receipt of your complaint, we will investigate, resolve, and respond to the complaint and send you a letter explaining our resolution of the complaint.

NOTE: The Adverse Benefit Determination Appeal process below addresses issues related to Adverse Benefit Determinations, which include Benefits Denials. The Adverse Benefit Determination Appeal Process, described below, is separate and distinct from the complaint process.

Definitions

For purposes of this section only, the following definitions apply—

Adverse Benefit Determination means a decision by CareSource to deny, reduce, or terminate a requested Health Care Service or Benefit in whole or in part, including all of the following:

- A determination not to issue you coverage, if applicable to this Plan;
- A determination of your eligibility for Benefits under the Plan;
- A determination that a Health Care Service is not a Covered Service;
- The imposition of an Exclusion or other limitation on Benefits that would otherwise be covered;
- A determination that the Health Care Service does not meet the Plan's requirements for Medical Necessity, appropriateness, health care setting, level of care, or effectiveness, including Experimental or Investigational Services; or
- A rescission of coverage under the Plan regardless of whether there is an adverse effect on any particular Benefit at that time.

External Review means a review of an Adverse Benefit Determination (including a Final Adverse Benefit Determination) conducted pursuant to state or federal law.

Final Adverse Benefit Determination means an Adverse Benefit Determination that has been upheld by us at the completion of the Internal Appeals process described in this Section.

Independent Review Entity (or IRE) means an entity that conducts Independent External Reviews of Adverse Benefit Determinations.

Internal Appeal means the review by us of an Adverse Benefit Determination.

Internal Appeal Process

You have the right to file an Internal Appeal with us if you disagree with or are dissatisfied with an Adverse Benefit Determination we have made. Your Internal Appeal may be submitted by you or your Authorized Representative, who may also be your Provider. The timing of decisions and notifications related to such Internal Appeals are provided below.

Adverse Benefit Determination Appeals

Your Plan offers one (1) level of Internal Appeal.

If you or your Authorized Representative wish to appeal an Adverse Benefit Determination, then you or your Authorized Representative must submit your Internal Appeal to us within one hundred eighty (180) days of receiving the Adverse Benefit Determination. All Internal Appeal requests must be in writing, except for an Internal Appeal request involving Urgent Care, which may be requested orally or electronically.

You or your Authorized Representative may send a written request for an Internal Appeal to:

CareSource, Attention: Ohio Member Appeals, P.O. Box 1947, Dayton, OH 45401. Fax: 937-531-2398.

If you or your Authorized Representative would like to appeal a denied Urgent Care Review, then you may submit your Internal Appeal orally by calling us at 1-833-230-2099.

Your request for an appeal of an Adverse Benefit Determination must include the following information:

- The Covered Person's name and identification number as shown on the ID Card;
- The Provider's name;
- The date of the Health Care Service;
- The reason you disagree with the Adverse Benefit Determination; and
- Any documentation or other written information to support your request.
- A consent form signed and dated by you, authorizing your Provider or other Representative to appeal the Adverse Benefit Determination on your behalf.

Standard Review of an Internal Appeal

The Internal Appeal of an Adverse Benefit Determination will be reviewed by a health care professional not involved in the initial decision, which is in the same or similar specialty that typically manages the medical or dental condition, procedure, or treatment under review. The health care professional reviewing the Internal Appeal will take into account all records and information submitted by the Covered Person or the Covered Person's Authorized Representative relating to the Claim or Prior Authorization denial, and may interview the patient or patient's designated representative, or Provider, as appropriate.

We may need additional information to process a request for an Internal Appeal. If additional information is needed, we may send you or your Authorized Representative a letter acknowledging the date we received the request for an Internal Appeal and a list of documents, if any, you or your Authorized Representative must submit. Upon your request, we will provide you with any new or additional evidence considered, relied upon, or generated by us in determining your Internal Appeal.

The Plan must notify you of the Internal Appeal determination within ten (10) calendar days after receiving the Internal Appeal for a Pre-Service Review or Step Therapy exemption denial and thirty (30) calendar days after receiving the Internal Appeal for all other denials.

If we deny your Internal Appeal, we will notify you via a Final Adverse Benefit Determination notice. If we approve your request for benefits, then we will provide you, your attending Physician, or ordering Provider with the appropriate notice.

Expedited Review of an Internal Appeal

You may request an expedited review of an Internal Appeal of an Adverse Determination for:

- Any request for Health Care Services when the time periods for making non-Urgent Review Request determinations:
 - Could seriously jeopardize your life or health or your ability to regain maximum function, or

- In the opinion of a Physician with knowledge of your medical or behavioral condition, would subject you to severe pain or adverse health consequences that cannot be adequately managed without the care or treatment that is the subject of the request.
- Except as provided below, whether a request meets the above conditions in order to be eligible for an expedited Internal Appeal will be determined by an individual acting on behalf of CareSource applying the judgement of a prudent layperson who possesses an average knowledge of health and medicine.
- Any request that a Physician with knowledge of your medical condition determines is a request involving Urgent Care Services.

All Expedited Internal Appeals will be reviewed by a clinical peer. In addition, Expedited Internal Appeals for Pre-Service Review Request denials will be between the clinical peer and the requesting Provider to the extent the requesting Provider is available.

If the expedited clinical appeal fails to meet expedited criteria, you or your Authorized Representative will be contacted via telephone and in writing advising that the matter does not meet expedited criteria and will be handled under the standard Internal Appeal process. However, if your Physician with knowledge of your condition indicates that the appeal must be processed as expedited, CareSource will render an expedited decision. A follow-up letter is sent to you within twenty-four (24) hours confirming the matter does not meet expedited criteria and providing expedited grievance rights. The matter is then transferred to the standard Internal Appeal process

We will complete an expedited review of an Internal Appeal as soon as possible given your medical needs, but no later than forty-eight (48) hours after receipt of your request for an Expedited Internal Appeal involving a Pre-Service Review or Step Therapy exemption denial or seventy-two (72) hours after our receipt of the request for Expedited Internal Appeal for all other denials. We will communicate our decision and all other necessary information by telephone to you, your attending Physician, or the ordering Provider.

If our decision is still adverse to you, we will also provide a Final Adverse Benefit Determination notice to you, your attending Physician or ordering Provider. The notice will include the same or similar information to that provided in a notice of non-expedited Internal Appeal. If we approve your request for benefits, then we will also provide you, your attending Physician, or ordering Provider with the appropriate written notice.

Exhaustion of the Internal Appeals Process

The Internal Appeal process must be exhausted prior to initiating an External Review – except in the following instances:

- We agree to waive the exhaustion requirement;
- You did not receive a written decision of the Internal Appeal within the required time frame;

- We failed to meet all requirements of the Internal Appeal process. If our failure to meet the requirements was considered: (1) de minimis, (2) not likely to cause prejudice or harm to you, (3) for good cause or our failure was caused by matters beyond our control, (4) in the context of an ongoing good faith exchange of information between the plan and you or your authorized representative, and (5) not part of a pattern or practice of our not following the internal claims and appeals procedures, then you have not exhausted the Internal Appeals process. If we deny your request for external review based on any of these considerations, you may request an explanation of the basis for the plan's asserting that its actions meet this standard.

