

# NETWORK *Notification*

**Notice Date:** June 1, 2026  
**To:** Medicaid and MICH Providers  
**From:** HAP CareSource  
**Subject:** The New HAP CareSource Provider Sourcing Tool  
**Effective Date:** June 1, 2026

---

## **Summary**

HAP CareSource has a new Provider Sourcing Tool. Our new Provider Sourcing Tool allows you, the provider, to view a service list, place bids on jobs and potentially receive a referral for those services you select.

## **Impact**

The new features enable you to select:

- The types of services you provide
- Where you offer those services
- Your preferred communication methods – text and/or email
- Add additional contacts, if desired

## **Importance**

By limiting your service type and location options, you will only receive texts or email notifications for jobs that interest you.

View the [Provider Sourcing Tool Quick Reference Guide](#) for step-by-step registration instructions.

## **Questions?**

Call HAP CareSource Provider Services:

Medicaid 1-833-230-2102
