B. Background Information about HAP CareSource MI Coordinated Health's Network Providers

B1. Key terms

This section explains key terms in our Directory.

If you have questions, please call HAP CareSource MI Coordinated Health at **1-833-230-2057 (TTY: 1-833-711-4711 or 711)**, seven days a week, 8 a.m. to 8 p.m., Eastern Time (ET). The call is free. **For more information**, visit **HAPCareSource.com**. Internal listing pages only: You can find information on what the symbols mean by referring to page 10.

-
- **Providers** are professionals such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, supplies, drugs, equipment, and other services.
 - The term **providers** includes facilities such as hospitals, clinics, and other places that provide medical services and medical equipment.
 - Providers that are a part of our plan's network are called **network providers**.
 - **Network providers** have contracted with us to deliver services to members of our plan. Network providers participate in our plan. That means they accept members of our plan and provide services our plan covers. When you use a network provider, you usually pay nothing for covered services.
 - A **Primary Care Provider (PCP)** is a doctor who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time. Your PCP will also give you a referral if you need a specialist or other provider.
 - **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
 - Oncologists care for patients with cancer.
 - Cardiologists care for patients with heart conditions.
 - Orthopedists care for patients with certain bone, joint, or muscle conditions.
 - You may need a **referral** or **prior authorization** for a specialist or someone that isn't your PCP. A **referral** means that your primary care provider (PCP) must give you approval before you can use the other provider. A **prior authorization** is different than a referral. It means that HAP CareSource MI Coordinated Health (not your network PCP) must give you approval **before** we'll cover a specific service, item, or drug or an out-of-network provider. If you don't get a referral or prior authorization, HAP CareSource MI Coordinated Health may not cover the service, item, or drug.
 - Referrals or prior authorization **aren't** needed for:
 - emergency care;
 - urgently needed care;
 - kidney dialysis services that you get at a Medicare-certified dialysis facility when you're outside the plan's service area; or

- services from a women's health specialist.
- Additionally, if you're eligible to get services from Indian health providers, you may use these providers without a referral. We must pay the Indian health provider for those services even if they're out of our plan's network.
- More information on referrals and prior authorization is available in **Chapter 3** of the Evidence of Coverage.
- You'll also be assigned a **care team**. Everyone on the [care team] works together to make sure your care is coordinated. This means that they make sure that you get all of the tests, labs, and other care that you need, and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that they can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers. Members of your care team may include:
 - A **Care Coordinator** that helps you manage your medical providers and services. Your Care Coordinator will work with you to develop a person-centered support plan and partner with you in your health care journey to ensure we support your physical, mental and social needs.
 - Your **Primary Care Provider**

B2. Wait times for primary care and behavioral health

- We must provide you with access to primary care and behavioral health services within the following timeframes: immediately for urgently needed services or an emergency;
- within 7 days for services that aren't an emergency or urgently needed, but you require medical attention; or
- within 30 days for routine and preventative care.

B3. How to choose a Primary Care Provider (PCP)

First, you should choose a PCP. You may be able to have a specialist act as your PCP. [If you have a chronic condition and have been undergoing treatment with that specialist and the specialist agrees with your PCP. To request a specialist serves as your PCP, call Member Services at **1-833-230-2057 (TTY: 1-833-711-4711 or 711)**]. You can choose any PCP in our network who is accepting new members.

- To choose a PCP, refer to the list of providers in **Section C** and choose a provider.
 - that you use now, **or**

If you have questions, please call HAP CareSource MI Coordinated Health at **1-833-230-2057 (TTY: 1-833-711-4711 or 711)**, seven days a week, 8 a.m. to 8 p.m., Eastern Time (ET). The call is free. **For more information**, visit **HAPCareSource.com**. Internal listing pages only: You can find information on what the symbols mean by referring to page 10.

- who has been recommended by someone you trust, **or**
- whose offices are easy for you to get to.
- If you don't choose a PCP in our network, HAP CareSource MI Coordinated Health will choose one for you.
- If you want help in choosing a PCP, please call Member Services at **[1-833-230-2057 (TTY: 1-833-711-4711 or 711)]**, seven days a week, 8 a.m. to 8 p.m., Eastern Time (ET). The call is free. Or, visit **HAPCareSource.com**.
- If you have questions about whether any service or care that you want or need is covered, talk to your Care Team or call Member Services [at the numbers listed at the bottom of this page] and ask **before** you get the service or care.

B4. Long-term Services and Supports (LTSS) providers

As a HAP CareSource MI Coordinated Health member, you'll be able to get [Long-term Services and Supports (LTSS)] if you need them, such as [home help (personal services), nursing home and home/community-based services]. LTSS help people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital. [You should discuss your long term supports needs and services with your Care Coordinator to determine which services you qualify for and how to access them].

B5. How to access HAP CareSource MI Coordinated Health's network providers

You may need a referral for someone who isn't a PCP. There's more information about referrals in **Section B1**.

You must get all of your covered services from providers within our network. If you use providers who aren't in **HAP CareSource MI Coordinated Health's** network [and aren't affiliated with your PCP's medical group] **(without prior authorization), you may have to pay the bill**.

A **prior authorization** is an approval from HAP CareSource MI Coordinated Health to seek services outside of our network or to get services not routinely covered by our network **before** you get the services.

The only exceptions to this rule are when you need urgent or emergency care or dialysis and can't get to a provider in the plan, such as when you're away from home. You can also go outside the plan for other non-emergency services if **HAP CareSource MI Coordinated Health** gives you permission first.

- You may change providers within the network at any time during the year. If you've been using one network provider, you don't have to keep using that same provider.

If you have questions, please call HAP CareSource MI Coordinated Health at **1-833-230-2057 (TTY: 1-833-711-4711 or 711)**, seven days a week, 8 a.m. to 8 p.m., Eastern Time (ET). The call is free. **For more information**, visit **HAPCareSource.com**. Internal listing pages only: You can find information on what the symbols mean by referring to page 10.

- You may change your PCP for any reason, at any time. For some providers, you may need a referral from your PCP. Contact Member Services at **1-833-230-2057 (TTY: 1-833-711-4711 or 711)**. The representative you speak to can assist you in choosing a new provider or you can choose your own.
- HAP CareSource MI Coordinated Health works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodations they provide.
- If you need a provider and aren't sure if they offer the accommodations you need, HAP CareSource MI Coordinated Health can help you. Talk to your [Care Coordinator] for assistance.

C. HAP CareSource MI Coordinated Health's List of Network Providers

This part of the Directory includes a list of HAP CareSource MI Coordinated Health's network providers who participate in and accept HAP CareSource MI Coordinated Health. It contains:

- **Health care professionals** including primary care providers, specialists, [who may be behavioral health providers, dental service providers, and vision service providers];
- **Facilities** including hospitals, nursing facilities, and [behavioral health facilities];
- **Support providers** including [providers including adult day programs; assistive technology; chore services; community transitions; environmental modifications; home-delivered meals; LTSS and non-LTSS home health agencies; medical supplies; non-medical transportation; personal care; preventive nursing; private duty nursing; respite care.]

Cultural competence training is additional instruction for our health care providers that helps them better understand your background, values, and beliefs to adapt services to meet your social, cultural, and language needs.

[Providers are listed in alphabetical order by last name. You can also find the provider's name and the page where the provider's additional contact information is in the Index at the end of the Directory. Providers are listed in alphabetical order by last name in the Index. In addition to contact information, provider listings also include specialties and skills, such as languages spoken (including American Sign Language (ASL)) or completion of cultural competence training.]