External Review Process

External Review of the Final Adverse Benefit Determination Notice

We provide a process that allows you the right to request an independent External Review of an Adverse Benefit Determination notice. You will not pay for the External Review. There is no minimum cost of Health Care Services denied in order to qualify for an External Review; however, you must generally exhaust our Internal Appeal process before seeking an External Review. Any exceptions to this requirement will be included in the notice of Adverse Benefit Determination. You will not be subject to retaliation for exercising your right to request an independent External Review.

An External Review will be conducted by either the Ohio Department of Insurance (Department) or an Independent Review Organization (IRO), depending on the nature of your Internal Appeal.

If your request for an External Review is based on a contractual issue that does not involve a medical judgment or medical information or involves Emergency Health Care Services that have been determined to be not Medically Necessary and the Plan's decision has already been upheld through External Review by an IRO, then the Department will review your External Review.

If your request for an External Review involves medical judgment or medical information or involves Experimental or Investigational Health Care Services, then an IRO will review your External Review.

Requests for External Review

Regardless of whether the External Review is to be reviewed by an IRO or the Ohio Department of Insurance and regardless of whether it's a standard, expedited, or Experimental or Investigational External Review request, you or your Authorized Representative must request an External Review through us within one hundred eighty (180) calendar days of the date of the notice of Final Adverse Benefit Determination notice issued by us. All External Review requests must be in writing, except a request for an expedited External Review, which may be requested orally or electronically. In addition to filing the request for External Review, you will also be required to authorize the release of your medical records as necessary to conduct the External Review. In addition, if you wish to have another person represent you during the External Review process, then you must submit a written authorization appointing that person as your Authorized Representative.

You or your Authorized Representative may send a written request for an External Review to:

CareSource, Attention: Ohio Member Appeals, P.O. Box 1947, Dayton, OH 45401. Fax: 937-531-2398.

If you or your Authorized Representative would like to file an expedited External Review, then you may submit your request for expedited External Review verbally by calling us at 1-833-230-2099.

Your request for an External Review must include the following information:

- The Covered Person's name and identification number as shown on the ID Card;
- The Provider's name;
- The date of the Health Care Service;
- The reason you disagree with the Final Adverse Benefit Determination; and
- Any documentation or other written information to support your request.

If your request for a standard External Review is complete, then the Plan will initiate the External Review process and notify you in writing that the request is complete and eligible for External Review. The notice will include the name and contact information for the assigned IRO or the Ohio Department of Insurance (as applicable) for the purpose of submitting additional information. The notice also will inform you that, within ten (10) Business Days after receipt of the notice, you may submit additional information in writing to the IRO or the Ohio Department of Insurance (as applicable) for consideration in the review. We will also forward all documents and information used to make the Adverse Benefit Determination to the assigned IRO or the Ohio Department of Insurance (as applicable) within five (5) days after receipt of your request for a standard External Review that is complete and valid. If the request for a Standard External Review is not complete, then we will inform you in writing and specify what information is needed to make the request complete.

If your request for an expedited External Review is complete, then we will initiate the expedited External Review process and immediately notify you that your request is complete and eligible for review. We will also immediately provide (either electronically or by facsimile or other available expeditious method) all necessary documents and information regarding the Adverse Benefit Determination to the IRO or Ohio Department of Insurance (as applicable). If the request is not complete, then we will contact you immediately and specify what information is needed to make the request complete.

If we determine that the Adverse Benefit Determination is not eligible for External Review, then we must notify you in writing and provide you with the reason for our determination and inform you that the denial may be appealed to the Ohio Department of Insurance. Regardless of any determination made by us, the Ohio Department of Insurance may determine that your request is eligible for External Review and may require that the request be referred for External Review. The Department's decision will be made in accordance with the terms of the Plan and all applicable provisions of the law.

External Reviews Conducted by the Ohio Department of Insurance

The Ohio Department of Insurance will conduct External Reviews in either of the following instances:

- The Adverse Benefit Determination notice is based on a contractual issue that does not involve a medical judgment or medical information; or

The Adverse Benefit Determination notice involves Emergency Health Care Services that were determined to be not Medically Necessary or appropriate, and our decision was upheld through an External Review by an Independent Review Organization.

Ohio Department of Insurance Review and Decision

The Department reviews all requests for External Review of Final Adverse Benefit Determinations where the determination made by us was based on a contractual issue and does not involve a medical judgment or a determination based on any medical information. The Department will also review requests for External Review related to Emergency Health Care Services where such Emergency Health Care Services have been determined to not be Medically Necessary and our decision had previously been upheld through an External Review by the IRO. The Department will not conduct a review unless you have exhausted our Internal Appeal process.

You and CareSource will provide the Department with any information required by the Department that is in your possession or our possession and is germane to the review by the Department.

The Department shall determine whether the Health Care Service is a Covered Service. The Department will then notify you and us of its decision. If the Department determines that the Health Care Service is a Covered Service, then we will provide coverage pursuant to the terms of the Plan. If the Department determines that the Health Care Service is not a Covered Service, then we will not be required to cover the service or afford you the opportunity for an External Review by an IRO.

External Review Conducted by Independent Review Organization***IRO Assignment***

When we initiate an External Review by an IRO, the Ohio Department of Insurance assigns the review to an accredited IRO that is qualified to conduct the review based on the type of Health Care Service. An IRO that has a conflict of interest with us, you, your Provider, or the Facility will not be selected to conduct the review. The independent review shall be conducted by a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment. The health care professional engaged for the purposes of the independent review shall be an individual who is neither an individual who was consulted in connection with the Adverse Benefit Determination that is the subject of the appeal, nor the subordinate of any such individual.

Standard External Reviews Conducted by an IRO

An Independent Review Organization will conduct External Reviews in the following instances:

- The Final Adverse Benefit Determination involves a medical judgment or is based on any medical information; or
- The Final Adverse Benefit Determination indicates the requested Health Care Service is Experimental or Investigational, except when the requested Health Care Service is explicitly listed as an Exclusion under your Plan, and your treating Physician certifies at least one of the following:
 - Standard Health Care Services have not been effective in improving your condition;
 - Standard Health Care Services are not medically appropriate for you; or
 - No available standard Health Care Service covered by us is more beneficial than the requested Health Care Service.

Expedited External Review Conducted by Independent Review Organization

You are entitled to an expedited External Review by an Independent Review Organization in the following instances:

- Your treating Physician certifies that the Adverse Benefit Determination involves a medical condition that could seriously jeopardize your life or health or would jeopardize your ability to regain maximum function if treatment is delayed until after the time frame of an expedited Internal Appeal and you filed a request for expedited Internal Appeal.
- Your treating Physician certifies that the Final Internal Adverse Benefit Determination involves a medical condition that could seriously jeopardize your life or health or would jeopardize your ability to regain maximum function if treatment is delayed until after the time frame of a standard External Review.
- The Final Internal Adverse Benefit Determination concerns an admission, availability of care, continued stay, or Health Care Service for which you received Emergency Health Care Services, but have not yet been discharged from a Facility.
- Your treating Physician certifies that the Adverse Benefit Determination involves Experimental or Investigational services that would be significantly less effective if not promptly initiated.

NOTE: An expedited External Review is not available for retrospective Final Internal Adverse Benefit Determinations (meaning the Health Care Service has already been provided to you.)

NOTE: Upon receipt of new information from the IRO, we may reconsider our Adverse Benefit Determination and provide coverage. If we reverse an Adverse Benefit Determination, then we will notify you, the IRO, and the Ohio Department of Insurance of our decision within one (1) Business Day.

