Policy Name		Policy Number	Effective Date
Observation Stay Limits		AD-0765	12/01/2020-07/31/2022
Policy Type			
Medical	<b>ADMINISTRATIVE</b>	Pharmacy	Reimbursement

Administrative Policy Statements prepared by CSMG Co. and its affiliates (including CareSource) are derived from literature based on and supported by clinical guidelines, nationally recognized utilization and technology assessment guidelines, other medical management industry standards, and published MCO clinical policy guidelines. Medically necessary services include, but are not limited to, those health care services or supplies that are proper and necessary for the diagnosis or treatment of disease, illness, or injury and without which the patient can be expected to suffer prolonged, increased or new morbidity, impairment of function, dysfunction of a body organ or part, or significant pain and discomfort. These services meet the standards of good medical practice in the local area, are the lowest cost alternative, and are not provided mainly for the convenience of the member or provider. Medically necessary services also include those services defined in any Evidence of Coverage documents, Medical Policy Statements, Provider Manuals, Member Handbooks, and/or other policies and procedures.

Administrative Policy Statements prepared by CSMG Co. and its affiliates (including CareSource) do not ensure an authorization or payment of services. Please refer to the plan contract (often referred to as the Evidence of Coverage) for the service(s) referenced in the Administrative Policy Statement. If there is a conflict between the Administrative Policy Statement and the plan contract (i.e., Evidence of Coverage), then the plan contract (i.e., Evidence of Coverage) will be the controlling document used to make the determination.

A. Subject  
Observation Stay Limits

B. Background

Observational status is to treat patients that are expected to be stabilized and then released within 48 hours. Also to determine need for ongoing treatment or if in need of inpatient admission. A patient in observation status may improve and be released or then be admitted to inpatient services. Observational status begin and end with the physicians order.

C. Definitions

- **Observational Status-**

Services furnished by a hospital on its premises, including the use of a bed, periodic monitoring by nursing and other staff, and any other services that are reasonable and necessary to evaluate a patient's condition or to determine the need for a possible inpatient admission to the hospital.

D. Policy

- I. Observation services usually do not exceed 48 hours and the physician's decision to admit or discharged is typically determined within this time.
  - A. If the patient is retained on observational status for more than 48 hours without being admitted as an inpatient admission, further services will be denied as not reasonable and/or necessary for the treatment of a physical or mental health condition.
  - B. Claims submitted in excess of 48 hour observation will be **denied**.
  - C. If the 48 hour observation limit is exceeded and the claim is denied, the provider may submit an appeal with medical records to support medical necessity.
- II. CareSource Post Payment and Appeals Process:
  - A. CareSource reserves the right to monitor and review clam submissions to minimize the need for post-payment claim adjustments, and to review payments retrospectively.
  - B. All acute care facilities and inpatient hospitals have the right to appeal any observation status longer than 48 hours denial and request a formal review.
  - C. Failure of the acute care facility or inpatient hospital to provided complete medical records when requested on appeal will result in an automatic denial of the entire claim.
