

COVID-19 Testing & Vaccines

Your managed care plan (MCP) will cover all Medicaid-covered COVID-19 testing, treatment, and vaccinations without copays.

COVID-19 Testing

COVID testing locations can be found online at: coronavirus.ohio.gov/wps/portal/gov/covid-19/dashboards/other-resources/testing-ch-centers

COVID-19 Vaccination

The Ohio Department of Health (ODH) has developed a search tool for Ohioans to use to find a vaccine provider. The directory is searchable by county and ZIP code and displays providers currently receiving shipments of COVID vaccines. You can get information and vaccination locations at vaccine.coronavirus.ohio.gov/ or by calling the Ohio Department of Health toll free at 1-833-427-5634.

Your MCP can assist you in finding a testing or vaccination location in your community. They also can help with scheduling and transportation to the appointment. Contact your plan at CareSource.com/MyCare or by phone at: **1-855-475-3163** (TTY: **1-800-750-0750** or **711**), Monday – Friday, 8 a.m. – 8 p.m.

The Ohio Department of Health provides regular vaccination updates on the eligibility phases at: coronavirus.ohio.gov/wps/portal/gov/covid-19/covid-19-vaccination-program.

CareSource® MyCare Ohio (Medicare-Medicaid Plan) is a health plan that contracts with both Medicare and Ohio Medicaid to provide benefits of both programs to enrollees.