IRO Review and Decision

The IRO must consider all documents and information considered by us in making the Adverse Benefit Determination, any information submitted by you, and other information such as your medical records, your attending health care professional's recommendation, consulting reports from appropriate health care professionals, the terms of coverage under the Plan, the most appropriate practice guidelines, clinical review criteria used by us or our utilization review organization, and the opinions of the IRO's clinical reviewers. The IRO is not bound by any previous decision reached by us.

The IRO assigned to review your External Review will provide a written notice of its decision to either uphold or reverse our determination within thirty (30) days of receipt by us of a request for a standard External Review or a standard External Review involving an Experimental or Investigational treatment or within seventy-two (72) hours of receipt by us of an expedited External Review.

The IRO determination notice will be sent to you, us, and the Ohio Department of Insurance. The IRO determination notice must include the following information:

- A general description of the reason for the request for External Review;
- The date the IRO was assigned by the Ohio Department of Insurance to conduct the External Review;
- The dates over which the External Review was conducted;
- The date on which the IRO's decision was made;
- The rationale for its decision; and
- References to the evidence or documentation, including any evidence-based standards that were used or considered in reaching its decision.

NOTE: Written decisions of an IRO concerning an Adverse Benefit Determination that involve a Health Care Services that is stated to be Experimental or Investigational will also include the principle reason(s) for the IRO's decision and the written opinion of each clinical reviewer including their recommendation as to whether the recommended or requested Health Care Services should be covered and their rationale for the recommendation.

Binding Nature of the IRO Decision

An External Review decision is binding on you and us except to the extent we have other remedies available under state or federal law or unless the Ohio Department of Insurance determines that, due to facts and circumstances of an External Review, a second External Review is required.

Subject to the foregoing, upon receipt of notice by an IRO to reverse an Adverse Benefit Determination, we will provide coverage for the Health Care Service in question.

You may not file a subsequent request for an External Review involving the same Adverse Benefit Determination that was previously reviewed unless new medical or scientific evidence is submitted to us.

A decision issued by the IRO will be admissible in any civil action related to our coverage decision. The IRO's decision is presumed to be a scientifically valid and accurate description of the state of medical knowledge at the time it was written.

SECTION 10 – COORDINATION OF BENEFITS (COB)

What this section includes:

- How your Benefits under this Plan coordinate with other medical plans;
- How your coverage is affected if you become eligible for Medicare; and
- Procedures in the event we overpay Benefits.

This Coordination of Benefits (COB) section applies if you have health care coverage under more than one Health Plan. "Health Plan" is defined below.

Coordination of Benefits is the process used for determining which health plan or insurance policy will pay first and/or determining the payment obligations of each health plan, medical insurance policy, or third-party resource when two or more health plans, insurance policies or third-party resources cover the same Benefits for Covered Persons under this Plan.

The Order of Benefit Determination Rules govern the order in which each Health Plan will pay a Claim for benefits. The Health Plan that pays first is called the Primary Health Plan. The Primary Health Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Health Plan may cover some expenses. The Health Plan that pays after the Primary Health Plan is the Secondary Health Plan. The Secondary Health Plan may reduce the benefits it pays so that payments from all Health Plans do not exceed the Primary Health Plan's Allowable Expense.

Definitions

- A. A "Health Plan" is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same Health Plan and there is no COB among those separate contracts.
1. Health Plan includes, as permitted by state law: group and nongroup insurance contracts, health insuring corporation (HIC) contracts, Closed Panel Plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as Skilled Nursing Care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan.
 2. Health Plan does not include Hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; supplemental coverage as described in Revised Code sections 3923.37 and 1751.56; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental Health Plans, unless otherwise permitted by law.

Each contract for coverage under (1) or (2) is a separate Health Plan. If a Health Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Health Plan.

- B. “This Health Plan” means, in a COB provision, the part of the contract providing the health care Benefits to which the COB provision applies, and which may be reduced because of the Benefits of other Health Plans. Any other part of the contract providing health care Benefits is separate from This Health Plan. A contract may apply one COB provision to certain Benefits, such as dental Benefits, coordinating only with similar Benefits, and may apply another COB provision to coordinate other Benefits, such as medical benefits.
- C. The “Order of Benefit Determination Rules” determine whether This Health Plan is a Primary Health Plan or Secondary Health Plan when the person has health care coverage under more than one Health Plan.

When This Health Plan is the Primary Health Plan, it determines payment for its Benefits first before those of any other Health Plan without considering any other Health Plan's Benefits. When This Health Plan is the Secondary Health Plan, it determines its Benefits after those of another Health Plan and may reduce the Benefits it pays so that all Health Plan Benefits do not exceed 100% of the total Allowable Expense.

- D. Allowable Expense is a health care expense, including Annual Deductibles, Coinsurance and Copayments, that is covered at least in part by any Health Plan covering the person. When a Health Plan provides Benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Health Plan covering the person is not an Allowable Expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an Allowable Expense.

The following are examples of expenses that are not Allowable Expenses:

1. The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable Expense, unless one of the Plans provides coverage for private hospital room expenses.
2. If a person is covered by 2 or more Health Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
3. If a person is covered by two (2) or more Health Plans that provide Benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.

4. If a person is covered by one Health Plan that calculates its Benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Health Plan that provides its benefits or services on the basis of negotiated fees, the Primary Health Plan's payment arrangement will be the Allowable Expense for all Health Plans. However, if the provider has contracted with the Secondary Health Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Health Plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable Expense used by the Secondary Health Plan to determine its Benefits.
 5. The amount of any benefit reduction by the Primary Health Plan because a Covered Person has failed to comply with the Health Plan provisions is not an Allowable Expense. Examples of these types of Health Plan provisions include second surgical opinions, precertification of admissions, and preferred Provider arrangements.
- E. Closed Panel Plan is a Plan that provides health care benefits to Covered Persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.
- F. Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the Benefit Year excluding any temporary visitation.

Order of Benefit Determination Rules

When a person is covered by two or more Health Plans, the rules for determining the order of benefit payments are as follows:

The Primary Health Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of under any other Plan.

1. Except as provided in Paragraph (2), a Plan that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both Plans state that the complying plan is primary.
2. Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed Panel Plan to provide out-of-network benefits.

A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is Secondary Health Plan to that other Plan.

