Policy Name	Policy Number	Date Effective
Itemized Billing	AD-0864	01/01/2021-08/31/2022
Policy Type		
Medical	<b>ADMINISTRATIVE</b>	Pharmacy
		Reimbursement

Administrative Policy Statements prepared by CareSource and its affiliates are derived from literature based on and supported by clinical guidelines, nationally recognized utilization and technology assessment guidelines, other medical management industry standards, and published MCO clinical policy guidelines. Medically necessary services include, but are not limited to, those health care services or supplies that are proper and necessary for the diagnosis or treatment of disease, illness, or injury and without which the patient can be expected to suffer prolonged, increased or new morbidity, impairment of function, dysfunction of a body organ or part, or significant pain and discomfort. These services meet the standards of good medical practice in the local area, are the lowest cost alternative, and are not provided mainly for the convenience of the member or provider. Medically necessary services also include those services defined in any Evidence of Coverage documents, Medical Policy Statements, Provider Manuals, Member Handbooks, and/or other policies and procedures.

Administrative Policy Statements prepared by CareSource and its affiliates do not ensure an authorization or payment of services. Please refer to the plan contract (often referred to as the Evidence of Coverage) for the service(s) referenced in the Administrative Policy Statement. If there is a conflict between the Administrative Policy Statement and the plan contract (i.e., Evidence of Coverage), then the plan contract (i.e., Evidence of Coverage) will be the controlling document used to make the determination.

According to the rules of Mental Health Parity Addiction Equity Act (MHPAEA), coverage for the diagnosis and treatment of a behavioral health disorder will not be subject to any limitations that are less favorable than the limitations that apply to medical conditions as covered under this policy.

**A. Subject**  
**Itemized Billing**

**B. Background**

Itemized bill review is the analysis of inpatient facility itemized billing statement against CareSource policies, industry standard guidelines, as well as State and/or Federal billing guidelines. CareSource may request an itemized bill for an inpatient facility claim to verify that billed revenue codes represent charges for appropriately billed items, supplies and services. Routine items, supplies, and services are to be included in the primary inpatient room and board charge and are not separately reimbursable.

**C. Definitions**

- **Inpatient Hospital Claim** – Claims submitted for a member who has been admitted by a physician order to an inpatient hospital bed for purposes of receiving inpatient services
- **Itemized Bill**- A comprehensive list of all services and goods provided during the inpatient hospital stay, listing the costs and descriptions associated with the service and/or good.

**D. Policy**

- I. CareSource follows the CMS Provider Reimbursement Manual Guidelines, chapter 22 section 2202.6 and 2203.
  - A. Routine services defined by CMS chapter and section above are services included by the provider in a daily service charge-sometimes referred to as the “room and board” charge.
  - B. Routine services are composed of two broad components: (1) general routine service and (2) special care units (SCU), including coronary care units (CCU) and intensive care units (ICU). Included in routine services are the regular room, dietary services, nursing services, minor medical and surgical supplies, medical social services, psychiatric social services, and the use of certain equipment and facilities for which a separate charge is not applicable.
- II. The following supplies, items, and services are typically not separately billable and therefore are not reimbursable from the general room and board charge or primary service charge. This list is examples only and is not an all-inclusive list.
  - A. Supplies and Equipment such as
    1. Capital/medical equipment
    2. Fluroscope
    3. Oximetry
    4. Rental equipment
    5. Routine supplies
    6. Hydration flushes

- B. Implants and Supplies
- C. Inpatient Private Duty Nursing

III. If upon review of the itemized bill, charges are determined to be in excess of State or Federal reimbursement guidelines or CareSource specific policy reimbursement will be reduced accordingly.

IV. Provider exception requests to reimbursement reductions may be requested via standard Provider Appeal process to include supporting documentation (e.g. medical records or op notes to support requested payment exception).

E. Conditions of Coverage

F. Related Policies/Rules

G. Review/Revision History

DATES		ACTION
<b>Date Issued</b>	10/14/2021	New Policy
<b>Date Revised</b>		
<b>Date Effective</b>	01/01/2021	
<b>Date Archived</b>	08/31/2022	This Policy is no longer active and has been archived. Please note that there could be other Policies that may have some of the same rules incorporated and CareSource reserves the right to follow CMS/State/NCCI guidelines without a formal documented Policy.
