

Montgomery County Care members:

Have you enrolled in Medicaid or the Health Insurance Marketplace?

Montgomery County Care (MCC) will end March 31, 2014. MCC will not cover services or prescriptions after this date.

If you haven't already done so, **it's time to enroll in Medicaid or the Health Insurance Marketplace**. If you continue to meet the original income qualifications for MCC, you should qualify for one of these programs. Open enrollment in the Health Insurance Marketplace for this year ends March 31.

Certified counselors at the health center where you receive care can answer your questions, determine which program you qualify for, and help you apply. If you prefer to get information online, go to benefits.ohio.gov to learn more about Medicaid or healthcare.gov for information on plans available through the Health Insurance Marketplace.