Each Plan determines its order of Benefits using the first of the following rules that apply:

1. Non-Dependent or Dependent. The Health Plan that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber, or retiree is the Primary Health Plan and the Health Plan that covers the person as a dependent is the Secondary Health Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Health Plan covering the person as a dependent, and primary to the Health Plan covering the person as other than a dependent (e.g. a retired employee), then the order of Benefits between the two Health Plans is reversed so that the Health Plan covering the person as an employee, member, policyholder, subscriber or retiree is the Secondary Health Plan and the other Health Plan is the Primary Health Plan.
 - a. Dependent child covered under more than one Health Plan. Unless there is a court decree stating otherwise, when a Dependent child is covered by more than one Health Plan the order of Benefits is determined as follows:
 - i. For a Dependent child whose parents are married or are living together, whether or not they have ever been married:
 - The Health Plan of the parent whose birthday falls earlier in the calendar year is the Primary Health Plan; or
 - If both parents have the same birthday, the Health Plan that has covered the parent the longest is the Primary Health Plan.
 - However, if one spouse's Health Plan has some other coordination rule (for example, a "gender rule" which says the father's Health Plan is always primary), we will follow the rules of that Health Plan.
 - ii. For a Dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
 - If a court decree states that one of the parents is responsible for the Dependent child's health care expenses or health care coverage and the Health Plan of that parent has actual knowledge of those terms, that Health Plan is primary. This rule applies to Health Plan years commencing after the Health Plan is given notice of the court decree;
 - (If a court decree states that both parents are responsible for the Dependent child's health care expenses or health care coverage, the provisions of Subparagraph (a) above will determine the order of Benefits;
 - If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the Dependent child, the provisions of Subparagraph (a) above shall determine the order of Benefits; or

- If there is no court decree allocating responsibility for the Dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - The Health Plan covering the Custodial Parent;
 - The Health Plan covering the spouse of the Custodial Parent;
 - The Health Plan covering the non-Custodial Parent; and then
 - The Health Plan covering the spouse of the non-Custodial Parent.
 - For a Dependent child covered under more than one Health Plan of individuals who are not the parents of the child, the provisions of Subparagraph (a) or (b) above will determine the order of Benefits as if those individuals were the parents of the child.
2. Active employee or retired or laid-off employee. The Health Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the Primary Health Plan. The Health Plan covering that same person as a retired or laid-off employee is the Secondary Health Plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Health Plan does not have this rule, and as a result, the Health Plans do not agree on the order of Benefits, this rule is ignored. This rule does not apply if the rule labeled (1) can determine the order of Benefits.
 3. COBRA or state continuation coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Health Plan, the Health Plan covering the person as an employee, member, subscriber, or retiree or covering the person as a dependent of an employee, member, subscriber, or retiree is the Primary Health Plan and the COBRA or state or other federal continuation coverage is the Secondary Health Plan. If the other Health Plan does not have this rule, and as a result, the Health Plans do not agree on the order of Benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of Benefits.
 4. Longer or shorter length of coverage. The Health Plan that covered the person as an employee, member, policyholder, subscriber, or retiree longer is the Primary Health Plan and the Health Plan that covered the person the shorter period of time is the Secondary Health Plan.

If the preceding rules do not determine the order of Benefits, the Allowable Expenses will be shared equally between the Health Plans meeting the definition of Health Plan. In addition, this Health Plan will not pay more than it would have paid had it been the Primary Health Plan.

Effect on the Benefits of This Health Plan

When this Health Plan is the Secondary Health Plan, it may reduce its Benefits so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Health Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Plan that is unpaid by the Primary Health Plan. The Secondary Health Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Health Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim. In addition, the Secondary Health Plan shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

If a Covered Person is enrolled in two or more Closed Panel Plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one Closed Panel Plan, COB shall not apply between that Plan and other Closed Panel Plans.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine Benefits payable under This Health Plan and other Health Plans. CareSource may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining Benefits payable under This Health Plan and other Health Plans covering the person claiming Benefits. CareSource need not tell, or get the consent of, any person to do this. Each person claiming Benefits under This Health Plan must give CareSource any facts it needs to apply those rules and determine Benefits payable.

Facility of Payment

A payment made under another Health Plan may include an amount that should have been paid under This Health Plan. If it does, CareSource may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This Health Plan. CareSource will not have to pay that amount again. The term "payment made" includes providing Benefits in the form of services, in which case "payment made" means the reasonable cash value of the Benefits provided in the form of services.

Right of Recovery

If the amount of the payments made by CareSource is more than it should have paid under this COB provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid, or any other person or organization that may be responsible for the Benefits or services provided for the covered person. The "amount of the payments made" includes the reasonable cash value of any Benefits provided in the form of services.

Coordination Disputes

If you believe that we have not paid a Claim properly, you should first attempt to resolve the problem by contacting us. Please call Member Services at 1-833-230-2099. If you are still not satisfied, you may call the Ohio Department of Insurance for instructions on filing a consumer complaint. SECTION 11 – SUBROGATION AND REIMBURSEMENT

What this section includes:

- How your Benefits are impacted if you suffer a Sickness or Injury caused by a Third Party.

Subrogation – Example

Suppose you are injured in a car accident that is not your fault, and you receive Benefits under the Plan to treat your injuries. Under subrogation, we have the right to take legal action in our name against the driver who caused the accident and that driver's insurance carrier to recover the cost of those Benefits.

We may pay Benefits on your behalf for Health Care Services resulting from a Sickness or Injury for which a Third Party is legally responsible to pay. If we pay these Benefits on your behalf, we have the legal right to substitute CareSource for you for the limited purpose of making a claim to recover the Benefits we paid on your behalf.

We also have a legal right to recover from you or a Third Party legally responsible for paying for your treatment, any Benefits payments that we paid on your behalf. We may recover those paid Benefits through reimbursement (if you receive payment from that responsible party), by assignment, or by subrogation.

You must promptly notify us in writing of how, when and where an accident or incident resulting in Sickness or Injury to you occurred and all information regarding the parties involved, including whether you have retained an attorney. Throughout the recovery process, you (or your legal representative) must not do anything to limit, interfere with, or prejudice our subrogation or reimbursement rights. You (or your legal representative) must cooperate with us (or a company that we have contracted with to recover subrogation claims) by signing documents and doing whatever is necessary for CareSource to exercise its reimbursement, assignment, and subrogation rights. If you do not, we will have the legal right to recover our payments and costs (including attorneys' fees) by formal action against you for the reimbursement of money owed to CareSource.

CareSource's subrogation and reimbursement rights are a first priority lien on any recovery, which means that they are paid before any of your other claims are paid. We are entitled to recover up to the full amount of Benefits we have paid, without regard to whether you (or your legal representative) have been made whole or received full compensation for damages and without regard to any legal fees expended or costs that you (or your legal representative) have paid or are owed.

However, notwithstanding the above, the Plan's rights against a Third Party or you in a Tort Action will be subject to the following conditions:

- If less than the full value of the Tort Action is recovered for comparative negligence, diminishment due to a party's liability under sections 2307.22 to 2307.28 of the Ohio Revised Code, or by reason of the collectability of the full value of the claim for Injury, death, or loss to person resulting from limited liability insurance or any other cause, the Plan's or other person's or entity's claim shall be diminished in the same proportion as the your interest is diminished.
- If a dispute regarding the distribution of the recovery in the Tort Action arises, either the Plan or you may file an action under Chapter 2721 of the Ohio Revised Code to resolve the issue of the distribution of the recovery.

Our right of recovery shall not be reduced due to the "Double Recovery Rule", "Made Whole Rule", "Common Fund Rule" or any other legal equitable doctrine. Our subrogation rights are enforceable against all forms of recovery regardless of whether the settlement proceeds are designated as payment for medical expenses or otherwise, and you must repay to us the Benefits paid on your behalf from another Third Party from any settlement proceeds.

SECTION 12 – WHEN COVERAGE ENDS

What this section includes:

- Circumstances that cause coverage to end;
- Extended coverage; and
- How to continue coverage after it ends.

