Administrative Policy Statements contain supplemental information regarding standard benefit administration and coverage details. Administrative Policy Statements do not guarantee an authorization or payment of services. The Member's plan contract (e.g., Evidence of Coverage, Member Handbook) contains specific terms and conditions, including limitations, exclusions, benefit maximums, eligibility, and other relevant conditions of coverage. Except as otherwise required by law, if there is a conflict between the Administrative Policy Statement and the plan contract and/or provider agreement, then the plan contract and/or provider agreement will be the controlling document. Reasonable discretion may be used in interpreting and applying this Policy Statement to services provided in a particular case, and the policy may be modified at any time. Policy Statements may be superseded by federal and state laws and regulations, as applicable. In the case of a discrepancy between the Policy Statement's effective date and any applicable legal or regulatory requirement, the law or regulation will govern.

Coverage for mental health and substance use disorder (MH/SUD) benefits are provided at the same level as coverage for medical and surgical (M/S) benefits, as required by the Mental Health Parity and Addiction Equity Act (MHPAEA). MH/SUD benefits are not subject to limits or requirements that are more restrictive than those that apply to M/S benefits.

A. Subject

Court Mandated Health Services

B. Background

Court mandated health services are treatments ordered as a result of criminal, civil, or custodial judicial proceedings. Services may include withdrawal management, medication assisted treatment, community based services, behavioral health inpatient or outpatient treatment, medical inpatient or outpatient treatment, and/or other treatment related to one's overall health.

C. Definitions

- **Court Mandated Health Services** – Court order issued upon the decision of a judge or the result of a judicial proceeding for health-related services.

D. Policy

- I. Court mandated health services are subject to all existing CareSource policies and procedures, including medical necessity determination and prior authorization as necessary.
- II. If court mandated health services are determined as not meeting medical necessity criteria, the member will be referred to care management to ensure access to the proper treatment and services and assist in coordination of necessary care.

E. State-Specific Information

Indiana

Emergency Detention – A person detained under reasonable grounds to be believed to have a mental illness, is either dangerous or gravely disabled, and is in immediate need of hospitalization and treatment.

If a member is subject to an emergency detention, the services provided will be considered medically necessary when provided in accordance with generally accepted clinical care guidelines. Medical necessity may thereafter be reviewed for additional treatment.
