**Effective Date:** June 15, 2023

## Summary

CareSource is working to align with the Department of Health and Human Services' (HHS) end of the Public Health Emergency (PHE) on May 11, 2023. This month, we are notifying our Marketplace and Ohio MyCare members that **effective June 15, 2023, certain copayment waivers that we put in place during the PHE will be removed.** As a result, members will again have copayment responsibilities for certain services.

## Impact

Effective June 15, 2023, providers may collect copayments for applicable covered services for CareSource Marketplace and Ohio MyCare members, with the exception of the services listed below:

- Laboratory tests for COVID-19. Note – over-the-counter tests *will* require a copayment effective June 15, 2023.
- COVID-19 vaccinations.

CareSource encourages providers to check the CareSource [Provider Portal](#) to verify payment responsibilities for each service.

## Importance

CareSource continues to watch federal and state guidance in response to COVID-19 trends. For more information on the ending of the PHE, please view the [Fact Sheet: COVID-19 Public Health Emergency Transition Roadmap](#) from HHS.