Guaranteed Renewable

You may renew this Plan at your option without regard to your health condition. The Marketplace and/or CareSource, as the case may be, can terminate your coverage for the reasons below:

- You are no longer eligible for coverage under the Plan through the Marketplace.
- You do not pay your Premium on time provided that the applicable grace period set forth in Section 3: *How the Plan Works* has been exhausted.
- You commit an act, practice of omission that constitutes Fraud.
- You commit an intentional misrepresentation of material fact.
- You change coverage to another Qualified Health Plan during an open or special enrollment period.
- CareSource terminates or is decertified by the Marketplace.
- You obtain other minimum essential coverage.
- You no longer reside in our Service Area.

If you enrolled in the Plan through the Marketplace, then you may terminate coverage under this Plan by providing at least fourteen (14) calendar days prior notice to the Marketplace. To request termination through the Marketplace, you can login to your Marketplace account (healthcare.gov/login) or contact the Marketplace at 1-800-318-2596. The termination effective date may be effective as soon as 14 days from the date that you request termination, unless otherwise agreed upon. Retroactive termination requests will be processed in accordance with 45 C.F.R. § 155.430.

If you did not enroll in the Plan through the Marketplace, then you may terminate coverage under this Plan by providing at least fourteen (14) calendar days prior notice to us. Please call Member Services to request termination. Such termination shall be effective fourteen (14) calendar days after we receive your request for termination, unless otherwise agreed upon.

If we discontinue offering a particular type of Plan, you will be notified at least ninety (90) days before the date of discontinuation and you will be given the opportunity to purchase another Plan currently being offered by us.

Notice of Termination and Date of Termination

The Marketplace and Plan will notify you if your coverage ends at least thirty (30) calendar days prior to the last day of coverage, with such effective date determined by the Marketplace in accordance with 45 C.F.R. §155.430(d) when applicable. Where the coverage end is retroactive or less than 30 days from the date we are made aware, we will notify you within thirty (30) calendar days of us being made aware. The notice will set forth the reason for the termination and will tell you the date your coverage under the Plan ends. If you are delinquent on premium payment, we will provide you with notice of such payment delinquency. If your coverage is cancelled, we will return to you any unearned portion of premiums you paid beyond the month in which the cancellation is effective.

Notice to you shall be deemed notice to your enrolled Dependents and is sufficient if mailed to your address as it appears in our records. Notice is effective when deposited in the United States mail, with first class postage prepaid.

Reinstatement

If you enrolled in the Plan through the Marketplace and your Benefits were terminated because you did not pay your Premium in full by the end of your Grace Period, you will not be able to reinstate your Benefits. However, we recommend that you contact the Marketplace to see what options are available to you.

If you did not enroll in the Plan through the Marketplace and if any renewal Premium is not paid within the time granted the Covered Person for payment, a subsequent acceptance of Premium by us or by any agent duly authorized by us to accept such Premium, without requiring in connection therewith an application for reinstatement, shall reinstate Benefits under the Plan: provided, however, that if CareSource or such agent requires an application for reinstatement and issues a conditional receipt for the Premium tendered, Benefits under the Plan will be reinstated upon approval of such application by us or, lacking such approval, upon the forty-fifth (45th) day following the date of such conditional receipt unless we have previously notified the Covered Person in writing of its disapproval of such application. The reinstated Plan shall cover only loss resulting from such accidental Injury as may be sustained after the date of reinstatement and loss due to such Sickness as may begin more than ten (10) days after such date. In all other respects, the Covered Person and CareSource shall have the same rights thereunder as they had under the Plan immediately before the due date of the defaulted Premium, subject to any provisions indorsed hereon or attached hereto in connection with the reinstatement. Any Premium accepted in connection with a reinstatement shall be applied to a period for which Premium has not been previously paid, but not to any period more than sixty (60) days prior to the date of reinstatement.

Benefits after Termination

We will not pay for services, supplies, or drugs you receive after your coverage ends, even if you had a medical condition (known or unknown), including Pregnancy, that requires medical care after your coverage ends.

Your entitlement to Benefits automatically ends on the date that coverage ends, even if you are receiving medical treatment on that date, except as specifically provided below.

In the event that we terminate your coverage while you are receiving Inpatient care in a Hospital, we will continue your coverage until the earliest occurrence of any of the following: (1) your discharge from the Hospital; (2) the determination by your Physician that Inpatient care in the Hospital is no longer Medically Necessary for you; (3) your reaching the limit for contractual Benefits; or (4) the effective date of any new coverage you have; or (5) sixty (60) days after your coverage is terminated; provided, however, that we will not continue your coverage for Inpatient care if your coverage terminates (a) because you terminate coverage under this Section 12, or (b) if you fail to pay Premium within the applicable Grace Period set forth in Section 3: *How the Plan Works*; or (c) CareSource's insolvency or end of operations, provided, however, if you are receiving Inpatient Services at a Network Hospital, your coverage for such Inpatient Services will be continued for up to thirty (30) calendar days after our insolvency or end of operations.

When your coverage ends, CareSource will still pay Claims for Covered Services that you received before your coverage ended. Except as set forth above, Benefits are not provided for Health Care Services, supplies, and pharmaceutical products that you receive after coverage ended, even if the underlying medical condition occurred before your coverage ended.

Note: CareSource has the right to require you to pay back Benefits we paid to you or paid in your name during the time you were wrongly covered under the Plan.

Rescission

Under certain circumstances, we may take away your coverage under the Plan. A Rescission of your coverage means that the coverage may be legally voided retroactive to the day we began to provide you with coverage, just as if you never had coverage under the Plan. Your coverage can only be rescinded if you (or a person seeking coverage on your behalf), performs an act, practice, or omission that constitutes Fraud; or unless you (or a person seeking coverage on your behalf) makes an intentional misrepresentation of material fact, as prohibited by the terms of your Plan. You will be provided with thirty (30) calendar days' advance notice before your coverage is rescinded. You have the right to request an Internal Appeal of a Rescission of your coverage. Once the Internal Appeal process is exhausted, you have the additional right to request an independent External Review. See Section 9: *Complaint Process and Adverse Benefit Determination Appeals* for more information.

Certification of Prior Creditable Coverage

If your coverage is terminated and we are required by law to give you evidence of coverage, you will receive a certification showing when you were covered under the Plan. If you have any questions, please contact Member Services.

SECTION 13 – OTHER IMPORTANT INFORMATION

What this section includes:

- Your relationship with CareSource;
- Relationships with Providers; and
- Other important information you need to know.

No Waiting Periods or Pre-Existing Conditions

There are no waiting periods or pre-existing condition limits that apply to Benefits covered by the Plan.

No Lifetime Limits on the Dollar Value of Essential Health Benefits

The Plan does not impose any lifetime limits on the dollar amount of Essential Health Benefits, as defined in Section 2: *Definitions*, covered under this Plan.

No Annual Limits on the Dollar Value of Essential Health Benefits

The Plan does not impose any annual limits on the dollar amount of Essential Health Benefits, as defined in Section 2: *Definitions*, covered under this Plan.

Your Relationship with CareSource

CareSource does not provide Health Care Services or make treatment decisions. This means:

- CareSource does not recommend what Health Care Services you need or will receive. You and your Physician make those decisions.
- CareSource communicates to you decisions about whether we will cover or pay for the Health Care Services that you may receive.
- CareSource does determine, according to our policies and nationally recognized guidelines, what Medically Necessary Covered Services are eligible Benefits under this Plan.
- We may not pay for all Health Care Services you or your Physician may believe are necessary.

