Your PCP

You can depend on us to work with your health care providers and pharmacists to maintain your health. You must select a CareSource Dual Advantage in-network primary care provider (PCP) that will coordinate all of your health care needs except for urgent and emergency care and out-of-area dialysis services. This network may differ from the CareSource Medicaid network of providers.

You may change your PCP at any time. Our Member Services team can help you find a new in-network doctor with an office location near you!
