

Re: Medicaid Drug List Changes starting May 1, 2026

Dear HAP CareSource Member,

Your health care is our priority. On May 1, 2026, there will be changes to the covered drug list. This includes drugs on the formulary (also called a preferred drug list) and drugs you can get at the doctor's office.

THE FOLLOWING DRUGS WILL BE PREFERRED STARTING MAY 1, 2026

Brand Name	Generic Name	Notes
	enalapril oral solution	Moved to preferred with prior authorization required
	irbesartan/ irbesartan HCTZ	Moved to preferred
	ticagrelor	Generic moved to preferred.

THE FOLLOWING DRUG WILL BE NON-PREFERRED STARTING MAY 1, 2026

Brand Name	Generic Name	Notes
Brilinta	ticagrelor	Brand moved to non-preferred

THE FOLLOWING DRUG HAS A CHANGE IN STATUS STARTING MAY 1, 2026

Brand Name	Generic Name	Notes
Entresto	sacubitril/valsartan	Quantity Limit removed

What should you do?

First, talk to your doctor. There may be other drugs that you can take instead. There are a few ways you and your doctor can find other drugs covered by your plan:

- You can look on our website at [HAPCareSource.com](https://www.hapcaresource.com). On the **Members** page, go to **Tools & Resources** and click on **Find My Prescriptions**.
- Call Member Services at **1-833-230-2053 (TTY: 711)**. We are open 24 hours a day, seven days a week.

We are here to help.

Sincerely,

HAP CareSource