CareSource's Relationship with Providers

The relationships between CareSource and Network Providers are contractual relationships between independent contractors. Network Providers are neither CareSource's agents nor employees. CareSource and any of its employees are neither agents nor employees of Network Providers. CareSource does not provide Health Care Services or supplies, nor does CareSource practice medicine. Instead, CareSource arranges for Providers to participate in a Network. CareSource also pays Benefits. Network Providers are independent practitioners who run their own offices and Facilities. CareSource does not select Network Providers based on quality measures, member experience measures, patient safety or cost-related measures. CareSource's credentialing process confirms public information about the Providers' licenses and other credentials but does not assure the quality of the Health Care Services provided. Providers are not CareSource's employees. CareSource does not have any other relationship with Network Providers such as principal-agent or joint venture. CareSource is not liable for any act or omission of any Provider.

Your Relationship with Providers

The relationship between you and any Provider is that of Provider and patient. Your Provider is responsible for the quality of the Health Care Services provided to you. You:

- are responsible for choosing your own Providers;
- are responsible for paying, directly to your Provider, any amount identified as a Covered Person responsibility, including Copayments, Coinsurance, any Annual Deductible, and any amounts that are more than Eligible Expenses;
- are responsible for paying, directly to your Provider, the cost of any Non-Covered Service; and
- are responsible for deciding with your Provider what care you should and should not receive.

If CareSource determines that you are using Health Care Services in a harmful or abusive manner, you may be required to select a Network Provider to coordinate all of your future Covered Services. If you do not make a selection within thirty (30) calendar days of the date you are notified, we will pick a Network Provider for you. If you do not use the Network Provider to coordinate all of your care, any Covered Services you receive will not be paid.

Reimbursements for Services of Osteopath, Optometrist, Chiropractor, Podiatrist, Psychologist, or Dentist

When this Plan provides Benefits for Covered Services that may be legally performed in Ohio for the practice of medicine, osteopathy, optometry, chiropractic, podiatry, psychology, social work or dentistry, such Benefits will not be denied when such Covered Service is rendered by a Network Provider licensed in the State of Ohio as a physician, osteopathy, optometrist, chiropractor, podiatrist, licensed clinical social worker, doctorate of psychology or other individual legally qualified to practice psychology, or dentist, as the case may be.

Interpretation of Benefits

CareSource has the sole and exclusive discretion to:

- Interpret Benefits under the Plan;
- Interpret the other terms, conditions, limitations, and Exclusions of the Plan, including this EOC and any Riders/Enhancements and/or Amendments; and
- Make factual determinations related to the Plan and its Benefits.

CareSource may delegate this discretionary authority to other persons or entities that provide services in regard to the administration of the Plan. In certain circumstances, for purposes of overall cost savings or efficiency, CareSource may, in its discretion, offer Benefits for services that would otherwise not be Covered Services. The fact that CareSource does so in any particular case will not in any way be deemed to require CareSource to do so in other similar cases.

Guaranteed Availability and Renewability

We are not obligated to renew or continue Benefits if you fail to pay Premiums; if you perform an act or practice that constitutes Fraud or the making of an intentional misrepresentation; if CareSource ceases to offer the Plan; if you move outside the Service Area or become otherwise ineligible for Benefits.

Claims

Your Provider is responsible for requesting payment from us. If your Provider is unable to submit Claims for payment to us in accordance with Plan's customary practices, you may submit a Claim directly to us by using the member Claim form that can be found at [CareSource.com/marketplace](https://www.caresource.com/marketplace) or by calling Member Services.

Notice of Claim

Written notice of a Claim must be given to us within sixty (60) days after the occurrence or commencement of any loss covered by the Plan, or as soon as thereafter as is reasonably possible. Notice given by you or an Authorized Representative to CareSource at Attn: Claims Department, P.O. Box 8730 Dayton, Ohio 45401-8730, or to any authorized agent of CareSource, with information sufficient to identify the insured, shall be deemed notice to us.

Claim Forms

Upon receipt of notice of Claim, we will furnish you with the appropriate forms to file proof of loss. The form will be sent to you within fifteen (15) days after the receipt of such notice. If you do not receive the forms within fifteen (15) days, you shall be deemed to have complied with the requirements of this EOC as to proof of loss upon submitting, within the time fixed in the policy for filing proofs of loss, written proof covering the occurrence, the character, and the extent of the loss for which claim is made.

Proof of Loss

Written proof of loss satisfactory to us must be submitted to us within ninety (90) days after the date of the event for which Claim is made or as soon as reasonably possible. Failure to furnish such proof within the time required shall not invalidate nor reduce any claim if it was not reasonably possible to give proof within such time, provided such proof is furnished as soon as reasonably possible and in no event, except in the absence of legal capacity, later than one year from the time proof is otherwise required.

Many Providers may file Claims for you. If your Provider will not file a Claim, and you do not receive a Claim form from us within fifteen (15) days of our receipt of notice of Claim, you may submit a written notice of services rendered to us without the Claim form. The same information that would be given on the Claim form must be included in the written proof of loss. This includes the name of the Covered Person, relationship to you, identification number, date, type and place of service, your signature and the Provider's signature be fully discharged from that portion of its liability. Proof of Loss shall be submitted to us at: P.O. Box 8730 Dayton, Ohio 45401- 8730.

Payment of Benefits

We will pay or deny a Claim within thirty (30) calendar days after we receive a Claim that includes all of the information necessary to process the Claim. If additional supporting information is required to process the Claim, we will notify the applicable person(s) within fifteen (15) calendar days after receipt of the Claim. This notice will detail the supporting documentation needed. The timeframe for processing this Claim is then extended to forty-five (45) calendar days. The days that elapse between the notification and receipt of the requested documentation are not counted as a part of the forty-five (45) day calendar period. We will also pend claims for APTC eligible members if those members are APTC eligible and fall into the grace period. You and your Provider will be notified when a Claim is denied. The notification will include the reason(s) for the denial.

Explanation of Benefits

After you receive Health Care Services, you will generally receive a written explanation of benefits summarizing the Benefits you receive. This explanation of benefits is not a bill for Health Care Services.

Legal Action

You may not bring any suit on a Claim until at least sixty (60) days after the required Claim document is given. You may not bring any suit more than three (3) years after the date of submission of a proof of loss.

Information and Records

By accepting Benefits under the Plan, you authorize and direct any person or institution that has provided Health Care Services to you to furnish CareSource with all information or copies of records relating to the Health Care Services provided to you. CareSource has the right to request this information at any reasonable time. CareSource may request additional information from you to decide your Claim for Benefits. Such information and records will be considered confidential.

Incentives to Providers

Network Providers may be provided financial incentives by CareSource to promote the delivery of health care in a cost efficient and effective manner. These financial incentives are not intended to affect your access to health care.

Examples of financial incentives for Network Providers are:

- Bonuses for performance based on factors that may include quality measures, Covered Person satisfaction, and/or cost-effectiveness; or
- A practice called capitation, which is when a group of Network Providers receives a monthly payment from CareSource for each Covered Person who selects a Network Provider within the group to perform or coordinate certain Health Care Services. The Network Providers receive this monthly payment regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment.

If you have any questions regarding financial incentives, you may contact us. You can ask whether your Network Provider is paid by any financial incentive, including those listed above; however, the specific terms of the contract, including rates of payment, are confidential and cannot be disclosed. In addition, you may choose to discuss these financial incentives with your Network Provider.

Incentives to You

Sometimes you may be offered coupons or other incentives to encourage you to participate in various wellness programs or certain disease management programs. The decision about whether or not to participate is yours, but CareSource recommends that you discuss participating in such programs with your Physician. These incentives are not Benefits and do not alter or affect your Benefits. You may call the number on the back of your ID Card if you have any questions.

Rebates and Other Payments

CareSource may receive rebates for certain drugs that are administered to you in a Physician's office or at a Hospital or Alternative Care Facility. This includes rebates for those drugs that are administered to you before you meet your Annual Deductible. We do not pass these rebates on to you, nor are they applied to your Annual Deductible or taken into account in determining your Copays or Coinsurance.

Workers' Compensation Not Affected

Benefits provided under the Plan do not substitute for and do not affect any requirements for coverage by workers' compensation insurance.

Statement of Rights Under the Newborns' and Mothers' Health Protection Act

Under federal law, health insurance issuers generally may not restrict Benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery or less than 96 hours following a delivery by cesarean section; however, the issuer may pay for a shorter stay if the attending Provider (e.g., your Physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier. Also, under federal law, issuers may not set the level of Benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay. In addition, an issuer may not, under federal law, require that a Physician or other Provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours); however, to use certain providers of Facilities, or to reduce your out-of-pocket costs, you may be required to obtain precertification. For information on precertification, please contact Member Services.

Mental Health Parity and Addiction Equity Act

The Mental Health Parity and Addiction Equity Act provides for equality in the insurance coverage, treatment limits and financial coverage, of behavioral health/substance abuse benefits and medical/surgical benefits. Generally, a plan that does not impose day or visit limits on medical and surgical benefits may not impose such day or visit limits on behavioral health and substance abuse benefits. Additionally, the Plan may not impose Deductibles, Copayment, Coinsurance, and out of pocket expenses on behavioral health and substance abuse benefits that are more restrictive than those applicable to other medical/surgical benefits.

Women's Health and Cancer Rights Act Notice

Effective October 21, 1998, the federal Women's Health and Cancer Rights Act requires all health insurance plans that provide coverage for a mastectomy must also provide coverage for the following medical care:

- Reconstruction of the breast on which the mastectomy has been performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance; and
- Prostheses and treatment of physical complications at all stages of the mastectomy, including lymphedemas, in a manner determined in consultation with the attending Physician and the patient.

Covered Services are subject to all provisions described in the Plan, including but not limited to Annual Deductible, Copayment, rate of payment, Exclusions, and limitations.

Physical Examination and Autopsy

In the event of a question or dispute regarding your right to Benefits, we may require that a Network Provider of our choice examine you at our expense when and as often as reasonably required while the Claim is pending, and to make an autopsy in case of death where it is not forbidden by law.

Genetic Screening

When processing any application, you submit to us related to coverage under the Plan, we will not:

- Require you to submit to genetic screening or testing;
- Take into consideration the results of genetic screening or testing;
- Make any inquiry to determine the results of genetic screening or testing; or
- Make a decision adverse to you based on entries in your medical record or other reports related to genetic screening or testing.

Legal Contract

This EOC, any Riders/Enhancements, Attachments, including the Schedule of Benefits, Amendments, and documentation submitted to the Marketplace and CareSource, constitute the entire legal contract between you and CareSource, and as of the effective date of your coverage, supersede all other agreements between us. This EOC, its Riders/Enhancements, and Amendments constitute the legal contract between CareSource and you. Your payment of the first Premium owed to us and your receipt of Benefits under the Plan indicate your acceptance of and agreement with the terms and conditions of this EOC, its Riders/Enhancements, and Amendments. Any and all statements that you have made to us and any and all statements that we have made to you are representations and not warranties. No such statement, unless it is contained in this EOC and any of its Riders/Enhancements or Amendments, will be used in defense to a Claim under this EOC, its Riders/Enhancements, or Amendments.

Medicare

Any Health Care Services covered under both this Plan and Medicare will be paid according to Medicare secondary payor legislation, regulations, and Centers for Medicare and Medicaid Services guidelines. As a Medicare secondary payor, benefits under this Plan shall be determined after those of Medicare. For the purposes of the calculation of benefits, if the Covered Person has not enrolled in Medicare, we will calculate benefits as if they had enrolled.

The benefits under this Plan for Covered Persons aged 65 and older or Covered Persons otherwise eligible for Medicare, except those Covered Persons with chronic kidney disease or End Stage Renal Disease (ESRD), do not duplicate any benefit for which Covered Persons are entitled under Medicare, except when federal law requires us to be the primary payor. Where Medicare is the primary payor, all sums payable by Medicare for Health Care Services provided to Covered Persons shall be reimbursed by or on behalf of the Covered Persons to us to the extent we have made payment for such Health Care Services.

Under the Social Security Act, a health plan may not sell or issue an Individual Market Exchange Qualified Health Plan (or an individual market policy outside the Exchange) that duplicates Medicare or Medicaid benefits to which a beneficiary is entitled. This prohibition does not apply to a renewal of coverage under the same policy or contract of insurance.

This Plan is not a Medicare supplemental policy. If you are eligible for Medicare, please review the “Guide to Health Insurance for People with Medicare” available from CareSource or at [medicare.gov/publications](https://www.medicare.gov/publications).

Limitation of Action

No legal proceeding or action may be brought more than three (3) years from the date the cause of action first arose. Damages shall be limited to recovery of actual Benefits due under the terms of this EOC. The Covered Person waives any right to recover any additional amounts or damages, including, but not limited to, punitive and/or exemplary damages.

Changes/Amendments

This EOC may be amended. In the event that we make a material modification to this EOC other than during the renewal or reissuance of coverage, we will provide notice of the material modification to you no later than sixty (60) calendar days prior to the date on which the material modification will become effective.

Misstatement of Information

If you misstate information you submit to the Marketplace or Plan, including but not limited to information about your age, state of residence, citizenship, family, or income, we will adjust the Premium(s) under the Plan to the amount the Premium(s) would have been if such information had been correctly stated.

Non-Discrimination

CareSource complies with applicable state and federal civil rights laws and does not discriminate on the basis of age, gender, gender identity, color, race, disability, national origin, marital status, sexual preference, religious affiliation, health status, or public assistance status. CareSource does not exclude people or treat them differently because of age, gender, gender identity, color, race, disability, national origin, marital status, sexual preference, religious affiliation, health status, or public assistance status.

CareSource provides free aids and services to people with disabilities to communicate effectively with us, such as: (1) qualified sign language interpreters, and (2) written information in other formats (large print, audio, accessible electronic formats, other formats). In addition, CareSource provides free language services to people whose primary language is not English, such as: (1) qualified interpreters, and (2) information written in other languages. If you need these services, please contact CareSource at 1-833-230-2099 (TTY: 711).

If you believe that CareSource has failed to provide the above-mentioned services to you or discriminated in another way on the basis of age, gender, gender identity, color, race, disability, national origin, marital status, sexual preference, religious affiliation, health status, or public assistance status, you may file a grievance, with:

Member No Surprises Act Protections

The federal government passed the No Surprise Act (NSA) to create certain protections for persons that receive emergency medical care, receive treatment by a Non-Network Provider while visiting a Network Hospital, freestanding emergency department, urgent care, or ambulatory surgical center, or benefits are terminated. The NSA instituted laws and protections that prevent members from receiving surprise, balance bills in such situations from Providers (including Physicians, billing practitioners, and air ambulance Providers). The Member will be responsible for any applicable cost-sharing obligations and will not be balance billed for such services. Further, prior authorization is not required for emergency medical care. CareSource Members that receive emergency services for an emergency medical condition will only be financially responsible for in-network cost-sharing amounts as a result of the care.

Other services provided by Non-Network Providers (including emergency medical care, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services) at a Network Hospital or ambulatory surgical center, may also only result in Member financial responsibility for in-network cost-sharing amounts. You may only be balanced billed for non-emergency medical services by a Non-Network Provider while receiving treatment at an in-network facility if you sign a specific provider authorization and approve these services.

You are never required to give up your protections from balance billing or to receive out-of-network care. Instead, you may choose a provider or facility that is within CareSource's Network.

As well, the NSA provides protections for Continuing Care Patients whose provider or facility ceases to be a Network Provider because of a contract termination. This election status continues for 90 days, or at which time the Member is no longer a Continuing Care Patient. For these Members, CareSource will:

- Timely notify each Member of the termination and their right to elect continued transitional care from the provider or facility;
- Provide each Member an opportunity to notify CareSource of the need for transitional care; and
- Permit the Member to elect to continue to have the same benefits provided, under the same terms and conditions as would have applied under the plan or coverage had the termination not occurred, with respect to the course of treatment furnished by the provider or facility.

CareSource provides tools to help you make the most of your coverage:

- Provider Directories are your primary resource to confirm a Provider is in network which will help ensure the lowest cost of care. Provider Directories are available both online and in print.
 - The NSA requires Plans and Providers to improve the accuracy of provider directory information. Under the NSA, if a Member relies on incorrect provider directory information and, as a result, receives items or services from a Non-Network Provider or health care facility, the Member will only be responsible for in-network cost sharing amounts.
- Cost Estimator Tool can be used to get an estimate of your cost share for specific services with specific Providers. This tool is available online through your My CareSource account.

You can also call Member Services for assistance.

Conformity with Law

This Plan shall be construed under the laws of the State of Ohio. Any provision of this Plan which is in conflict with the laws of Ohio when this EOC was issued, or with federal law, is hereby automatically amended to conform with the minimum requirements of such laws.

Severability

In the event that any provision of this EOC is declared legally invalid by a court of law, such provision will be severable and all other provisions of the EOC will remain in full force and effect.

Waiver and Oral Statements

No agent or other person, except as an authorized officer of CareSource, has authority to waive any conditions or restrictions of this EOC, to extend the time for paying Premium, or to bind us by making any promise or representation or by giving or receiving information. No oral statement of any person shall modify or otherwise affect the Benefits, limitations, or Exclusions of this EOC or convey or void any coverage under the Plan.

Any failure of CareSource to enforce any term or condition of this EOC shall not constitute a waiver in the future of any term or condition of this EOC. We may choose not to enforce any term or condition of the Plan. Such choice shall not constitute a waiver in the future of any such term or condition.

Non-Assignment

The Benefits provided under this Plan are for your personal benefit. You may not assign or transfer to any third party any of your rights to Benefits or Covered Services under this Plan. Any attempt by you to assign this Plan to any third party is void.

Clerical Errors

If a clerical error or other mistake occurs, that error will not deprive you of Benefits under this Plan, nor will it create a right to Benefits.

Circumstances Beyond Our Control

If circumstances arise that are beyond the control of CareSource, we will make a good-faith effort to arrange an alternative method of providing coverage. Circumstances that may occur, but are not within our control, include but are not limited to:

- A major disaster or epidemic,
- An act of God,
- A nuclear explosion or accident,
- Complete or partial destruction of Facilities,
- A riot,
- Civil insurrection,
- Labor disputes that are out of the control of CareSource,
- Disability affecting a significant number of a Network Provider's staff or similar causes, or
- Health Care Services provided under this EOC are delayed or considered impractical.

Under such circumstances, CareSource and Network Providers will provide the Health Care Services covered by this EOC as far as is practical under the circumstances and according to their best judgment; however, we and our Network Providers will accept no liability or obligation for delay, or failure to provide or arrange Health Care Services if the failure or delay is caused by events or circumstances beyond our control.

Express Consent to be Contacted

By providing your contact information to the Marketplace and/or CareSource during the application and enrollment process and at any other time, you expressly consent and agree that CareSource and its affiliates, agents and service providers may contact you by any or all of the following manual calling methods, prerecorded or artificial voice messages, text messages, written correspondence, emails, and automatic telephone dialing systems. You agree that CareSource and its affiliates, agents and service providers may use any email address and/or any telephone number, including a number for a cellular phone or other wireless device, you provide now or in the future to the Marketplace and/or CareSource and its affiliates, agents, and service providers to contact you.

Fraud Notice

Any person who, with intent to defraud or knowing that he is facilitating a fraud against an insurer, submits an application or files a Claim containing false or deceptive statement is guilty of insurance Fraud.

Time Limit on Certain Defenses

After three (3) years from the date of issue of this EOC no misstatements, except fraudulent misstatements, made by the applicant in the application for the policy shall be used to void the EOC or to deny a Claim for loss incurred or disability (as defined in the policy) commencing after the expiration of the three (3) year period.

After the EOC has been in force for a period of three (3) years during the lifetime of the Member (excluding any period during which the Member is disabled), it shall become incontestable as to the statements contained in the application.

For purposes of any reinstatement of this EOC, we may contest coverage under the EOC on account of the applicant's fraud or material misrepresentation only if fraud or material misrepresentation was contained in the reinstatement application, and then only for the period during which the EOC was reinstated.

Plan Information Practices Notice

The purpose of this information practices notice is to provide a notice to Members regarding the CareSource's standards for the collection, use, and disclosure of information gathered in connection with our business activities.

- We may collect personal information about a Covered Person from persons or entities other than the Covered Person.
- We may disclose Covered Person information to persons or entities outside of CareSource without Covered Person authorization in certain circumstances.
- A Covered Person has a right of access and correction with respect to all personal information collected by us.
- A more detailed notice will be furnished to you upon request.

This Evidence of Coverage and Health Insurance Contract (EOC) constitutes a contract between you and CareSource for the Plan. This EOC takes the place of any other issued to you by CareSource on a prior date.

This EOC is delivered in and governed by the laws of the State of Ohio. All coverage under this Plan shall begin at 12:00 midnight and shall end at 11:59:59 Eastern Standard Time.

NOTICE OF NON-DISCRIMINATION

CareSource complies with applicable state and federal civil rights laws. We do not discriminate, exclude people, or treat them differently because of age, gender, gender identity, color, race, disability, national origin, ethnicity, marital status, sexual preference, sexual orientation, religious affiliation, health status, or public assistance status.

CareSource offers free aids and services to people with disabilities or those whose primary language is not English. We can get sign language interpreters or interpreters in other languages so they can communicate effectively with us or their providers. Printed materials are also available in large print, braille, or audio at no charge. Please call Member Services at the number on your CareSource ID card if you need any of these services.

If you believe we have not provided these services to you or discriminated in another way, you may file a grievance.
